A Clear Blue Sky A Remarkable Memoir About Family Loss And The Will To Overcome

A Clear Blue Sky

From the USA Today Bestselling Author of LAST WORDS Very few people can say they were born inside a concentration camp during the Holocaust. Disease, starvation, and much worse, prevented most prisoners from surviving. For infants, it was nearly impossible. I became an anomaly. I shouldn't be alive. As a child, I didn't know my life was different from that of others. I had nothing to compare it to, and I had no insight about the day I was born ... until the moment I overheard the truth. In a split second, I became a stranger to my reflection, my name, and my reason for being. I was not Annie anymore, and the people raising me were not my parents. Even the blue sky I cherished became an unfamiliar sight. I felt utterly alone in a foreign world, but that changed when I met another person who was lost, like me. Fisher offered his hand to hold and began to prove his theory of, "When two missing people find one another, they can consider themselves found." Fisher enlightened me, and through him, I gained a deeper understanding of life. Now, I know there are two sides of the beautiful, blue sky.

Set in the 1970s, *The Blue Sky Door* follows Stewart, who deserts his girlfriend, leaves his job and departs for the Highlands of Scotland. Here, he meets and connects with a mysterious young woman, Melanie, who lives on a mountainside. His arrival is resisted by some of the villagers and he struggles for acceptance. As his bond with Melanie grows, she becomes more resentful of anything that takes him away from her. While Stewart is open about his past, Melanie reveals very little about her own background – and the arrival of Stewart's ex-girlfriend adds fuel to the fire. Are the odds against them just too overwhelming? The mountains symbolically represent the struggles Stewart faces, and the truths that he must accept, as well as providing a stunning backdrop to this novel about humanity, love and morality.

with her grandparents, Ernest and Marie, in an idyllic little town known simply as 'the meadows.' Her day to day life is happy, but routine: that is until her grandparents' former foster daughter Jenny comes back to town. Jenny has regrets about the way she has been living her life in the city, and has returned to reconnect with her true self and those who love her the most. Ernest and Marie have plans for Jenny and Susan, but Jenny is haunted by a past that she can't seem to leave behind. Beyond the Clear Blue Sky asks: can we go home again? And if we do, will we be redeemed?

Rebecca is thirty-five, single and working for her uncle in a chemical warehouse. The terrifying nightmares have started all over again. She cannot stop dreaming about Him. Him. An ape-like creature who saved her life as a child when she snuck off into the woods alone. In secret, they became the best of friends. But who was he? One night, disaster strikes when Rebecca's father goes hunting for Him in the woods and is tragically killed. Rebecca believes He is responsible, but the murder is pinned on someone else. Even today, after all her therapy sessions, Rebecca still insists He killed her father. For the sake of her sanity she needs to find out for sure. Was He even real? Her quest for answers takes a sinister turn, and she finally returns home to seek the truth. But what she uncovers turns out to be more horrific than any nightmare she could ever imagine.

Are you one of those craving for stories that light fires and push buttons? Here's introducing a dazzling fiction story. The book *Liberty: Romance Out of a Clear, Blue Sky Book 1* (by Kenneth S. Sumerford) is about science, evolution, intelligent design, romance and the nature of God. Liberty Adair is recovering from her broken marriage and even has questions about God, science and her future. She is a beautiful and smart woman who is a Christian and unexpectedly meets an atheist college professor. They are worlds apart, but they both need love and have disturbing questions about science and God. Ernest is secure and successful until he is almost killed by a heart attack at age 39. Liberty was divorced from her husband one year ago and now wonders if her life is rich with meaning, or is her life without direction and purpose? Ernest believes that modern science has replaced beliefs in God. Liberty is researching evolution and intelligent design to answer some burning questions. At age 29, how can she be sure of what is real and what are outdated religious beliefs? Can the dead live again when their bodies are destroyed? How does the Creator interface with humans?
