

supposed apprenticeship with a Yaqui Indian sorcerer named Don Juan. While academic critics contend Castaneda invented Don Juan, believers say the fog surrounding his existence express the very ideals that Castaneda attributed to his apprenticeship. Little is known of the Peruvian claiming to be Don Juan's apprentice, but in addition to leading a generation into a mystical otherworld, Carlos Castaneda was also a man. Married to him for thirteen years was Margaret Runyan Castaneda. A Magical Journey with Carlos Castaneda reads partly like a love story, partly like a tell-all account of a celebrity writer. Margaret Castaneda concentrates on the years leading up to her marriage in 1960. It was then Margaret and Carlos explored many of the ideas -- from controlling dreams to using hallucinogenic mushrooms -- that he claims to have learned from Don Juan. Nevertheless, Margaret Castaneda believes her husband was indeed a sorcerer, and she still loves him. She insists Castaneda's academic critics miss the point. "I'm willing to accept Don Juan as a spiritual teacher, and it really doesn't matter if he's not real." But the role she claims -- in developing the ideas Carlos purports to be Don Juan's -- ought to be recognized, she says, so she wrote this book.

Everyone knows that women have always been the gatekeepers of sex in our society. The Last Horizon presents the history, psychological descriptions, and sociological mores of this phenomenon from a perspective never before analyzed. Introduce yourself to the controversial psychosocial theory of The Class System. Consider yourself classified. For women: This book will help you weed out the jerks, jackasses, gays, and narcissists from the more desirable men you can see on your horizon. Just use The Man Test to order one up to your specifications. Your prescription man is waiting for you to find him. For men: Get a better understanding of the difficult modern culture in which you are expected to survive with little help from the current state of American leadership. Learn what women really want in a man and how to speak and understand the exotic language of the modern American woman. The Last Horizon offers you a new way to face the rest of your life. The Class System offers a description of American society that you have encountered every day of your life, but the explanation has remained invisible to your eyes until now. You are being offered a detailed analysis of those elements of your personality and those of everyone around you. These issues may have been affecting every decision you have made throughout your life. Now you have the opportunity to better understand those choices.

Thirty years ago, the University of California Press published an unusual manuscript by an anthropology student named Carlos Castaneda. "The Teachings of Don Juan" initiated a generation of seekers dissatisfied with the limitations of the Western world view, embarking on a remarkable journey that has left an indelible impression on more than a million readers around the world. This concise supplement to Carlos Castaneda's The Teachings of Don Juan helps students understand the overall structure of the work, actions and motivations of the characters, and the social and cultural perspectives of the author. This volume also covers "A Separate Reality" and "Journey to Ixtlan."

"Throughout history, humans have always been fascinated by drugs and altered states. Despite the risk of addiction, many have used drugs as technologies to induce moments of meaning-making transcendence. This book traces the quest for transcendence and meaning through drugs in the modern West. Starting with the Romantic fascination with opium, it goes on to chronicle the discovery of anesthetics, psychiatric and religious interest in hashish, the bewitching power of mescaline and hallucinogenic fungi, as well as the more recent uses of LSD. It fills a major gap in our understanding of contemporary alternative and in the study of countercultures and popular culture. Today we are seeing increased social and scientific attention to both the positive and the negative effects of psychoactive drugs, particularly following the legalization of marijuana for medicinal and/or recreational use in some US states, as well as court cases involving the sacramental use of drugs. This fascinating and wide-ranging exploration of the controversial relationship between drugs and spirituality could not be more timely." [source : éditeur].

A theme throughout My Universe is that our consciousness exists simultaneously in transcendent and material domains. The gift and power of transcendent consciousness is that we apparently share it with extraterrestrial beings everywhere in the cosmos. Author Vary describes sub-quantum hyperspace phenomena that enable and mediate our communion with extraterrestrials. These reflections prompted Vary to muse that in this sense we are all extraterrestrials. Our consciousness transcends the material and elevates and entwines our spirits. My Universe - A Transcendent Reality is a literary work with profound technological and teleological overtones. Vary's prophetic prose-poetry essays combine physics, metaphysics, cosmology, theology, and philosophy. He offers extraordinary radical ideas that can expand our dominion over nature and promote self-realization. Vary's book differs from others of its genera because it presents a rational basis for understanding the transcendent reality that influences our lives and by which we can enhance our interpersonal relations and infinite potentials. My Universe describes the foundation for perceiving a transcendent reality with quantum phenomena which we may experimentally observe as evidence of the intertwining of the transcendent and material. From this foundation we may realize transcendent communications with extraterrestrial beings. This is because there is a bond between transcendent reality and material reality, between transcendent human consciousness and extraterrestrial reality; which are seemingly separated only by a tenuous hyperspace interface that may be traversed by advanced human techniques. Describes paradigms that enable and implement our transcendent consciousness and our relation to and contact with extraterrestrial worlds and beings. Gives entertaining, provocative clarification of great ideas in cosmology, philosophy, theology, sociology, evolution, metaphysics, and sub-quantum physics. Speaks to all cultures: innovators, writers, poets, artists, scientists: explains the nature of our world, so that we may better apply our infinite potentials. Promotes broadening of one's spiritual self-realization: challenging, revolutionary, transformational, and inspiring - needed in this crucial juncture of time. Suggest transcendent control of nature through sub-quantum phenomena and harnessing cold fusion power and changing lead to gold, actually, metaphorically. Proclaims people may aspire to a personal paradise: because no matter how bad life on Earth becomes, everyone may prepare for access to a transcendent paradise.

Carlos Castaneda takes the reader into the very heart of sorcery, challenging both imagination and reason, shaking the very foundations of our belief in what is "natural" and "logical." In 1961, a young anthropologist subjected himself to an extraordinary apprenticeship with Yaqui Indian spiritual leader don Juan Matus to bring back a fascinating glimpse of a Yaqui Indian's world of "non-ordinary reality" and the difficult and dangerous road a man must travel to become "a man of knowledge." Yet on the bring of that world, challenging to all that we believe, he drew back. Then in 1968, Carlos Castaneda returned to Mexico, to don Juan and his hallucinogenic drugs, and to a world of experience no man from our Western civilization had ever entered before.

**WORLD-RENOWNED BESTSELLING AUTHOR CARLOS CASTANEDA'S SELECTION OF HIS WRITINGS ON THE SHAMANS OF ANCIENT MEXICO** Near the end of his life, Carlos Castaneda gathered together and reviewed his seminal works on his training as a shaman initiate, recorded in a literary career that spans over thirty years. The result is this groundbreaking collection of quotations -- the essence of Carlos Castaneda, drawn from his landmark volumes including *The Teachings of Don Juan*, *Journey to Ixtlan*, *A Separate Reality*, and *Tales of Power*. Enhanced with an introduction and original commentary by the author, this powerful work illuminates the shaman's life as never before. Castaneda's words explore how the ancient shamans could literally touch and direct the wheel of time -- a profound yet pragmatic tradition that can be felt even in our day.

Originally drawn to Yaqui Indian spiritual leader don Juan Matus for his knowledge of psychotropic plants, bestselling author Carlos Castaneda immersed himself in the sorcerer's magical world. Ten years after his first encounter with the shaman, Castaneda examines his field notes and comes to understand what don Juan knew all along—psychotropic plants are merely a means to understanding alternative realities that one cannot fully embrace on one's own. *Journey to Ixtlan* introduces these clear new ideas—omitted from Castaneda's classic volumes *The Teachings of Don Juan* and *A Separate Reality*—to the reader for the first time. Castaneda explores, as he comes to experience it himself, his own final voyage into the teachings of don Juan, and shares with us what it is like to truly "stop the world" and perceive reality on his own terms.

This book will be of value to everyone interested in the prevention of addiction and the detection, treatment and rehabilitation of drug addicts. It interprets and applies research findings about the causation and cure of drug addiction using the author's personality theory which is extensively compared with that of other personologists. The book includes the qualitative analysis of 12 addict case studies. It is especially timely in view of the need for effective legislation, judicial procedures, and treatment programs to deal with the opioid crisis in the United States and Canada.

*The Teachings of Don Juan: A Yaqui Way of Knowledge* was written by Carlos Castaneda and submitted as his Master's thesis in the school of Anthropology. It documents the events that took place during an apprenticeship with a self-proclaimed Yaqui Indian Sorcerer, don Juan Matus from Sonora, Mexico between 1960 and 1965. The book is divided into two sections. The first section, *The Teachings*, is a first person narrative that documents Castaneda's initial interactions with don Juan. He speaks of his encounters with Mescalito (a teaching spirit inhabiting all peyote plants), divination with lizards (by using a hallucinogenic powder rubbed on his temples to understand their language), and flying in animal form using the "Devil's Weed" (the datura plant). The second, *A Structural Analysis*, is an attempt, Castaneda says, at "disclos[ing] the internal cohesion and the cogency of don Juan's Teachings." [1] The story of a remarkable spiritual journey, the first awesome steps on the road to becoming "a man of knowledge," the road that continues with *A Separate Reality* and *Journey To Ixtlan*. Includes *The Teachings* and *A Structural Analysis*.

*The Teachings of Don Juan: A Yaqui Way of Knowledge*, purportedly a legitimate work of anthropology describing author Carlos Castaneda's apprenticeship to a Mexican Indian sorcerer, was first published in 1968, and was followed by eleven more books by this author. All of his books achieved a very wide readership. To the dismay of many of his devoted readers, however, Castaneda has been shown to have been a charlatan, arguably the most infamous charlatan of the twentieth century. But what if the Mexican sorcerer, Juan Matus, with whom Castaneda claimed he had studied, were shown to have been a real person? I believe the circumstantial evidence strongly suggests that he was. Might these books not be read or reread with replenished interest and purpose?

The memoirs of a woman who became the mistress of Fidel Castro describes her affair with the Cuban dictator, career as a reluctant CIA agent, work with Lee Harvey Oswald, and more. 25,000 first printing. First serial, *Vanity Fair*. Tour. *Gospel of the Open Road* reclaims Ralph Waldo Emerson, Walt Whitman, and Henry David Thoreau as America's spiritual birthright. It rescues them from literary history, and reveals them in their true light: as democracy's prophets of the soul. Emerson, Whitman, and Thoreau were religious seers who developed a new form of spirituality, and *Gospel of the Open Road* explains, in scholarly yet passionate fashion, the deep wisdom that is their enduring legacy. It presents them as a viable spiritual path for those who do not belong, and do not want to belong, to any organized religion. But this book does more. It draws fascinating parallels between the new spirituality taught by Emerson, Whitman, Thoreau and ancient spiritual wisdom as found in shamanism, Goddess worship, Tantra, Taoism, Confucianism, Vajrayana and Zen Buddhism, and Hinduism. This book is an evocative synthesis of humanity's most venerable spiritual wisdom and the most modern of philosophical, social, psychological, political, scientific, and Humanistic concepts. It traces the New Age spiritual revolution to its source in Emerson, Whitman, and Thoreau, and explains how to apply their spiritual teachings to our everyday life here on Earth.

*The Encyclopedia of Religion and Nature*, originally published in 2005, is a landmark work in the burgeoning field of religion and nature. It covers a vast and interdisciplinary range of material, from thinkers to religious traditions and beyond, with clarity and style. Widely praised by reviewers and the recipient of two reference work awards since its publication (see [www.religionandnature.com/ern](http://www.religionandnature.com/ern)), this new, more affordable version is a must-have book for anyone interested in the manifold and fascinating links between religion and nature, in all their many senses.
