This dark beauty was no ordinary woman. Born from the pure flames of a sacred fire, Draupadi was devoted wife to the five famously talented and virtuous Pandava brothers. The evil Kauravas wanted her for themselves, and eyed the Pandava kingdom as well. Raging at their impertinence, and ranting at her husbands' helplessness, Draupadi inspired a deadly war which wiped out the Kaurava scourge for ever. In the aftermath of America's centennial celebrations of 1876, readers developed an appetite for chronicles of the nation's past. Born amid this national vogue, the field of American literary history was touted as the balm for numerous "ills"—from burgeon

Stroll through any public park in Brooklyn on a weekday afternoon and you will see black women with white children at every turn. Many of these women are of Caribbean descent, and they have long been a crucial component of New York's economy, providing childcare for white middle- and upper-middleclass families. *Raising Brooklyn* offers an in-depth look at the daily lives of these childcare providers, examining the important roles they play in the families whose children they help to raise. Tamara Mose Brown spent three years immersed in these Brooklyn communities: in public parks, public libraries, and living as a fellow resident among their employers, and her intimate tour of the public spaces of gentrified Brooklyn deepens our understanding of how these women use their collective lives to combat the isolation felt during the workday as a domestic worker. Though at first glance these childcare providers appear isolated and exploited—and this is the case for many—Mose Brown shows that their daily interactions in the social spaces they create allow their collective lives and cultural identities to flourish. *Raising Brooklyn* demonstrates how these daily interactions form a continuous expression of cultural preservation as a weapon against difficult working conditions, examining how this process unfolds through the use of cell phones, food sharing, and informal economic systems. Ultimately, *Raising Brooklyn* places the organization of domestic workers within the framework of a social justice movement, creating a dialogue between workers who don't believe their exploitative work conditions will change and an organization whose members believe change can come about through public displays of solidarity.

'It is singular, that my having spent a winter with one of the most dissipated women in England should have sobered my mind so completely.' Maria Edgeworth's 1801 novel, *Belinda*, is an absorbing, sometimes provocative, tale of social and domestic life among the English aristocracy and gentry. The heroine of the title, only too conscious of being 'advertised' on the marriage market, grows in moral maturity as she seeks to balance self-fulfilment with achieving material success. Among those whom she encounters are the socialite Lady Delacour, whose brilliance and wit hide a tragic secret, the radical feminist Harriot Freke, the handsome and wealthy Creole gentleman Mr Vincent, and the mercurial Clarence Hervey, whose misguided idealism has led him into a series of near-catastrophic mistakes. In telling their story Maria Edgeworth gives a vivid picture of life in late eighteenth-century London, skilfully showing both the attractions of leisured society and its darker side, and blending drawing-room comedy with challenging themes involving serious illness, obsession, slavery and interracial marriage.

Catherine had received cruise tickets, apparently as some sort of prize in a contest. She had decided not to go when a near death

tragedy changed her life forever. The experience made her realize how much of life she'd been missing. Ever since she was a child, fate had tried to weave her into the fabric of her destiny. Now it seemed that time had finally caught her and Catherine would become embroiled in an age-old mystery that she must either solve or share the fate of so many before her!

Anglo-Saxon England is the only publication which consistently embraces all the main aspects of study of Anglo-Saxon history and culture - linguistic, literary, textual, palaeographic, religious, intellectual, historical, archaeological and artistic - and which promotes the more unusual interests - in music or medicine or education, for example. Articles in volume 35 include: Record of the twelfth conference of the International Society of Anglo-Saxonists at Bavarian-American Centre, University of Munich, 1-6 August 2005; Virgil the Grammarian and Bede: a preliminary study; Knowledge of whelk dyes and pigments in Anglo-Saxon England; The representation of the mind as an enclosure in Old English poetry; The origin of the numbered sections in Beowulf and in other Old English poems; An ethnic dating of Beowulf; Hrothgar's horses: feral or thoroughbred?; 'thelthryth of Ely in a lost calendar from Munich; Alfred's epistemological metaphors: eagan modes and scip modes; Bibliography for 2005.

Explores black women writers' treatment of the ancestor figure. The Grasp That Reaches beyond the Grave investigates the treatment of the ancestor figure in Toni Cade Bambara's *The Salt Eaters*, Paule Marshall's *Praisesong for the Widow*, Phyllis Alesia Perry's *Stigmata* and *A Sunday in June*, Toni Morrison's *Beloved*, Tananarive Due's *The Between*, and Julie Dash's film, *Daughters of the Dust* in order to understand how they draw on African cosmology and the interrelationship of ancestors, elders, and children to promote healing within the African American community. Venetria K. Patton suggests that the experience of slavery with its concomitant view of black women as "naturally dead" has impacted African American women writers' emphasis on elders and ancestors as they seek means to counteract notions of black women as somehow disconnected from the progeny of their wombs. This misperception is in part addressed via a rich kinship system, which includes the living and the dead. Patton notes an uncanny connection between depictions of elder, ancestor, and child figures in these texts and Kongo cosmology. These references suggest that these works are examples of Africanisms or African retentions, which continue to impact African American culture.

Animals and Women is a collection of pioneering essays that explores the theoretical connections between feminism and animal defense. Offering a feminist perspective on the status of animals, this unique volume argues persuasively that both the social construction and oppressions of women are inextricably connected to the ways in which we comprehend and abuse other species. Furthermore, it demonstrates that such a focus does not distract from the struggle for women's rights, but rather contributes to it. This wide-ranging multidisciplinary anthology presents original material from scholars in a variety of fields, as well as a rare, early article by Virginia Woolf. Exploring the leading edge of the species/gender boundary, it addresses such issues as the relationship between abortion rights and animal rights, the connection between woman-battering and animal abuse, and the speciesist basis

for much sexist language. Also considered are the ways in which animals have been regarded by science, literature, and the environmentalist movement. A striking meditation on women and wolves is presented, as is an examination of sexual harassment and the taxonomy of hunters and hunting. Finally, this compelling collection suggests that the subordination and degradation of women is a prototype for other forms of abuse, and that to deny this connection is to participate in the continued mistreatment of animals and women.

This book explores Evelyn Underhill's spirituality for daily living by describing aspects of her life and writings that are relevant for contemporary Christians in their daily living. It combines scholarly research and pastoral applications. The first part focuses on three influences on her life: experiences and images, her study of the mystics, and her work with spiritual guides. The second part discusses Underhill's spirituality for daily living based on a study of her letters, retreats, and other spiritual writings. The third part presents her legacy for the third millennium: her study of mysticism, her spiritual guidance, and her spirituality for daily living. This work highlights aspects of her life with which readers may identify, for example: her own return to the Anglican communion after fourteen years; her ecumenical dialogue with the Orthodox church and her lifelong attraction to the mystical and sacramental aspect of Roman Catholicism; her study of Sufi mystics bringing her into interfaith dialogue; her pacifist stance in World War II; and her prophetic contribution to the Anglican church as a woman spiritual director, retreat preacher, theologian, spiritual writer, and spiritual resource for today.

Brazen, uproarious, slyly prescriptive, and always entertaining, Ali Adler is a sex and relationship guru who knows what women want. As a gay woman, she has both the equipment and the experience to give straight men (and the women who love them) advice on both how to get more sex and how to get this job done right. In her day job as a comedy writer and TV producer, Ali is sometimes the only woman in a room full of comedy writers. She became legendary for offering frank, sometimes insightful, often bossy reality checks and for translating female sexuality into words a man could understand. In her book, *How to F*ck a Woman — 20 percent explicit instructions, 80 percent relationship advice, and 100 percent hilarious — she brings together essential advice for men (even the ones who insist they could write this book) and the women who want their lovers to truly understand them, both mind and body.* With illustrations by New Yorker cartoonist Liza Donnelly.

Includes glossary and interview with the author.

First published in 1927, this novel tells the story of an indomitable woman who serves for almost 80 years as a caretaker, first to her parents, then to her siblings, her children, and ultimately, her grandniece to whom she passes on her metaphoric vision of women of women as "islanders."
