Decision-making is a pivotal function of any manager. A knowledge of Accounting, insofar as it affects decision-making, is very important for a manager. And very often, students find Accounting as one of the 'tough' subjects to handle. This book strives to make Accounting intelligible and easily comprehensible to students. The text gives a comprehensive coverage of the three branches of Accounting – Financial Accounting, Management Accounting, and Cost Accounting. It focuses on the various methods and techniques followed in the Management Reporting System. The text deals, in detail, with various accounting transaction procedures, methods of costing, ratio analysis, budgeting, forecasting, accounting errors, funds flow and cash flow statements, trial balance and balance sheet, and so on. It equips the students with the knowledge in the preparation, analysis, evaluation, and interpretation of financial statements, which will enrich their managerial competence and decision-making skills. KEY FEATURES ? Emphasises the various accounting and decision-making techniques. ? Provides a number of problems and their solutions, besides giving notes, working notes, and exercises, to help the students understand the concepts better. This book is intended as a text for the postgraduate students of Management (MBA/MIB), financial courses (MFC), and undergraduate and postgraduate students of Commerce and those pursuing MCA. In addition, the book will be very useful to practising managers who wish to develop effective and result-oriented decision-making skills.

Financial Accounting for BBA has been written to meet the requirements of undergraduate students, particularly at the BBA level. This book covers the syllabi of major universities across the country, providing basic knowledge of accounting principles and practices in a systematic manner. The topics have been dealt with in a lucid manner to enable better understanding, especially for those students who do not have an accounting background. The text is examination-oriented and is supplemented with relevant solved illustrations for all the topics.

An understanding of the basic accounting is a must for all professionals whether they are associated with accounting or non-accounting jobs. Considering the fundamentals and the practical implication of accounting procedures and methods, the Third Edition of the book has been enlarged further by adding three more chapters on Fund Flow Statement, Cash Flow Statement Analysis and Accounts of Non-trading Concerns. In view of the need of the current business scenario, these topics are introduced to help students learn new dimensions of the subject and to apply it to workplace scenario. The book is especially designed for the undergraduate students of computer application (BCA) and business administration (BBA). It is also useful for the postgraduate students of business administration (MBA).

This well-known textbook provides students with the knowledge of basic accounting principles and practices in a systematic manner. The unique feature that has made this book popular among students is the simplicity of presentation which enables them to understand the subject and solve practical problems with ease. The main strengths of the book are updated text, plentiful illustrative examples and the end-of-chapter exercises with answers. The wide coverage and user-friendly approach help the book to meet the course content requirements for BCom, BBA, MCom, MCA examinations of different universities and examinations conducted by professional institutions. KEY FEATURES • Updated text in view of new and withdrawn accounting standards and their interpretation. • Formulation of the roadmap for convergence of Indian Accounting Standards to IFRS. • Incorporation of the New Schedule VI in place of Old Schedule VI with appropriate notes, wherever necessary. • Complete overhauling of solutions to all Illustrations and requisite changes in the answers to Practical Problems required due to the substitution of New Schedule VI in place of Old Schedule VI. • Latest questions and problems from examinations conducted by different professional bodies and universities.

CIA Part 1 Test Bank Questions 2021 contains the 409 multiple choice questions to help pass Certified Internal Auditor candidates in 1st attempt. Two strategies help pass the CIA Part 1 exam conducted by Institute of Internal Auditors (IIA), i.e., maximize your strengths and minimize your weaknesses. That's why this test bank question contains an explanation to the correct as well as incorrect choices so that candidates can learn from their own mistakes and take the necessary course of action. The beauty of these test bank questions is that questions are presented on a separate page and explanation to the correct and incorrect choices on another page so that the mind is focused only on the requirements of the question which replicates the exam environment. Furthermore, an urge will be created in the heart to select the correct choice before jumping on the solution to the problem. A dedicated section on Certified Internal Auditor (CIA) Basic Information is added in the test bank, which explains the proven strategies to clear the CIA exams in the next attempt. This test bank question is designed for working executives' independent learning so that they can focus more on their career, leisure activities and family time. The total pages in the test bank questions are 851. Let's work together towards the common goal of earning a Certified Internal Auditor (CIA) credential.
