Charting the rise and development of Christianity, Carter Lindberg has succeeded in writing a concise and compelling history of the world's largest religion. He spans over 2,000 years of colorful incident to give an authoritative history of Christianity for both the general reader and the beginning student. Ranges from the missionary journeys of the apostles to the tele-evangelism of the twenty-first century. Demonstrates how the Christian community received and forged its identity from its development of the Bible to the present day. Covers topics fundamental to understanding the course of Western Christianity, including the growth of the papacy, heresy and schism, reformation and counter-reformation. Includes an introduction to the historiography of Christianity, a note on the problems of periodization, an appendix on theological terms, and a useful bibliography. An authoritative yet succinct history, written to appeal to a general audience as well as students of the history of Christianity. Written by internationally regarded theologian, Carter Lindberg, who is the author of numerous titles on theology and Church history.

An introduction to the core Christian doctrines, the historical context in which they arose, and their ongoing importance to contemporary Christian belief and practice. Justo González has long been recognized as one of our best teachers and interpreters of the church's belief and history. In this new volume he lays out the answers to three questions crucial to understanding the Christian tradition: First, what are the core Christian doctrines? What ideas and convictions form the heart of Christian identity? Second, Where did these doctrines come from? What are the historical contexts in which they first rose to prominence? How have they developed across the history of the church? Finally, what do these doctrines mean today? What claims do they continue to place on Christian belief and practice in the twenty-first century? Written with the clarity and insight for which González is famous, *A Short History of Christian Doctrine* will serve the needs of students in church history, historical theology, and systematic theology classes in college/university settings, as well as seminaries/theological schools.

The History of Christianity - From the birth of Christ to the abolition of paganism in the Roman Empire. Vol. 1 is an unchanged, high-quality reprint of the original edition of 1872. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which

has become rare and historical knowledge for the future. Amanda Porterfield offers a survey of ideas, rituals, and experiences of healing in Christian history. Jesus himself performed many miracles of healing, and Christians down the ages have seen this as a prominent feature of their faith. Indeed, healing is one of the most constant themes in the long and sprawling history of Christianity. Changes in healing beliefs and practices offer a window into changes in religious authority, church structure, and ideas about sanctity, history, resurrection, and the kingdom of God. Porterfield chronicles these changes, at the same time shedding important new light on the universality of religious healing. Finally, she looks at recent scientific findings about religion's biological effects, and considers the relation of these findings to ages-old traditions about belief and healing.

Describes the first 1,000 years of Christian history, from the early practices and beliefs through the conversion of Constantine as well as documenting its growth to communities in Ethiopia, Armenia, Central Asia, India and China.

A modern classic, *A History of Christian Theology* offers a concise yet complete chronicle of the whole of Christian theology, from its background in the history of Israel to the liberation and postliberal theologies of recent years. This updated thirtieth anniversary includes expanded treatments of theological developments at the end of the twentieth century, and preliminary trajectories for theology in the twenty-first century. It also includes updated bibliographies and revised chapters on important innovations in biblical studies, and their impact on theology. This updated and revised edition will continue to aid the work of both students and faculty for years to come. William C. Placher is to be congratulated for having done what many would have considered impossible. In slightly more than 300 pages he has chronicled the whole

of Christianity has been told as the triumph of orthodox doctrine imposed through power. Now, historian Diana Butler Bass sheds new light on the surprising ways that many Christians have refused to conform to a rigid church hierarchy and sought to recapture the radical implications of Jesus's life and message.

Excerpt from *The History of Christianity, Vol. 1* You cannot understand the history of the first centuries of Christianity, the phases through which it passed, the heresies which sprang up around it, the changes which it underwent, unless you first make yourself acquainted with the anterior or contemporaneous doctrines and religions. Nothing is insulated in the destinies of our race it is by the past that the present is explained and the future unveiled. Most of the ancient forms of worship seem to be derived from a common origin. You find in that common origin, with some slight exceptions, the same theogonies, the same cosmogonies, the same religious institutions. Mosaism, although distinguished from the rest by the purity of its conceptions, nevertheless took from them divers ceremonies and ordinances. In the last ages preceding the Christian era the Israelites, brought into contact with other nations by the captivity and by voluntary dispersion, adopted, under the influence of traditions and commentaries of old unknown, opinions which their sacred books do not contain, or at least do not declare in an explicit

manner. Christianity in its turn coming, in its earliest days, forth from Judea to establish itself in the midst of polytheistic populations, failed to keep itself free from the influence of that medium, in the degree in which it spread abroad it borrowed more or less according to the position of each Church or each group of Churches, from their philosophy, their rites, their superstitions. Christianity claims the allegiance of up to a third of the world's population and has had a profound impact on almost all the rest. In his accessible and comprehensive history, leading authority David Chidester examines the key doctrines and developments, from the ancient origins of Christian beliefs and practices during the first five centuries, through the historical transitions of the mediaeval

Where To Download A History Of Christianity

and Byzantine era, to the global transformations of Christianity in the modern world. Alongside this broad panorama is a richly human story which the author encapsulates in incisive character sketches and historical vignettes.

Excerpt from *The History of Christianity, From the Birth of Christ to the Abolition of Paganism in the Roman Empire* For clergymen, also, and for all who cultivate sound theological learn. Ing, this work will be valuable. Though not embracing the whole ground of Church History, and, therefore, not meeting all their necessities, it takes up many subjects of no small importance, and treats them in a very able and interesting manner. On most of the topics which come within the range of his plan, Mr. Milman makes good use of what he justly de. Nominates the unwearied industry, the universal command of the litera. Ture of all ages and all countries, and the boldness, sagacity, and impar tiality in historical criticism of the modern German writers and he in. Genuously acknowledges himself under too much obligation to them not Openly to express his gratitude. Yet he is far from adopting all their conclusions. He is aware of the wild aberrations to which they are ia eident, and he is sedulous, and, for the most part, successful in selecting from them only what appears sound and valuable. Among the subjects of interest to theologians which Mr. Milman has discussed, are, the character of the different

A Secret History of Christianity Jesus, the Last Inking, and the Evolution of Consciousness Christian Alternative Christianity is the most global of all religions. However, most books on the subject fail to do justice to the history of Christianity outside Europe and North America. This prodigious work provides the first genuinely global one-volume study of the rise, development, and impact of the Christian faith. Ideally suited for classroom study as well as for independent reading, this volume will serve as the definitive study of Christian history for the coming generation worldwide.

A stunning scholarly achievement, Moffett's History of Christianity in Asia reveals how Christianity took roots in Asia against incredible odds.

The text is intended to be helpful to a student with no history background. The book is divided into two parts. The first deals with theoretical issues such as the need for church history, how you write about God as a cause of events, and objectivity in historical research. The second is more practical in nature, and deals with the types and use of sources, documentation, and types of historical research. The appendices provide helpful information on terms, how to use church history in a local church, and how to write a local church history. --from publisher description

The New York Times bestseller and definitive history of Christianity for our time—from the award-winning author of *The Reformation and Silence* A product of electrifying scholarship conveyed with commanding skill, Diarmaid MacCulloch's *Christianity* goes back to the origins of the Hebrew Bible and encompasses the globe. It captures

Where To Download A History Of Christianity

the major turning points in Catholic, Protestant, and Orthodox history and fills in often neglected accounts of conversion and confrontation in Africa, Latin America, and Asia. MacCulloch introduces us to monks and crusaders, heretics and reformers, popes and abolitionists, and discover Christianity's essential role in shaping human history and the intimate lives of men and women. And he uncovers the roots of the faith that galvanized America, charting the surprising beliefs of the founding fathers, the rise of the Evangelical movement and of Pentecostalism, and the recent crises within the Catholic Church. Bursting with original insights and a great pleasure to read, this monumental religious history will not soon be surpassed.

This book presents an outline of recent developments and approaches in Christian historiography. It reviews and assesses four important contributions by non-African historians to the field of study, Baur, Isichei, Hastings and Sundkler. The author, former head of Religious Studies at the University of Zimbabwe, argues that African historians/Christians are bringing fresh perspectives to the study of African Christianity and Christian history, and that the future of historiography of Christianity in Africa lies in an open and critical dialogue between African and non-African perspectives.

The third edition of *Christianity Through the Centuries* brings the reader up-to-date by discussing events and developments in the church into the 1990s. This edition has been redesigned with new typography and greatly improved graphics to increase clarity, accessibility, and usefulness. - New chapters examine recent trends and

Where To Download A History Of Christianity

developments (expanding the last section from 2 chapters to 5) - New photos. Over 100 photos in all -- more than twice the number in the previous edition - Single-column format for greater readability and a contemporary look - Improved maps (21) and charts (39) Building on the features that have made *Christianity Through the Centuries* an indispensable text, the author not only explains the development of doctrines, movements, and institutions, but also gives attention to "the impact of Christianity on its times and to the mark of the times on Christianity."

This book is a history of Christianity from its earliest beginnings to the end of the twentieth century. The book provides students with an introduction to the many persons, places, movements, and events necessary for the telling of our story, the story of the Church. This history of Christianity is told in its essentials, simply and straightforwardly for students with little or no experience in the academic study of religion. It is a story told within the complex contexts of larger world events and world cultures, but defined and simplified by attention to those developments which have proven most influential for the past and present shaping of Church thought and practice. The book is a comprehensive and definitive introduction to the history of Christianity. It provides students with the necessary outline and description of the broad sweep of movements and periods in this history, but it also pauses at important points to provide details about the lives of Christians as lived at various times and in various locations. This story is told in easy-to-understand prose and with illustrative photographs,

Where To Download A History Of Christianity

maps and charts.

The forgotten story of Christianity, inward sight and life in all its fullness today.
