Whatever the reason we all have had musical influences throughout our life and some we have deliberately chosen whilst others have crept in because we watch television and listen to the radio. We also have been subjected to other musical influences from shops, restaurants, churches, dance halls and anyone whistling or singing near us. Why was it almost impossible to remember Shakespeares quotations when I tried to learn them for school yet I can remember words to songs without even trying to memorise them? As someone who has made a living from playing music for others to listen to it has interested me greatly to find out whether any of the records which have made the popular music charts has had a greater influence on me than I have realized. I will also try to remember the words to the songs I heard in my younger years without using either reference books or a safety net! I will also attempt to put the music in some kind of time frame looking at what else was happening aside from the music. I will also identify how my own appreciation of music has evolved and that charts become less important with age. This will be the basis of a large part of my book. I will also try to show that I have had to show a good amount of true grit and determination in order to eventually find the job I had always wanted from my childhood days of listening to Radio Luxembourg and Radio Caroline. Moreover, it takes a lifetime to really see your priorities. Join me

A brilliant first novel by Jeff Farrell, grandson of literary juggernaut James T. Farrell. In the spirit of Celine, with the prose of Tolstoy and the anguish of Solzhenitsyn, comes a contemporary tale like no other. Reality, really bites, so to speak. Meet the gentle, but developmentally disabled maintenance worker who had spent the formative years of his life being beaten by his resentful,

racist mother. Meet the prostitute who falls in love, despite the irony of the concept. Meet the two brothers who run a local rendering plant and are just pure evil. And meet two twenty-something couples living together in an apartment, struggling with drugs, loss and each other. Then hold on as everything crashes together, then crumbles in the end to all start the cycle over again. The memories of childhood range from moments of terror to helpless laughter. John Cupis is of small stature but breaks free of "the apron strings" at an early age, especially when the family moves west from Staines to Reading in the autumn of 1944. Here, the harsh environment of a Grammar School education further convinces John Cupis that you must work things out for yourself. This momentous decision is leavened only by the hilarious activities of boyhood. On leaving school Mr. Cupis becomes an engineer apprentice in a North London aircraft factory, a sharp contrast to his erstwhile comfortable middle class background. Here there are moments of deprivation, tragedy and further hilarity. In response to his Mentor, Sir Frederick Handley Page, Cupis learns to fly, giving rise to tense moments and humorous incidents both horrific and exhilarating. When the manipulations of Duncan Sandys MP destroy his Mentor and the company of Handley Page Ltd. has to close down, Cupis is forced to seek his fortune elsewhere in industry. Thus he meets his wife, Jackie. She is a teenage girl who has been adopted from birth by a fishmonger and his wife. Jackie is told by her adopted mother that they wanted a boy but have to "make do" with a girl. An arranged marriage with a

He probes the history of homelessness from a variety of

angles, showing why people become homeless; how charities and public authorities dealt with this social problem; and the diverse ways in which different class, ethnic, and racial groups perceived and responded to homelessness. Kusmer demonstrates that, despite the common perception of the homeless as a deviant group, they have always had much in common with the average American. Focusing on the millions who suffered downward mobility, *Down and Out, On the Road* provides a unique view of the evolution of American society and raises disturbing questions about the repeated failure to face and solve the problem of homelessness.
