In its seventh edition, "Through the Eyes of a Child: An Introduction to Children's Literature" continues to be a visually stunning, theoretically sound, comprehensive overview of children's literature. It focuses squarely on selecting and evaluating quality literature to share with children and guiding them to appreciate and respond to that literature. This edition features multicultural literature and young adult literature in every chapter, expanded coverage of biographies and informational books and over 100 new children's titles referenced throughout. A children's literature CD-ROM accompanies the book and contains bibliographic information for thousands of titles, making it even easier to share quality literature with children and adolescents.
