Baby Boomers have relied on wisdom to pave the way to success. Education, knowledge, investing strategies, 401ks, real estate leverage and carefully contrived career paths were expected to lead to success in one's golden years. Seeing the overall failure of that formulaic approach to life, younger generations today have relied on passion as the guiding principle for their version of success. And yet both are necessary. Regardless of age, those using wisdom only to achieve their goals are likely to end up disappointed and unfulfilled-feeling as though they have been chasing empty rainbows. Those trusting passion alone may lose the power of wisdom and end up underachieving, falling short of their potential and unable to attain their worthy goals. Wisdom without passion is a Ferrari with no gas in the tank. Passion without wisdom is a tricked out 57 Chevy with no steering wheel. In *Wisdom Meets Passion*, bestselling author Dan Miller and his entrepreneurial son Jared Angaza show how to blend the two-equipping you to accomplish your greatest goals, experience the thrill of fulfilling relationships, create meaningful work, and to complete your purpose and calling here

But you don’t expect to enjoy your work—you just do what has to be done. Only now you’re seeing that even loyalty and dependability bring no guarantees. The author and her eight-year-old granddaughter, Clara, explore the world of their imaginations in this unique children's book illustrated by Clara. What if it were possible . . . for a dog to climb a tree? What if it were possible to climb like you and me? What if pretty butterflies could spread their wings and swim? And elephants could wear their trunks while working out at gyms? Anything can happen if you think it might. In your imagination, ANYTHING is RIGHT! Eight-year-old Clara has a vivid imagination. One day while visiting her Yia-Yia, author Joanne Miller, they watched Clara's dog, Harley, desperately try to climb a tree to get a squirrel. Then Joanne asked Clara a provocative question: "What if it were possible for a dog to climb a tree?" And the rest is history. Joanne and Clara had lots of giggles coming up with crazy lines for this book, and Clara drew each illustration with water color pencils. Clara and her Yia Yia don't believe play and imagination are only for children. In *What If It Were Possible?* they demonstrate the limitless wonders we can discover in our minds.
