

## 11th Std English Premier Guide

Official organ of the book trade of the United Kingdom.

Born as a Germanic tongue with the arrival in Britain of the Anglo-Saxons in the early medieval period, heavily influenced by Norman French from the 11th century, and finally emerging as modern English from the late Middle Ages, the English language has grown to become the linguistic equivalent of a superpower, and is now sometimes described as the world's lingua franca. Worldwide some 380 million people speak English as a first language and some 600 million as a second language. A staggering one billion people are believed to be learning it. English is the premier international language in communications, science, business, aviation, entertainment, and diplomacy and also on the Internet. It has been one of the official languages of the United Nations since its founding in 1945. It is considered by many good judges to be well on the way to becoming the world's first universal language. Author Philip Gooden tells the story of the English language in all its richness and variety. From the intriguing origins and changing definitions of common words such as 'OK', 'beserk', 'curfew', 'cabal' and 'pow-wow', to the massive transformations wrought in the vocabulary and structure of the language by Anglo-Saxon and Norman conquest, through to the literary triumphs of Beowulf, The Canterbury Tales and the works of Shakespeare. The Story of English is a fascinating tale of linguistic, social and cultural transformation, and one that is accessibly and authoritatively told by an author in perfect command of his material.

Tibet exerts a powerful fascination far beyond its borders; remoteness and the deeply pervasive character of Tibetan Buddhism have provided the setting for countless works of

This is a core text for all those on Sport Management and Sports Studies courses. It examines both traditional business elements and the new functional areas of management in sport. Key chapters on marketing, finance, entrepreneurship, and event management are included, and the book as a whole provides a critical understanding of the complex and dynamic relationship between sport, business and management. The reader is supported through accessible theoretical explanation, real-life examples and case studies, learning activities and guidance on further study.

The English Premier League (EPL) is one of the world's most valuable and high-profile sports leagues, with millions of fans around the globe. The 2016/17 season marked the 25th anniversary of the EPL, providing a unique opportunity to reflect on how it has contributed, both positively and negatively, to key developments in football – and in sport and culture more broadly – at local, national and global levels. Drawing on central themes in the social scientific study of sport, such as globalisation, celebrity, fandom, commercialisation, gender, sexuality and race, this book is the first to assess the historical development and current significance of the EPL. With original contributions from several of the world's leading football scholars, it provides in-depth case studies of the multifaceted role of the EPL in the contemporary world of sport, as well as
