

## Academy Of Magic Dragons Gift The Valkyrie Book 2

Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series and my other dragon-saturated books. After discovering she's half dragon, Rowan figures it can't be any worse than being related to the Celts. That's the thing about assumptions, though. They come round and bite you in the ass. The second book in a magic-laced, fast-paced, fantasy trilogy. With dragons. I'd rather fight than study, but I'm stuck poring over dusty scrolls. I promised I'd learn about the dragon part of my magic, but I'm having a hell of a hard time believing there's some concealed strain of power just waiting for me to kindle it. Meanwhile, my friends the witches are playing fast and loose with remaining hidden. My Celtic kin won't bother them anymore—at least I don't think they will. But far worse things rove Earth than the Celtic gods. The Breaking has developed an energy all its own. The longer it runs wild, the harder it will be to contain. Soon, very soon, no magic in the Nine Worlds will be enough to counteract it. Once that happens, the few remaining mortals will go first, but the rest of us won't be far behind them. Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series. Battered on chaos, the Morrigan leaves the Scottish Highlands to gather power. A trip through Hell yields quite the assortment of allies tagging along behind her. Fell creatures straight out of myth and nightmare that haven't darkened Earth's boundaries for centuries heed her call. Heartily sick of the Morrigan's maneuvering, the dragons are close to shutting their world off from everywhere, Earth included. If they do, every dragon shifter bond will be broken. Horrified, Lachlan and Britta launch a desperate campaign to hang onto their dragons. Magic may bite back, but if the dragons take their magic ball and go home, Earth will fade, along with all other worlds. That suits the Morrigan fine. War and anarchy are her favorite companions, and she collects misery like children gather beloved toys. Arianrhod's fellow Celts found out about her fall from grace and her half-Druid son, Jonathan. With nothing further to hide, she goes back in time hunting Angus, Jonathan's father. Forty years apart was a steep price to pay. The world needs Angus's magic. And Jonathan needs all the help he can get. Late to accept the power thrumming through him, he holds a key role in keeping the world from spinning off its axis. Reluctant at first, Jonathan finally gets it. Absolute focus. Absolute commitment. Anything less and everyone he loves will pay an unthinkable price. Undercover Shifter Bad Boys = Alphas With Serious Attitude! Tumble across the Rubicon into the death-riddled world of international espionage. Tamara MacBride has a much bigger problem than hiding her shifter side from the world. By the skin of her teeth, and with a smattering of Irish luck, she manages to kill her sister's murderer. Escaping from the scene of the crime is much harder than she anticipated. Just when she thinks she might be safe, her cab driver shrieks and slumps over the wheel. An unknown assailant terminates Lars Kinsvogel's target. Trying to hustle Tamara out of the cab is tough. She's frozen by fear, but when Lars lays out the rest of his plan to move her out of danger's path, her temper flares. He can't leave her alone in Monte Carlo. Can he convince her to trust him in time to save her life?

Academy of Magic

Dark, dangerous, magical men who live to annihilate evil. Not all witches join the Coven. Fiercely independent, Isla heads up her own small band in the San Francisco area. She's never needed help before, but dark sorcerers drive her and her group into hiding, trapping them. Sam's worked for the Coven as one of their enforcers forever. He's been there so long, the Coven is the only mistress he knows. It's a lonely life on the road thwarting Black Magick with his guns, his magic, and his horse, but it's been enough to satisfy him. Until now. A group of witches is in deep trouble. They're not part of the Coven, but Sam is sworn to protect all witches and he rides to their assistance with several of his brothers. Nothing prepares him for the outspoken spitfire who ends up riding double with him. She's forthright, opinionated, and downright hostile, but he's drawn to her self-sufficiency—and her undeniable beauty. Soon, Isla is all he can think about. Dark forces are on the move. Protecting the woman he's falling in love with is at the very top of Sam's list. If they manage to survive, he'll tame her. Claim her. Make her his. Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series. A dragon shifter stirs and wakens in a cave beneath Inverness, deep in the Scottish Highlands. The cave's the same and his hoard intact, yet something's badly amiss. Determined to set whatever's gone wrong to rights, Lachlan Moncrieffe ventures above ground—and wishes he hadn't. His castle's gone, replaced by ungainly row houses. Men aren't wearing plaids, and women scarcely wear anything at all, particularly the woman who accosts him with unseemly banter. What manner of wench is she to dress so provocatively? In Inverness for a year on a psychiatry fellowship, Dr. Maggie Hibbins watches an oddly dressed man pick his way out of a heather and gorse thicket. Even though it runs counter to her better judgment, she teases him about his strange attire. He looks so lost—and so unbelievably, knock-out gorgeous —she takes a chance and stands him a meal. Lachlan's shock when he picks up a local newspaper at a pub is so palpable, Maggie jumps in with both feet. She knew something was off, but the hard-to-accept truth bashes gaping holes in her equilibrium. He looks odd, sounds odd, acts odd because he's a refugee from another era. Her half-baked seduction scheme takes a hike, but her carefully constructed life is still about to change forever. Born of powerful witches, Maggie runs headlong into the myth and magic that are her birthright. PRAISE FOR THE DRAGON LORE SERIES: “That was SPECTACULAR! 1200 pages of spellbinding dystopian urban fantasy. In a world with few choices, evil runs rampant and none of the old rules apply. What began as an exploratory mission to see if anything is left on Earth turns sour fast. A Vampire attack, a possessed priest, and a gateway to Hell mean fallout from the spell gone bad that pinned everyone in South America is far from finished. Retreat is tempting, but nowhere is safe. Evil is leaching in from somewhere. If they can't find the breach, they're finished. Deceived Vampires aren't supposed to feel anything beyond hunger and bloodlust, but Viktor still feels a whole lot. He hates what he's become, but there's no escape. Not from the dying city smothering him, or from his maker, an arrogant tyrant who demands absolute loyalty. Twisted The sea is the only life Juan's ever known—not counting the decade he spent as a Vampire. Those years gave him a healthy aversion for anything supernatural, but he's a shifter now. It's way better than being one of the undead, but he still doesn't trust magic. Paired up with Aura to teach him, he falls and falls hard, but she spurns his advances. Abandoned Recco misses his cozy lab and well-organized veterinary clinic, but ten years as a Vampire stripped him of any illusions. Life is done handing him everything he wants. He could rail against fate—which never bought him much—or suck it up and keep going. Defeating the Cataclysm broke Vampirism's hold on him, though. Even better, it threw Zoe square in his path and kicked open the door for him to bond with a wolf. PRAISE FOR THE BITTER HARVEST SERIES: “I am a huge fan of this author's work having read quite a few of her different series of books and I was so surprised by how different this book is from her other series, surprised and blown away by how amazing it was and how much I adored this book!!!!” Goodreads Review “What a cool new world and an awesome story. A spell gone wrong and a cataclysm has hit, trapping the people, shifters, and vampires in Ushuaia. The vampires are at the top of the food chain and everything is dying.” Goodreads Review “Just my kind of story. The sea, a ship, someone named Viktor to make the story fantastic. He just wants to get back to a life on the sea even though it's tough. Obviously, it's not going to be easy. Not to be missed. The audio book has a narrator that has you listening until the end.” Goodreads Review “Entertaining and I loved the premise! A runaway spell is the most dangerous weapon of all. Karin's watched magic ebb and flow over her long life. A healer by nature, as well as a wolf Shifter, she fixes what she can and buries her personal needs deep. In a race against time, she and a small group of Shifters and humans are sailing toward a gateway in the Arctic. If they can't close it, Earth will be doomed. Daide's a scientist, first and foremost. Once a world-renowned expert on treating cetaceans, his skills are rusty. Ten years as a Vampire altered a whole lot, and he's still analyzing his brand-new Shifter magic. Karin caught his eye before they left Ushuaia, but she seems to be in love with a dolphin Shifter. Immersed in jealousy, Daide considers walking away, but he can't give up. The only woman he's ever loved is worth fighting for. Consequences be damned. Vampires, Witches, high-handed gods, Kelpies, and a host of others all want either the ship or the Shifters' magic. Even the simplest tasks grow thorny edges, and misunderstandings threaten to destroy everything. Sink your teeth into 700 pages of pulse-pounding paranormal romance. Welcome to my corner of the Zodiac Shifter universe. Wylde Magick is pure, untamed source material. Ancient and wise, it's existed since the dawn of time. No matter how old it is, though, it's under attack from evil that threatens the very fabric of its existence. Gemstone: An unnatural fog causes a ten-car pileup. Niall nearly chokes on the thick, malevolent power hanging around the accident site. Anger running just below boiling point, he takes his jaguar form and follows a scent track, making a discovery that changes everything. For once, he curses his curiosity and wishes he'd left well enough alone. Lion's Lair: Jeremiah is the closest thing his mage kinfolk have to an alpha. He takes his responsibilities seriously, which hasn't left time for much of anything, and it's about to get worse. Mages are in trouble. A few signed on with vampires, causing human deaths. Because of them, all mages are being smeared with the traitor brush. It might be too late to make a difference, but that's never stopped him before. Unbalanced: Zachary Marston, dragon shifter, hasn't done a whole lot of shifting lately. Nope, he spends his time buried in law books as he presides over Superior Court in Denver. He's convinced himself things are great, but his dragon has other ideas. His bondmate is a tough adversary. After it threatens to abandon him, Zachary gives in and agrees to a meeting with a few other shifters. Maybe he can help out—before returning to his cushy courtroom. Clinging to their courage in a crumbling world, Aislinn and Fionn vow to save Earth, no matter what it takes. In a post-apocalyptic world where most people have been slaughtered, the Celtic gods and a few humans with magic are all that stand between survival and Earth falling into chaos. The combination of dark sorcery leveraged by the enemy is daunting. Destruction is all but certain if the small enclaves of humans who are left can't get past their distrust of the Celts. Captured by the enemy, Aislinn Leneer wonders if she'll ever see her bond wolf or Fionn, a Celtic god, again. She's had nothing but her wits to rely on for years. And I'll need the help of a sexy and powerful shifter mage named Lachlan Munroe. When we figure out that the race is rigged, Lachlan and I must rely on each other to make it through. But will I be able to learn enough magic to save my life? This is just the start of Ana and Lachlan's adventures. This omnibus contains all five books in the Dragon's Gift: The Druid Series. Title include Institute of Magic, Crime of Magic, Celtic Magic, Captured by Magic, Doomsday Magic.

Book Description: After years as a black ops CIA agent, nothing surprises Roy Kincaid, yet his current assignment is close to a bust. How could his target—renegade genetic freaks—drop off the radar as if they never existed? Burnt out and discouraged, he hunches over a meal in a backwater diner when a half-frozen woman with the look of an abused runaway staggers through the door. On his feet in an instant, Roy kicks himself. His first instinct is to help her, make certain she stays long enough for the bluish cast to leave her lips. His second is to finish his meal and leave. The world is full of broken women. It's not his job to fix them, but he can't take his eyes off her. Glory's telepathic ability blares a harsh warning. Roy hunts those like her, but damn if he didn't buy her dinner. Maybe she can fool him, just for tonight. Add a dry motel room to the meal. If she plays it very cool, he'll never find out she's on the run from the same group he's targeted for death. Enhanced genetics only go so far. A roadblock and her face on a Most Wanted flyer shatter her fragile truce with Roy. If her Handlers find her, they'll kill her. If Roy finds out what she is, she'll be worse than dead. Series Backstory: Sometime between the interminable wars in the Middle East and 9/11, the United States moved forward breeding a race of super

humans. Clandestine labs formed, armed with eager scientists who'd always yearned to manipulate human DNA. At first the clones looked promising, growing to fighting size in as little as a dozen years, but V1 had design flaws. Seven years ago, a rogue group turned on their creators, blew up the lab, and hit all the other breeding farms, freeing whomever they could find. In the intervening time, they've retreated to hidden compounds and created a society run by men. Women are kept on a tight leash because the men fear if they discover their innate power, they'd launch their own rebellion.

Urban Fantasy Romance, With a Heaping Side of Hexes, Spells, and Magick! Last of the demon assassin witches, Roz, Jenna, and Colleen have escaped disaster so far, but their luck is running low. Demons strike in the midst of Colleen's wedding, and Roz launches desperate measures. As she shape-shifts to keep one step ahead of evil, at least it takes her mind off her other problems. Personal ones. She burned through a couple of marriages and hooked up with a string of loser men before, after, and in between. Though she wants to be happy for Colleen, the jealousy bug bit deep and hasn't let go. In Roz's secret heart, she's attracted to Ronin, one of the Daoine Sidhe. He's so profanely beautiful she can barely breathe around him, but he's also headstrong and arrogant. Not good partner material—unless she wants to end up dusting her heart off one more time. Ronin set his sights on Roz the day he met her, and he can't get her out of his mind. Unfortunately, she's so prickly getting close to her requires scheming. He casts an enchantment to lure her at Colleen's wedding, but she senses the spell and calls him on it. Demons swarm out of the ether before he can come up with another strategy. Killing them trumps everything. Roz is used to calling the shots. So is Ronin. Sparks fly. Tempers run hot, right along with an attraction too heady to ignore. PRAISE FOR THE DEMON ASSASSIN SERIES: "This was a refreshing change of pace for me; I haven't read many paranormal books about witches, but I really enjoyed this one! The paranormal "creatures" involved in this story are witches, Sidhe fey, demons, changelings (new to me, but I adored Bubba!) and Unseelie fey. The characters were great, particularly the three main witches, Colleen, Jenna and Roz." Goodreads review "Colleen is a witch but she's so much more than that as she is also one of three surviving demon hunting witches. Cursed by the Fae to hunt and trap demons and save the human world." Goodreads review "This series was amazing. It is a talent and a skill very few authors have and Ann continues to use hers for good and the benefit of readers everywhere." Goodreads review "This storyline was amazing!!! I have never read anything like it! I loved the use of all the different species featuring in this book." Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series and my other dragon-saturated books. Renegade dragons. A dying Earth. The magic powering all worlds is fading, and no one knows why. As the life he's known for millennia hovers on the brink of ruin, the dragon prince, Konstantin, gathers allies. He would have liked to be better prepared for all-out war, but time grows short. Waiting is no longer an option. Working with his twin sister, a seer, he unearths a shocking sequence of prophecies. Visions that shake the foundations of everything he believed was true. Newly created dragon shifters, Johan and Erin, are on a supernatural fast-track. No longer human, they have yet to fully embrace their magical sides. Knowledge can only be gained so fast, but if they don't ditch their reservations, they'll be swallowed by darkness. Seduced by a madman, driven by greed, wicked creatures have become bold. Shifters, Sidhe, and land-linked magic are determined to crush the threats eager to steal their power, but even their combined forces might not be enough to bail them out. \*\*\*\*Primal Ice is book three of the Ice Dragon trilogy. Goodreads Review I love how descriptive this story is, I think that really heightens my imagination to a point of not only becoming a part of the story but actually seeing it... like watching an action-packed movie. I've got one chance to prove myself and earn my place. Against all odds, I've snagged myself a spot at the elite Undercover Protectorate. It's basically a supernatural Scotland Yard, but in a castle. A dream come true. All I have to do is make it through their academy. No big deal. Except that I'm a magical nightmare, a supernatural with a strange brand of unknown dragon magic. When the Undercover Protectorate is attacked by a dark curse, it falls on me to solve the case and save the castle. I have the help of my friends and the sexy Celtic war god Cade. But if I don't figure out what's going on, I'll lose more than my place at the academy. I'll lose my life. Academy of Magic is a fast-paced urban fantasy adventure with a kick-butt heroine, a tough hero, and magic that will blow your socks off.

Power so old, deep, and chilling it hurts to think about it will overrun Earth if nothing changes. Targeted, furious, and fighting back, Aislinn runs wide open, gathering allies and putting her life on the line. Aislinn Lenear has traveled a long road since the dark gods invaded Earth better than three years ago. After seeing her father slaughtered in front of her, and her mother sink into madness, Aislinn built strong walls around her heart. First her bond wolf, and then Fionn MacCumhaill, changed all that, but she and Fionn are far from home free. Four of the six dark gods are still sowing destruction, and they've joined forces with Lemurians, a desperate lot, running just ahead of the tide of their own mortality. In a bold move, they try to coopt a group of young dragons, and very nearly succeed. Dewi, the Celtic dragon god, and Nidhogg, the Norse dragon god, banish their brood to the dragons' home world, but they refuse to stay put. In a fast-paced, tension-riddled closure to this dystopian, urban fantasy series, Earth's Hope sweeps from Ireland to the Greek Islands to the Pacific Northwest to borderworlds where the dark gods live. Fionn's and Aislinn's relationship is strained to the breaking point as they struggle to work together without tearing one another to bits. Fionn is used to being obeyed without question, but Aislinn won't dance to his tune. If they can find their way, there may be hope for a ravaged Earth.

Resilient, kickass, and determined, Aislinn walled herself off from anything that might make her feel again. Until a wolf picks her for a bond mate and a Celtic god rises out of legend to claim her for his own. Aislinn Lenear lost her anthropologist father high in the Bolivian Andes. Her mother, crazy with grief that muted her magic, was marched into a radioactive vortex by dark creatures and killed. Three years later, stripped of every illusion that ever comforted her, twenty-two year old Aislinn is one resilient, kickass woman with a take no prisoners attitude. In a world turned upside down, where virtually nothing familiar is left, she's conscripted to fight the dark gods responsible for her father's death. Battling evil on her own terms, Aislinn walled herself off from anything that might make her feel again in this compelling dystopian urban fantasy. Fionn MacCumhaill, Celtic god of wisdom, protection, and divination has been laying low since the dark gods stormed Earth. He and his fellow Celts decided to wait them out. After all, three years is nothing compared to their long lives. On a clear winter day, Aislinn walks into his life and suddenly all bets are off. Awed by her courage, he stakes his claim to her and to an Earth he's willing to fight for. Aislinn's not so easily convinced. Fionn's one gorgeous man, but she has a world to save. Emotional entanglements will only get in her way. Letting a wolf into her life was hard. Letting love in may well prove impossible.

Charity's luck never ran strong because her original configuration was unstable. Her handlers designed experiments to fix the problem, but only made it worse. Sick to death of living under their thumb, she jumps at a chance to escape. She's barely settled in as a CIA special operative—a role where she can put her augmented mind and body to use—when her wobbly genetics decompensate. Tony's a freak—a genetically altered superhuman waging war against the government. He snaps up an offer of amnesty, walking away from his role as a genetic researcher to work for the CIA. When Charity collapses in a severe seizure, he labors to save her life, but nothing's working. In a last ditch effort, he joins his mind to hers and discovers he wants her more than he's ever wanted anything. Only problem is she hates every single male freak for how they treated women in the compounds. Charity recovers from her medical crisis, but all she can think about is Tony. Furious, determined to never let anyone like him near her, she blocks him from her mind, but he seeps back in anyway. Loving someone like Tony is a huge risk, a gamble that could throw her already volatile genes into a tailspin. Knowing all that, why the hell is she considering it?

Where winning means survival According to legend, I'm supposed to be some kind of all-powerful DragonGod--gifted with the magic of gods. Instead, I'm a dud. In fact, when I join Undercover Protectorate's magical academy, I immediately begin to fail out. It's the supernatural version of Scotland Yard, and my classmates are all jerks who think I suck. Super fun. I've got one chance to earn my place here--I must compete in a deadly race across the world. In order to win, I need to survive. And I'll need the help of a sexy and powerful shifter mage named Lachlan Munroe. When we figure out that the race is rigged, Lachlan and I must rely on each other to make it through. But will I be able to learn enough magic to save my life? This is just the start of Ana and Lachlan's adventures. This omnibus contains all five books in the Dragon's Gift: The Druid Series. Title include Institute of Magic, Crime of Magic, Celtic Magic, Captured by Magic, Doomsday Magic.

Honor takes a huge chance and flees her compound one wintry night. A genetically altered woman, she has no memories from before her kin staged a rebellion seven years

before. Because of her enhanced physiology, she finds a home working for the CIA alongside four other women just like her. There are still plenty of rules, but they're different, and she's figuring out how to blend in. Milton Reins burns through women and marriages. After the third one implodes, he swears off hunting for a replacement. Running the CIA is a more than fulltime job. There's no time for anything else in his life, which is fine until Honor comes along. Training in the gym throws their bodies together, and makes him remember the feel of a woman in his arms. Milton aches for her, but she's a freak, the CIA term for test tube humans designed by scientists. Honor wants Milton with every bone in her body, but it's a terrible idea, especially after she delves into his head and sees his ambivalence toward her kind. Need drives them together, but their differences create roadblocks every step of the way. Fueled by anger and fear, she shuts him out. So what if the sex was great, she's done. Or is she? Germany, 1940 Half Romani, Tairin's no stranger to hiding her mixed blood from gypsy caravans. What she can't hide is her perpetual youth, courtesy of her shifter heritage. Every few years, she drops out of sight, resurfacing in a new country to join a caravan where no one knows her. She's overstayed her welcome where she is, but Germany is at war, and travel has become all but impossible for everyone targeted by the Reich. Elliott's clairvoyance is strong, even for a Romani. Seer for all the caravans in Germany, he catches Tairin eavesdropping outside their leader's wagon one night. He should turn her in, but it would mean her execution, and he can't bring himself to do that. Instead, he interrogates her. Her magic is different, but he can't figure out quite what she is. Any association between Romani and shifters is forbidden, and Tairin shields herself from Elliott's probing. She should leave right now, tonight. It would be easy enough. Shift to her wolf form and run, keeping out of hunters' gunsights. She's on the edge of flight when Elliott suggests a covert task to prove her loyalty. Tairin agrees immediately, kicking herself for being weak where he's concerned. Shifters and Romani have no future together. Zero. Zilch. She should be smart about this and vanish into the night—before he discovers what she is and destroys her. Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series and my other dragon-saturated books. After her Celtic kin proved too big a bunch of bastards to bother with, Rowan sought solace among witches. The first book in a magic-laced, fast-paced fantasy trilogy. With dragons. After the Breaking, not much was left. I assumed it was a case of magic gone bad—until I discovered my goddess mother had broken the world. She didn't like it that I'd turned my back on the pantheon. My long tenure among witches rubbed salt into the wound. After a confrontation where Mommy Dearest fessed up—and lacked the decency to bat an eyelash about the widespread destruction she'd caused—I was digesting what to do next when a dragon showed up. Yes. A dragon. The beast didn't talk with me or anything, but it flew overhead wreaking havoc on a goblin horde. Witches are old souls with kind hearts, but they're not particularly strong magically, so I was grateful for the help. And suspicious as hell. Why a dragon? Why here and why now? More importantly, why was he—she?—helping me? Part of me didn't want to know, and another part was certain I'd find out anyway. Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series. I have a treat for you! A brand new DRAGON LORE book. This is a spin-off from the top-

selling Dragon Lore series and can be read as a standalone. Aegir, the Selkie king, has a lot on his mind. He and his pod all but raised a young seer, and it damn near kills him to turn the boy over to his father. Especially when the father makes it abundantly clear he plans to erase the lad's memories of his first two years. Fuming, Aegir retreats to an island in the Orkney chain that holds a gateway to Arcadia, a magical land protecting the source of White Magic. One morning, a strange Selkie catches his eye. Alarmed, he swims out to investigate. Unknown Selkies are bad news. Either spies or rejects from their own pods, they're never welcome. Raene spends most of her time running a small bakeshop in the Highlands, but she seeks refuge in the sea once a year. She's only just taken her seal form when another Selkie accosts her. It's obvious he wants her to clear out, but she stands her ground. It's either the bravest thing she's ever done, or the stupidest. He might be rude and abrasive, but she has a problem, and he's her best bet to solve it. PRAISE FOR THE DRAGON LORE SERIES: "That was SPECTACULAR! In a world of suppressed magic, I'm an Unknown. Deadly power, little control. I'm only alive because I pay a Blood Sorcerer to keep me hidden. But when he comes to collect on the debt I can't pay, one of his goons slams me with a deadly curse. Suddenly, I'm out of options and out of time. When I'm given a rare chance to join the secretive Undercover Protectorate and train at their academy to become an investigator, I have a way to hunt the cure for the curse. They have resources I don't. Easy, since I'm broke. Seems like a good plan, right? At least, until they tell me Cade will be joining me on my hunt for the Blood Sorcerer. He's an actual Celtic war god--and the hottest guy I've ever seen. The catch? I can't let him know that I'm an Unknown, or I'm out on my ass and deader than Hades.

Shifters keep their friends close and their enemies closer in a shadowy world where the line between hunter and hunted thins, blurs, and finally shatters Author's Note: Roman's Gold is the kickoff volume for the Underground Heat Trilogy. Once respected members of society, shifters are running for their lives. In a futuristic world where resources are scarce, Kate uses her human form to work as a sex surrogate. Furious at what looks a lot like genocide for her people, she joins the shifter underground. Devon's been a cop for a long time. He has shifter blood, but not enough to change into anything, at least not until the police department insists on a series of infusions to make him better at tracking shifters so they can be imprisoned—or killed. Devon's latest assignment is Kate. From the moment he sees her, he can't get her out of his mind. But she's the enemy he's sworn to eradicate. As he tracks her, the line between hunter and hunted explodes. Against reason and wisdom, Kate and Devon defy the rules. If their passion doesn't save them, it'll doom them forever. Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series and my other dragon-saturated books. By his own admission, Johan's always been one stubborn bastard. He's wedded to his freedom, and the thought of bonding with a dragon has some pretty serious downsides. If he doesn't sign on to become magical, though, he'll be left behind—also not an acceptable outcome. Distant relatives to dragons, sea-serpents are gaining strength shockingly fast. Breeding farms spring up on distant outposts, spitting out all manner of evil. Banished eons ago by the dragon god, the serpents are making a comeback. As the dragons seek allies, they uncover still more atrocities. Katya, dragon shifter and twin to the dragons' prince, thought she wanted Johan as her mate, but he has more rough edges than she counted on. Besides, the serpent problem supersedes everything. She's used to dragons being in charge, but when a serpent almost steals her will, it's quite the wakeup call her magic isn't as potent as she always assumed. Is the age of dragons drawing to a close? If that's true, what will come next? **READER PRAISE FOR THE ICE DRAGON SERIES:** Two humans destined to die in the ice...two last dragon shifters on earth...throw in some sea serpents and you have yourself an intriguing read and a tail that makes your heart sing. Goodreads Review I love how descriptive this story is, I think that really heightens my imagination to a point of not only becoming a part of the story but actually seeing it... like watching an action-packed movie. Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series. When pressed, Jonathan Shea admits magic runs through his blood, but he's always been ambivalent about it—until a dragon and her mage show up in the Scottish Highlands, and then all bets are off. Jonathan's charmed and captivated by the dragon—a creature fresh out of myth and legend—but the woman bonded to it is so enticing, he tosses caution aside and catapults into the magical power he's avoided for so long. Britta and her dragon prepare for a battle to save Earth. Freshly transplanted from a much earlier time, she feels awkward, out of place. The first person she lays eyes on is Jonathan. There's something about him. She can't quite pinpoint it, but he has way more magic than he lets on. Magic aside, it runs deeper than that. For the first time ever, she questions the wisdom of remaining a maid. If she doesn't make up her mind damned fast, though, her choices will fritter away. Beset from every side, she's never needed her magical ability more. Surrounded by dragon shifters, Celtic gods, Selkies, time travel, and a heaping portion of magic, Jonathan comes into his own fast. Fell creatures target him, Britta, and her dragon. In the midst of chaos, he and Britta find scorching passion and love so heartbreakingly tender, it will change their lives forever. **PRAISE FOR THE DRAGON LORE SERIES:** "That was SPECTACULAR! Niall's nothing if not charming with his Irish brogue and dashing good looks. Jaguar shifter and player to the core, he's a love 'em and leave 'em type. His job as a paramedic keeps him busy and offers under-the-table opportunities to splash a wee bit of magic around. In a world where magic is all but invisible, Sarai and her family fly beneath the radar living on a small ranch outside Denver. She only takes her wolf form on the darkest nights when discovery is unlikely. Captured by a vampire consortium hellbent on world domination, she watches with horror as they siphon her power, diverting it to kill humans for sport. An unnatural fog causes a ten-car pileup. Niall nearly chokes on the thick, malevolent power hanging around the accident site. Anger running just below boiling point, he takes his jaguar form and follows a scent track, making a discovery that changes everything. For once, he curses his curiosity and wishes he'd left well enough alone. Vampires are rising. Fueled by shifter magic, their evil threatens not just him but magic's very existence. Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series and my other dragon-saturated books. Scientists don't believe in dragons. Dragons never think much about humans at all. Maybe it's time for their worlds to collide amidst the dangerous beauty of Antarctica. Doctor and biochemist, Erin signed up for six months aboard an Antarctic research ship to escape her stifling surgery practice. Jerked from her cozy cabin, she's dumped in an ice cave by men who assume she's dead. Konstantin and Katya, twins and dragon shifters, have lived miles beneath the polar ice cap for hundreds of years. Other dragons left, but they stuck it out. When several humans—all but two of them dead—end up not far from their lair, the opportunity is too good to pass up. If the lore is to be believed, humans can become dragon shifters. Delighted by a simple solution to their enforced isolation, the dragons lure the humans to their home. Surely, they'll be thrilled by the prospect of becoming magical. Or not. Too bad no one shared the script with the humans. Science be damned, they're horrorstruck in the face of fire-breathing dragons. All they want is to escape, but home is thousands of miles away. A runaway spell is the most dangerous weapon of all. Alpha for the few remaining Sea Shifters, Leif's been playing fast and loose with death for years. Plagued by a poisoned ocean, treacherous sea gods, illness, and bad bargains, he's learned to roll with the punches. Setting ancient antagonism aside, he joined a group of land Shifters, pledging both his help and that of his pod. A vulture shifter, Moira embraces her life on Arkady, a small polar cruise ship. She faces problems—ones that may kill all of them—but at least she's free. No more sneaking around hiding from Vampires and not having enough magic to shift, courtesy of short rations and toxic air. Leif yearns for Moira, but Sea Shifters don't mate with their land cousins—ever. Besides, they have their hands more than full. Not only is there no time for love, there's barely space to breathe as they wend their way through a volatile obstacle field littered with demons, hostile gods, and ancient horrors bent on their destruction. PRAISE FOR THE BITTER HARVEST SERIES: "I am a huge fan of this author's work having read quite a few of her different series of books and I was so surprised by how different this book is from her other series, surprised and blown away by how amazing it was and how much I adored this book!!!!" Goodreads Review "What a cool new world and an awesome story. A spell gone wrong and a cataclysm has hit, trapping the people, shifters, and vampires in Ushuaia. The vampires are at the top of the food chain and everything is dying." Goodreads Review "Just my kind of story. The sea, a ship, someone named Viktor to make the story fantastic. He just wants to get back to a life on the sea even though it's tough. Obviously, it's not going to be easy. Not to be missed. The audio book has a narrator that has you listening until the end."

A witch with no loyalties... A Druid with a life-shattering secret... Part witch, part demon, Sorcha's been on the run ever since she escaped Hell's gates. Bouncing through time, she's managed to stay one step ahead of Rhea Roskelly, blackest of Black Witches, who wants her for her demon blood. Constantly looking over one shoulder is annoying, but freedom is worth any price. Tavin used to be a Druid. Actually, he still is, but his magic took a decidedly unDruidlike turn a few years back. Rather than deal with his kinsmen, who'd be convinced he sold his soul to evil, he drops out of sight. Things have changed since he left. A lot. Roskelly witches are part of the Druids' community. To his dismay, another witch appears out of nowhere, except this one is half demon. Certain he must be mistaken, he drops his invisibility illusion to take a closer look. If Druids have been corrupted by Black Magic, he'll have to intervene. The odds are hideous, but he has no choice. Not in a world of normal humans where she's a genetically modified aberration. Hell, even she refers to her kind as freaks. What man in his right mind would want one of those in his bed? Charlie swore off women after his last marriage went down in drama-tipped flames fifteen years ago. His first mistress is danger. He fell

in love with the adrenaline rush when he signed on as a Navy Seal right out of college, and he never got over the thrill of pitting himself against the impossible. Hope caught his eye the night she escaped her compound, but years of ignoring anything resembling a feeling made it easy to ignore the attraction—until they're paired on a mission. Her intelligence and resourcefulness impress the hell out of him, but her half-naked body, exposed after an animal attack, forces him to face feelings he was certain he'd buried for good.

One man's journey. One man's descent into hell. You never know what you're made of until the world spins off its axis, and then you find out damned fast. This collection includes the full Soul Storm Series. It's dark, disturbing, and a difficult read. Even though I also write romance, there are no "happy ever afters" here. The books are also available as standalones. Not for readers under 18. Dark Prophecy: When the dream world spills its murky contents, everyone's worst nightmares roam free. Lara McInnis reads auras and flirts with an elusive ability to foretell the future. Ambivalent about her magic, she's done a fine job sidestepping most of it. After several patients—and a student or two—describe the same cataclysmic dream, ancient evil bursts its bounds, and she can't ignore her power anymore. Trevor Denoble shields his secrets with a stunning body and a boatload of British charm. The airline he works for folds. Lara's changing into someone he barely recognizes, and the rest of his carefully crafted life isn't in much better shape. Living in a world teetering on the edge of anarchy, Trevor and Lara face painful decisions. Her burgeoning paranormal ability scares the hell out of him. Meantime, she does her damndest to survive her magic in a world gone mad. A world where the rules have changed and there's no one left to trust. Dark Pursuit: Old blood and ancient power defy evil so dark, deep, and menacing it destroys everything in its path. Widespread rioting, plus shortages of fuel, food, and electricity lure demons across the veil to invade Earth. Drawn by anarchy, they're out of control, drunk on their own power, and growing stronger by the day. With her life crumbling around her, Lara McInnis is reluctantly roped into channeling her psychic talents to locate a missing teen. Her lack of skill strands her in the murky underbelly of a world inhabited by dark forces. Trevor Denoble's Celtic blood yields unexpected gifts. After years of uncertainty, Lara is really and truly finally his, and he's determined to keep her by his side. No stranger to violence, more blood on his hands is a small price to pay to keep the woman he loves safe. Dark Promise: Some choices tear your heart out, but they can never be undone. Lara and Trevor flee Seattle in the wake of rising chaos. Demons converge on what's left of civilization, urging it to implode even faster. Constantly hungry, besieged by dark forces, Lara and Trevor need every resource they've developed as a couple to keep from ripping each other apart. Neither of them trust Lara's half-baked magic, but it's all that stands between survival and certain death for them and their unborn child. The remote location that was supposed to solve all their problems actually made them worse. Rash choices throw Trevor into a confrontation with his deepest fears, but he doesn't back down. Lara's life hangs in the balance, and he'll do anything to get her back. Anything. PRAISE FOR THE SOUL STORM SERIES: " This book is amazing.
