

## A Sky Of Diamonds A Story For Children About Loss Grief And Hope

Elle Devina is a South African-born performing artist with legs that go all the way up to her armpits. After a wild-romance crash on the Wild Coast, she travels to Europe with a broken heart and a dream of glittering stardom. India was never on her agenda! The ordainer who controls the fate of souls according to their prarabdhakarma was making other plans. At the age of 27, she is drawn into the psychedelic trance scene of that grand enchantress, Goa, in the early 80s. Like the sky-dancing Dakinis of Tantric and Tibetan myth, Elle Devina enters a playful, spangled world of glittering treasure and colourful delight. But in the galactic vastness of her diamond skies, demons lurk, and Elle is in for the roller-coaster ride of the century. One night at Lily's Chai Shop, favourite haunt of freaks, Diablo shows up with liquid fireworks. All hell breaks loose and the mystic beauty Elle dances in the mouth of madness. How far can she go into the labyrinth of lunacy before her mind snaps? How much can the fragile human psyche endure before the phantasmagoric claims the real forever? At once wise and insane, goddess-blessed and devil-cursed, Elle's story of love lost and found, of magical realism and surrealist nightmare, is told with exquisite tenderness and razor-sharp wit. Fearless and raw, Dakini in the Sky is an exploration of the Divine Feminine within. After 30 years in silence, the extraordinary tale is finally told. Exhilarating, harrowing and ultimately redemptive, Ushka Devi's prose takes you intimately and unsparingly into her mesmerising universe, and the unleashed mind of a Sky Dancer.

A verse-by-verse examination of Arjuna's soma experience and Krishna's psychedelic guidance in the Bhagavad Gita • Explains how the Bhagavad Gita provides complete guidelines for the spiritual use of entheogens--from prior mental preparations to the integration of profound visionary insights into everyday consciousness • Examines Chapter XI of the Gita in detail to illuminate Arjuna's hallucinogenic experience and expose Krishna as the ultimate psychedelic guide • Shows psychedelic experience to be an essential and ancient part of the path to spiritual transformation Known as a text of liberation and enlightenment and praised not only by Indians but also by prominent modern thinkers such as Aldous Huxley and Albert Einstein, the Bhagavad Gita is one of the most commented-upon books of all time, yet one aspect has never before been examined: Arjuna's psychedelic soma experience with his guru Krishna. Drawing upon his many years as a student of Nitya Chaitanya Yati, whose teacher was Gita scholar Nataraja Guru, preeminent disciple of Narayana Guru, Scott Teitsworth explains how the Bhagavad Gita, through the story of the hero Arjuna and his guru Krishna, provides complete guidelines for the spiritual use of entheogens, from prior mental preparations to the integration of profound visionary insights into everyday consciousness. Examining Chapter XI of the Bhagavad Gita verse by verse, he illuminates Arjuna's complex revelatory experience and exposes Krishna's role as the ultimate spiritual guide--facets of the Gita evident to anyone with psychedelic experience yet long suppressed in favor of paths to enlightenment through service or meditation. He shows that psychedelics are indeed "gateway drugs" in that they stimulate open exploration of the mind and the meaning of life. Uncovering new depths to this revered manual of spiritual instruction, Teitsworth reveals psychedelic experience to be an essential and ancient path to ignite realization in the prepared student, turn theory into direct experience, and bring the written teachings to life.

This is a children's Christmas picture book. Angel Diamonds from the Sky is a story of the angels desire to give Jesus something very special for His birthday. A present for Jesus, who has had so many birthdays and has everything, was hard to find. With God's help they decided on diamonds. In the process they created snow that looked like diamonds. Jesus loved the snow diamonds so much that He visits a different town every Christmas eve and the angels send the snow that Jesus calls "angel diamonds." He gives special blessings and miracles to celebrate the special gift. The book has wonderful images, and a new Christmas song that can be downloaded from CDbaby.

It has been twenty-four hours since Layla last had cocaine. The blonde American now on a flight to New Delhi with her one white child and one brown child is struggling to keep it together. As she departs the airplane, all she can focus on is how quickly she can hook up with her friend and drug baron Leonardo so he can provide her with her next fix. Layla, a flower child of the 1960s, has travelled around the world in search of a utopian land. Her life story begins with her wild rock and roll years in New York and continues on to tell of her hippie days in San Francisco and Goa where hippies of the world converged to partake in a bohemian lifestyle. Here, her heady ways were combined with a few unfortunate incidents and wrong choices, ultimately leading her to her spiritual awakening, but not before paying a dear price. This compelling story line weaves 1960s and 70s style hedonism, Indian culture, drugs, family, devastation, passion, spirituality, and endearing characters into an engaging tale. The author takes you on a journey of vivid impressions, bringing to life the spirit of a lost era.

An Almost Perfect Holiday is a warm and witty story of friendship, family and hope by the Sunday Times bestseller Lucy Diamond, author of The Beach Cafe and Summer at Shell Cottage. The holidays are here, and down in Cornwall Lorna's cottages are fully booked. The sun loungers are lined up beside the swimming pool, the sky is blue and a new set of arrivals are on their way . . . Em's planned the perfect break with her teenagers plus her new boyfriend, George . . . but now his difficult six-year-old is coming too. Will their romance survive the realities of parenthood? Maggie's hoping a seaside holiday will bring her and her daughter closer together, but when her ex makes a surprise reappearance, it changes everything. Can she trust the man who broke her heart? Olivia has escaped the domestic grind, only for the past to catch up with her. Maybe the time has come to confess all – if she can find the courage . . . Meanwhile, the teenagers are running wild and love is in the air. With friendship, heartache and secrets in the mix, will this holiday turn out to be a scorcher – or simply too hot to handle? 'A delight from first page through to last' - Milly Johnson, author of My One True North.

"A thrilling adventure, through a vibrant city as alive as any character, about a girl willing to do anything to better her circumstances. " – Emily A. Duncan, New York Times bestselling author of Wicked Saints Good things don't happen to

girls who come from nothing...unless they risk everything. Fierce and ambitious, Aina Solís as sharp as her blade and as mysterious as the blood magic she protects. After the murder of her parents, Aina takes a job as an assassin to survive and finds a new family in those like her: the unwanted and forgotten. Her boss is brutal and cold, with a questionable sense of morality, but he provides a place for people with nowhere else to go. And makes sure they stay there.

DIAMOND CITY: built by magic, ruled by tyrants, and in desperate need of saving. It is a world full of dark forces and hidden agendas, old rivalries and lethal new enemies. To claim a future for herself in a world that doesn't want her to survive, Aina will have to win a game of murder and conspiracy—and risk losing everything. Full of action, romance and dark magic, book one of Francesca Flores' breathtaking fantasy duology will leave readers eager for more!

One small step for a man. One giant leap for rock 'n roll. NASA's race with the Russians to land a man on the moon. The meteoric rise of the Beatles, considered by many to have revolutionized the music industry. In the postwar era, each stood as an unprecedented cultural watershed. Together they captured the heady zeitgeist of the 1960s, and ignited the imagination of - just about everyone on the planet. Into the Sky with Diamonds is an exhilarating account of these two global phenomena, as seen through the eyes of Dutch Richtman, a young, enterprising NASA engineer who manages to snag a front row seat to both. Dutch's memoir takes us on the turbulent ride of breathtaking successes and harrowing failures that marked the early years of space travel - beginning with Projects Mercury and Gemini leading up to the Apollo program. We discover the thrills and sacrifices, personalities and politics involved in navigating these early space missions. And through Dutch's fictional correspondence with buddy Mal Evans (a character true to the Beatles' real-life roadie of the same name), we are introduced to a rock band of four working class lads from Liverpool who just happen to turn the music industry on its head and become the unwitting leaders of a youth movement for change. We witness it all: the band's electrifying rise, their unforgettable debut on the Ed Sullivan show, the social, political, and religious controversies they generated, and their painful dissolution, as John's fierce attachment to Yoko Ono forever alters the trajectory of the "Fab Four."

The Routledge Companion to Urban Imaginaries delves into examples of urban imaginaries across multiple media and geographies: from new visions of smart, eco, and resilient cities to urban dystopias in popular culture; from architectural renderings of starchitecture and luxury living to performative activism for new spatial justice; and from speculative experiments in urban planning, fiction, and photography to augmented urban realities in crowd-mapping and mobile apps. The volume brings various global perspectives together and into close dialogue to offer a broad, interdisciplinary, and critical overview of the current state of research on urban imaginaries. Questioning the politics of urban imagination, the companion gives particular attention to the role that urban imaginaries play in shaping the future of urban societies, communities, and built environments. Throughout the companion, issues of power, resistance, and uneven geographical development remain central. Adopting a transnational perspective, the volume challenges research on urban imaginaries from the perspective of globalization and postcolonial studies, inviting critical reconsiderations of urbanism in its diverse current forms and definitions. In the process, the companion explores issues of Western-centrism in urban research and design, and accommodates current attempts to radically rethink urban form and experience. This is an essential resource for scholars and graduate researchers in the fields of urban planning and architecture; art, media, and cultural studies; film, visual, and literary studies; sociology and political science; geography; and anthropology.

Shortly before his 44th birthday, John Diamond received a call from the doctor who had removed a lump from his neck. Having been assured for the previous 2 years that this was a benign cyst, Diamond was told that it was, in fact, cancerous. Suddenly, this man who'd until this point been one of the world's greatest hypochondriacs, was genuinely faced with mortality. And what he saw scared the wits out of him. Out of necessity, he wrote about his feelings in his TIMES column and the response was staggering. Mailbag followed Diamond's story of life with, and without, a lump - the humiliations, the ridiculous bits, the funny bits, the tearful bits. It's compelling, profound, witty, in the mould of THE DIVING BELL & THE BUTTERFLY.

Set in London of the 1920s and 30s Julia Somerville takes over her husband's body building firm after an accident which leaves him paralysed.

The prequel to A Fire Upon The Deep, this is the story of Pham Nuwen, a small cog in the interstellar trading fleet of the Queng Ho. The Queng Ho and the Emergents are orbiting the dormant planet Arachna, which is about to wake up to technology, but the Emergents' plans are sinister.

Every woman deserves to feel accepted, loved, and treasured, much like a diamond is treated with Love, Joy, and Pride. Unfortunately, life doesn't always give us the desires of our hearts. So then it's up to us women to recognize the great and priceless value we possess within. The individual stories shared throughout this book will put that sparkle of hope back where it belongs...in your hands to wear proudly for the whole world to see who you really are!

Many have speculated about the meaning of John Lennon's Lucy in the Sky with Diamonds. Psychologist Tim Kasser applies innovative methods to the song's lyrics and music, weaving his findings together with the musician's past to provide an integrative perspective on the place of Lucy in Lennon's life.

**\*\*CHOSEN BY BILL GATES AND BARACK OBAMA AS A SUMMER 2021 READ\*\*** 'Important, necessary, urgent and phenomenally interesting' HELEN MACDONALD, New York Times The author of the international bestseller The Sixth Extinction returns to humanity's transformative impact on the environment, asking: can we save nature in time? Elizabeth Kolbert has become one of the most important writers on the environment. Now she investigates the immense challenges humanity faces as we scramble to reverse, in a matter of decades, the effects we've had on the atmosphere, the oceans, the world's forests and rivers - on the very topography of the globe. In Under a White Sky, she takes a hard look at the new world we are creating. Along the way, she meets biologists who are trying to preserve the world's rarest fish;

engineers who are turning carbon emissions to stone in Iceland; Australian researchers who are trying to develop a 'super coral' that can survive on a hotter globe; and physicists who are contemplating shooting tiny diamonds into the stratosphere to cool the earth, changing the sky from blue to white. One way to look at human civilisation, says Kolbert, is as a ten-thousand-year exercise in defying nature. By turns inspiring, terrifying and darkly comic, *Under a White Sky* is an utterly original examination of the challenges we face. \*\*A TIMES, SUNDAY TIMES AND GUARDIAN 'BOOK OF 2021'\*\*

It is the 1920s, an age of innovation and daring in transportation both on the road and in the air. At the forefront of motor-car development is Somerville's - to own a Somerville-bodied Rolls-royce is every man's dream. But when George Somerville has an accident that leaves him paralysed, the future of the firm looks uncertain. George has no sons old enough to manage the firm. He does, however, have a wife. Defying general skepticism and her own doubts, Julia gradually takes control, warding off takeover attempts with breathtaking skill and cunning. In Eliot Baring, an American employee and a brilliant airplane engineer, she sees a new future for Somerville's and, perhaps, for herself. Together they take Somerville's into the skies where competition is fierce and enemies common. But the skies darken as fascism spreads across Europe and Julia's conscience becomes ever more important in Somerville's future. Beset on all sides, deserted by her colleagues - and lovers - her future looks bleak until help comes from the most unexpected quarter.

Told in a unique dual-narrative format, *The Diamond and the Boy* follows the stories of both natural diamond creation and the life of H. Tracy Hall, the inventor of a revolutionary diamond-making machine. Perfect for fans of *Rosie Revere, Engineer*, and *On a Beam of Light: A Story of Albert Einstein*. Before a diamond is a gem, it's a common gray rock called graphite. Through an intense trial of heat and pressure, it changes into one of the most valuable stones in the world. Before Tracy Hall was an inventor, he was a boy—born into poverty, bullied by peers, forced to work at an early age. However, through education and experimentation, he became one of the brightest innovators of the twentieth century, eventually building a revolutionary machine that makes diamonds. From debut author Hannah Holt—the granddaughter of Tracy Hall—and illustrator Jay Fleck comes this fascinating in-depth portrait of both rock and man.

At twenty-one, Deen is dismayed by the poverty around him and trapped in negativity. Alienated from family and society, heroin is his drug of choice. Deen and his partner in crime, AJ, ride high on acid and amphetamines, philosophize in the university canteen, party in a politician's posh pad and contemplate God at a roadside tea stall. From Maria, a chemically imbalanced diva, to a rickshaw-walla who reflects on the importance of positive energy, to a group of fakirs who sing about love, and a detective who has his own take on addiction, the characters in Shazia Omar's debut novel crackle with life. They represent the despair, hopes and aspirations of a generation struggling to survive in the harsh realities of life in modern Dhaka. Hard-hitting and intensely moving, this is an extraordinary novel, and one that is destined to launch Omar as a major contemporary voice from South Asia. Published by Zubaan.

Mama, if I was to dig a hole in our garden, would I find a diamond? No, darling, there are no diamonds here. Where are diamonds, then? Oh, in other countries. In Africa for example ... A powerful parable that explores how the desire for endless riches perpetuates chains of inequality and corruption.

New York Times—Bestselling Author: "A dash of mystery, and a delightful final twist . . . a sensual Edwardian romance sure to please Feather's many fans." —Library Journal Three friends who met at an elite English boarding school take on the town—and the ton—one by one, in this sparkling series about love, loss, and lustrous gemstones . . . A FINE ROMANCE . . . Diana Sommerville seems to have it all—beauty, brains, and vast wealth, thanks to her family's ownership of a diamond mine abroad. But when her beloved brother dies in battle and leaves a lion's share of his estate to his best friend, Diana finds herself in a situation that seems scripted for the stage: Sharing her family home with the man she used to love—and now loathes. Worse, her unfaithful former fiancé has already moved in . . . OR AN EXCELLENT FAKE? Rupert Lacey didn't expect Diana to take the news without a fight. Still, he didn't expect her to bring the battle directly to their newly shared doorstep—complete with a full set of trunks, and a full set of orders to the staff. Yet there she is, bold, regal . . . magnificent as ever. Now they would face a formidable challenge: to ignore each other—and the unanswered questions that stood between them. The only sure thing is their still blazing desire. But with a woman like Diana, it will take nothing less than a momentous misunderstanding, a missing prized mare, and a shocking revelation to restore a love that hasn't lost its shine . . . "Irresistibly sexy and witty, Jane Feather is one of the all-time greats of historical romance." —Madeline Hunter, New York Times best

Steve is happy living on his wheat farm where he has everything he could need. If he doesn't have something he can visit the village to trade his wheat. But on one village visit he finds there's been a devastating Zombie siege, so, to protect himself and the remaining villagers Steve must go on a quest to mine for forty diamonds to craft into a diamond sword to shield the village from the Zombies. On his quest he meets a trio of treasure hunters who are eager to join Steve on his quest. Facing treacherous mining conditions, a thunderstorm and attacks from hostile mobs, these four friends soon begin to question if it's better to be a single player than a multiplayer. Will Steve find the diamonds? Should he trust his new friends or will they help his quest? And will he get back in time to save the villagers?

When Mia learns that her mother has died, all the colour in her world changes to a dreary grey. She feels guilty, angry, sad and lost (sometimes all at once!), and she doesn't know what to do to feel better. Little by little, with the help of her Dad, Mia learns how to cope with her difficult feelings. Together, they remember her mother by creating memory boxes, and they even get rid of anger by crazily sloshing paints and punching holes in newspapers! In the end, Mia finds her own, very special way of coping. When she feels sad or lonely, she looks up to the stars. Full of practical strategies, this storybook for children aged 5-9 addresses loss, grief and hope. Written from the perspective of Mia who has experienced the sudden death of her mother, it covers the different stages of grief, from initial disbelief, anger and sadness to resolution and hope. The book highlights the importance of giving children the time and space to work through their feelings and provides a host of thoughtful activities to help them cope. It also addresses some of the questions children commonly ask about death. Uniquely illustrated, this book will be an invaluable resource for anyone supporting a grieving child, especially bereavement counsellors, social workers, teachers and other school staff, as well as parents.

A DARK MAFIA ROMANCE Men like us, we see things. We do things, things that make us unfeeling. That's the price of power and money, of living la belle vie and running the French mafia. Then she came along like a pretty wildflower pushing through the

cracks on a dirty pavement - fragile yet resilient, a breath of beauty among the filth. She was supposed to be just another job, a nameless person I was to pluck from her life and hand to my brother, nothing but a pawn in the gamble of our diamond business. There's a psychological label for men like us. We lack empathy and guilt. We do things to have what we want, things that make flowers wilt. \* Diamonds in the Dust is Book 1 of the Diamonds are Forever trilogy and ends on a cliffhanger. One small step for a man, one giant leap for music! The Beatles and the Race to the Moon were the DNA of the 1960's: Two adventurous threads continuously intertwined from 1960 to 1970. Into the Sky is "a scholarly book masquerading as fast-moving historical fiction." From "Flurry of Notes": "One of the best books I read last year was "Into the Sky with Diamonds" ... [RG] has written a book that everyone with a love for the Beatles, the Race to the Moon, or the '60s must read ... It's detailed but not boring, familiar but not stale. [RG] breathes new life and perspective to an entire decade in a joyful and enlightening way, and sheds new light and insight into a time that shook the world. I guarantee you'll wish both the book and the Beatles never stopped." From Amazon: "I totally enjoyed reading this book. I highly recommend it for both people who were around to experience the events that occurred in the 60's and for the younger generation who will enjoy learning about an era of history that has had a huge impact." "This is one of the most fascinating books I have read in over 70 years! ... It is an absolute "MUST READ" for anyone interested in musical legend of the Beatles and the origins, failed attempts, and success of our Moon Mission."

A beautiful and heartfelt picture book to help children celebrate the memories left behind when a loved one dies. Fox has lived a long and happy life in the forest, but now he is tired. He lies down in his favourite clearing, and falls asleep for ever. Before long, Fox's friends begin to gather in the clearing. One by one, they tell stories of the special moments that they shared with Fox. And so, as they share their memories, a tree begins to grow, becoming bigger and stronger with each memory, sheltering and protecting all the animals in the forest, just as Fox did when he was alive. This gentle story about the loss of a loved one is perfect for sharing and will bring comfort to both children and parents.

When 200 alien objects, each the size of a city, arrive all over the earth, the world's population goes into panic. Yet once the ships land, there is no invasion, no communication, and no aliens nor any obvious access inside the vast vessels. As the governments and the scientific community struggle to find answers, a small number of ordinary individuals manage to gain access inside the ships. As speculation about the crafts possible intentions begins to seep into the public consciousness, those in power fear their presence may substantially change the social dynamics of the world as we know it. But do the ships represent a chance for the salvation of The Human Race or its annihilation? Diamonds in the Sky, Book One, Parousia, is set over the first few days of the alien arrival and told from a multi-view perspective of seven different characters, from different cultural backgrounds, spanning three continents across the world - Africa, Europe and America. Each chapter of the book is divided into three different character perspectives. The story opens with single mother Diane Morrow driving across highway 51 in Nevada with her two young children when her car breaks down. While awaiting rescue one of the alien vessels begins to land right in front of her. Diana realises the lower surface of the ship is covered in diamonds some of which she retrieves. Diana narrowly escapes being crushed by the ship as it drills down into the earth. Meanwhile in the United Kingdom, Secretary for Health and drug addict Ryan Wallace is already have a really bad day and its about to get worse. In Scotland Nigerian Christian Blessing thinks the vessels might be a sign from God and she is determined to see one up close for herself. In the deep deserts of Chad simple trader Omari witnesses one of the ships begin to land just as he is about to arrive home from many months of travelling away while in France, Parisian born half Moroccan Tariq and his team are about to strike terror into the hearts of all of Europe, pulling off the greatest terror attack since 9/11. A mother, an immigrant, a politician, a father, a daughter and a transgender Brazilian all find their lives forever changed by the arrival of the alien ships and asking the same question as the rest of the population - Why are they here?
