They say that behind every great man is a great woman...but what if that woman is a Werewolf? Nomad's Journal is a supplement to the Terry Henry Walton Chronicles. This collection of short stories fills in some timeline gaps from the main series, adds

depth to some of the characters, and hopefully adds more color to TH & Char's universe. It is probably best read in conjunction with the series, taking care with the timeline to keep events in a chronological order. For those who don't want hints to the ending of Bethany Anne and Michael being back together, skip the added extra chapter at the end of the book! The reviews for Terry Henry Walton are amazing! "Darn if that wasn't one fine story. Craig Martelle has really out done himself in the final book in this leg of Terry Henry Walton's journey to the stars. Excellent from start to finish." "It's been a great ride from the beginning and the apocalypse to looking forward to the reunion of BA, Michael and all the TH family. I have thoroughly enjoyed every word I've read. Likely will need to start over and read them again before blasting off to the stars. Some apocalyptic books are depressing. End of the world and everything sucks. Great job on making it a different story. Hope, love, ingenuity, humor and a dang good story line." From the American Revolution where a Forsaken, a vampire named Joseph stood in the presence of Patrick Henry and the other founding fathers to the time when mankind prepares to leave Earth for the next great adventure, there's a little something for almost everyone. - Gene and Fu - Sue and Timmons - Joseph and Petricia - Kaeden and Marcie - Terry and Char - And more. Enjoy the stories. Enjoy the world where justice is mankind's most significant export.

A new evil lurks in the darkness. The crew is relieved by Dejoure's perplexing ability to soothe the monster, but that won't keep them safe for long. Precious Galaxy Coffee Company is under constant attack. Someone wants to take out the biggest giant in the galaxy. The team goes after the other databases only to learn something that changes everything. Vance is always one step ahead of them. Not all hope is lost. Hatch brings back a key crew member; someone who can help them defeat Monstre Corp. The last act of this heart-pounding series delivers a ton of action as Bailey and Lewis rush to save the crew before it's too late. Everyone's freedom is at stake. Vance would rather go down in a blaze, taking everything with him, then be defeated. Will they find the missing crew? Or will Monstre Corp end them all? Experience this exciting mystery sci-fi saga and the latest addition to the expanded Kurtherian Gambit Universe. If you're a fan of Dark Matter, Altered Carbon, or Star Wars, you'll love this riveting new space opera.

How far is too far to stop a threat? My first friend at Hawthorn was Dylan Khan. He's had the short end of the stick all year. After being dumped, he keeps getting into fights. On top of that, he's got to give service with a smile at the campus cafe. When a familiar gets poisoned, Dylan's the first suspect. Why are they blaming the air magus? Because it turns out he's an extramagus like me. But without my family history or connections, his abilities are unknown. The playing field's tilted against him. To clear his name, Dylan must endure a torturous test. I know he's innocent, but the witness won't come forward. How can I get justice for my friend? "I spent more than a couple of late nights reading through these stories to find out what was going to happen to my new friends!" - Michael Anderle, Best-Selling Author of The Kurtherian Gambit This series is for fans of Harry Potter, Jaymin Eve, and all academy books.

Chinese edition of Six suspects by Vikas Swarup, the author of Q & A adapted for the big Oscar winning Slumdog Millionaire. In Traditional Chinese.
