

## A Practical To Labor And Delivery For Medical Students And Residents

Discusses natural childbirth, traces the course of a normal pregnancy, and looks at the father's role in labor and post-natal care  
The development of the welfare state has been accompanied by greater freedoms being granted to workers in industrialized capitalist countries. The themes of this volume concern how governments, trade unions, and workers have acted to promote economic growth and economic accountability with active industrial or worker self-management policies. The key dimensions of economic, social, and political change in the United States, the United Kingdom, France, Germany, and Sweden are analyzed in the book's essays--focusing on workplace reforms and economic management in a variety of national settings.

Good, No Highlights, No Markup, all pages are intact, Slight Shelfwear, may have the corners slightly dented, may have slight color changes/slightly damaged spine.

Includes the union's proceedings
