Everybody waits. We wait for a spouse, wait for a baby, wait on our children, wait for our parents. We wait for clarity and direction. We wait on a job, a promotion, a new direction. We wait for hope, for healing, and for miracles. We wait on God. And when we misunderstand what waiting is about, we can get confused about what God is up to. Waiting is one of God's favorite tools. He can do certain things in our hearts, our lives, and our relationships while we wait—things we cannot experience once we've opened the gift we have been waiting for. So just you wait, because everyone takes their turn in the waiting room. It's a long and painful fact of life, but shortcuts and microwaves aren't the answer. God is at work behind the scenes in invisible ways you can't see . . . yet. Just you wait and see how ready you'll be if you spend your waiting well. Because when your opportunity comes, you don't want to spend more time on the bench. When you wait well, you can say, "Look out, world: I am getting ready to shine. Just you wait." In these pages, Tricia discusses the joy hidden in the discipline of waiting, and the practices of believing God is for you and working on your behalf, even when the work of His hand is hard to find.

In the last four years, the Chief Judge's office at the Office of Medicare Hearings and Appeals has squandered millions of your tax dollars. Those self-indulgent ways created a crisis for healthcare providers and suppliers, and anyone whose doctor's claims for payment are denied by Medicare. Hurry Up and Wait relies on the perspective its author gained presiding over more than 3,500 Medicare hearings as an administrative law judge. It gives an overview of Medicare, explains the appeal process, shows how poor management at OCALJ and poor work by CMS contractors created a 600,000 case backlog, analyzes proposals to fix the problem, provides real solutions, and issues an impassioned and practical call to action to make much needed changes in the system. "Honesty and humor are the hallmarks of his work" - John Rehner A portion of the proceeds are donated to worthy causes, such as the Center for Medicare Advocacy, and Save Lakewood Hospital.

I Corps, Republic of South Vietnam, bloody 1968 Live the harrowing highs and traumatic lows of one marine youth who finds his seven-month "in country" war-weary self carrying a field radio burden for a suspect glory-minded forward observer artillery officer who'd yet to learn the undeclared war was a government sham, a political ruse that would one tragic day force the FO team's "command structured" relationship to a "who's responsible" head over a short round of friendly artillery, which put their field commander permanently out of action. The resolve-testing war with the North Vietnamese Army, the near immobilizing, ever-swelting jungle mountains and sandy flatlands, the thought-friendly villages, the two of our people executed, the four enemy prisoners executed in turn, as well as President Johnson's bombing halts and retaking enemy positions are the nerve-pickling building blocks shackled themselves together like a confrontation-packed novel about combat-weary vets not taught to run from a political fight either. Experience the combative days, literally sweat the chancy nights, devour the popular songs . . . when lucky enough to hear such haunting "sounds" as "Get Off My Cloud" by the Rolling Stones. For one can't simply "throw their rifle down and quit!" The corps will toss said shameless in the brig for untold years; though a panicked one can steal away into the masking jungle and surrender, yet hard-core enemy will put a bullet through a deserter's enlisted head like a pesky bunker rat, unless one's a commissioned officer, then the VC "might" keep said alive as a "peace"-bargaining chip. One may understand the historic reason why many the combat marine during such oh-so-questioning times likened themselves to the politically used, if not correct, title of Uncle Sam's misguided children—know what it's truly like to stalk and be stalked, kill or be killed, fear and be feared.

Operation Hump, the first major battle between the U.S. Army and the Viet Cong and North Vietnamese forces, took place November 5-9, 1965, in South Vietnam's War Zone D. Known as "The Hump," it would change the nature of the war, escalating it from a hit-and-run guerrilla conflict to a bloody contest between Communist main force units and American commands of battalion size or larger. This memoir of an Operation Hump survivor begins with the sequence of events leading up to the battle, from the French defeat at Dien Bien Phu in 1954. Drawing on official Army documents and the recollections of fellow combatants, the author not only describes the battle in detail but explains the war's basis in fabrications at the highest levels of the U.S. government. His experiences with PTSD after the war and his eventual return to Vietnam in the 1990s are included.
