

A Shade Of Dragon 3

For four thousand years, the Guardships have ruled Canon Space - immortal ships with an immortal crew, dealing swiftly and harshly with any mercantile houses or alien races that threaten the status quo. But now the House Tregesser has an edge: a force from outside Canon Space offers them the resources to throw off Guardship rule. This precipitates an avalanche of unexpected outcomes, including the emergence of Kez Maele, one of the few remaining generals of the Ku Warrior race-the only race to ever seriously threaten Guardship hegemony. Kez Maele and a motley group of aliens, biological constructs, an scheming aristocrats find themselves at the center of the conflict. Maele must chose which side he will support: the Guardships, who defeated and destroyed his race, or the unknown forces outside Canon Space that promise more death and destruction. what we were told. Maybe we derailed destiny.

BOY OF THE PROPHECY

Twelve-year-old Cory Avalon was just another kid lost in Brooklyn's childcare system. He had no idea he was born with the gift of magic until the day he stood too close to that demonic mirror in an abandoned building, and fell through the shadowy veil into the enchanted world of Abydonne. Recognized as a rare magus, Cory is quickly apprenticed to the king's royal wizard, Math the Ancient, to learn how to control his natural talents before they overwhelm him. However, Cory's power grows too quickly for even his master to contend with. In three short months, the boy learns how to hurl magical lightning, erect shields, turn invisible, and even how to fly. After Cory summons a young golden dragon for his familiar, Math confides in his brother wizard Ilmarinen, and in a shaking voice, whispers the words "archwizard" and "boy of the prophecy." Why does Master Math think Cory can defeat the evil Asmodeus in his stronghold of Abyollydd, and why is he being sent to learn from the mysterious enchanter Vainamoinen, who lives in an enchanted fortress, floating in the clouds? Based upon rich Welsh and Finnish mythology, the author weaves a complex and beautifully crafted tale which can only be called the Fifth Branch of the Mabinogion.

You are not a newt are you? Ive not seen one with wings before said Alex. The little creature opened one of his

wings and blew over it trying to disperse some of the droplets of water remaining on its greeny black finely scaled skin. This first encounter was the start of a magical adventure that by pure chance happened to just an ordinary boy and his family.

This book is a pioneering work on a key iconographic motif, that of the dragon. It examines the perception of this complex, multifaceted motif within the overall

intellectual and visual universe of the medieval Irano-Turkish world. Using a broadly comparative approach, the author explores the ever-shifting semantics of the dragon motif as it emerges in neighbouring Muslim and non-Muslim cultures. The book will be of particular interest to those concerned with the relationship between the pre-Islamic, Islamic and Eastern Christian (especially Armenian) world. The study is fully illustrated, with 209 (b/w and full colour) plates, many of previously unpublished material. Illustrations include photographs of architectural structures visited by the author, as well as a vast collection of artefacts, all of which are described and discussed in detail with inscription readings, historical data and textual sources.

Blount's commentary provides a sure and confident guide through this sometimes difficult and troubling book, seeing Revelation as both a prophetic intervention and an awe-inspiring swirl of disturbing violence and breathtaking hope. All those who love the book of Revelation will appreciate Blount's theological sensitivity, and those who are mystified by Revelation will find clarifying wisdom.

Romance of the Three Kingdoms (simplified Chinese: ?????; pinyin: S?nguó Y?nyì) is a 14th-

century historical novel attributed to Luo Guanzhong. It is set in the turbulent years towards the end of the Han dynasty and the Three Kingdoms period in Chinese history, starting in 169 AD and ending with the reunification of the land in 280 AD. The story – part historical, part legend, and part mythical – romanticises and dramatises the lives of feudal lords and their retainers, who tried to replace the dwindling Han dynasty or restore it. While the novel follows hundreds of characters, the focus is mainly on the three power blocs that emerged from the remnants of the Han dynasty, and would eventually form the three states of Cao Wei, Shu Han, and Eastern Wu. The novel deals with the plots, personal and military battles, intrigues, and struggles of these states to achieve dominance for a period of almost 100 years. Romance of the Three Kingdoms is acclaimed as one of the Four Great Classical Novels of Chinese literature; it has a total of 800,000 words and nearly a thousand dramatic characters (mostly historical) in 120 chapters. We have compiled the entire text into 3 volumes: Volume 1 – Chapters 1 to 52 Volume 2 – Chapters 53 to 102 Volume 3 – Chapters 103 to 120 and Word List For more information, please visit www.allmusing.net

“It’s a compelling, gleeful premise, and Porter has created a good over-arching plot, which hops from one continent to another with a kind of delighted ease. However, it is the characters that really make

the novel. They're welloberved, clearly differentiated and great company... One wonders how many of them are drawn from his own experience... Porter is a really good writer.” Steel City.
