None more so than that of its founding father Horace Whisker. Martin Parcell is an ex-journalist with shattered dreams of an author's career. Sidelined through a car crash's injuries, he finds himself forced through governmental austerity measures having to take a custodians position at a private mental health hospital. A writer with undoubted talent, but an author without a story. He begins his new job deep in depression and drowning under waves of his lost dreams. On his first night he meets Jimmy, his elderly supervisor who has spent most of his life within the hospital walls. Jimmy is nearing retirement age and desperate to rest his weary bones. Jimmy offers Martin a way out for both of them, access to the background histories and stories of the hospital's patients. A collection of 13 tales from the darkly disturbed minds of the residents of Blackwater Heights. As the long night unwinds, Martin finds himself deeply troubled as the tales unfold before him and threaten to drag him down into their insanity.

DEATH "Noun: the action or fact of dying or being killed; the end of the life of a person or organism." It's the only certain thing in life. A journey every living creature is forced to take. It cannot be eluded, and there's no escaping its fatal claws. It's the one constant in every religion that cannot be proved wrong...death will find everyone. But what if death is not the end? This is a collection of stories bound to make you question every belief, filling in the blanks of the unknown. Whether it's the woman scorned finally given a chance for revenge after death, or an evil force trapping generations of a single family in a home for eternity-these are the deadly tales told from the grave. Do not think it's over when the Grim Reaper comes to call. Death is not the final masquerade. 13 is Resurrected... Are you afraid?
