

Accounting Text And Cases

The overriding philosophy of this text is to provide the instructor with comprehensive coverage of ethical and professional issues encountered by accounting professionals. The book is devoted to helping students cultivate the ethical commitment needed to ensure that their work meets the highest standards of integrity, independence, and objectivity. Ethical Obligations and Decision Making in Accounting is designed to provide the instructor with the best flexibility and pedagogical effectiveness of any book on the market. To that end, it includes numerous features designed to make both learning and teaching easier.

Accounting, Text and Cases McGraw-Hill/Irwin

Berney/Kusel's combined text and case-based approach to financial accounting makes this an ideal fit in any course where students will need to apply their knowledge of financial accounting to real world situations.

ACCOUNTING: Text and Cases, 10/E is a 28 chapter book. Chapters 1-14 cover financial accounting, while Chapters 15-21 cover management accounting, and Chapters 22-28 focus on broader issues of control and corporate strategy. The approximately 120 cases that largely make up the end-of-chapter material are a combination of classic Harvard style cases, as well as extended problems. . . New to this edition is the inclusion of 2-3 problems per chapter.

These problems, while not as involved as the case material, allow the students to exercise the

concepts demonstrated in each chapter. The goal of the problem material is to provide a transition to the case material, which is a response to customer requests. .

Financial Accounting Theory and Analysis: Text and Cases, 11th Edition continues to focus on showing readers how accounting standards directly affect daily decision making on the job.

The new edition of this text has been updated and revised to provide students and professionals with the theoretical background they need to keep up with the convergence issues and succeed in today's increasingly global economy. The 11th Edition incorporates all new standards or exposure drafts from the FASB and IASB released, including an updated revenue recognition section with the FASB's discussion of the "milestone method" integrated. This book discusses various aspects of cost accounting – cost ascertainment, cost analysis, and managerial decision making – in a logical and comprehensive manner. The new edition provides lots of Indian cases and excel templates to solve the problems and illustrations.

Salient Features: New 19 Indian cases
Excel templates to provide solution to the numerical problems at the end of each chapter
Text and chapter end problems are thoroughly revised to meet the requirements of students in both PG and UG level courses

The overriding philosophy of this text is that the ethical obligations of accountants and auditors are best understood in the context of professional responsibilities including one's role in the corporate governance system, the requirements of financial reporting, the audit function, obligations to prevent and detect fraud, and legal liabilities. Ethical Obligations and Decision Making in Accounting was written to guide accountants past a scandal filled age. Our book is entirely devoted to helping students cultivate the ethical commitment needed to ensure that their work meets the highest standards of integrity, independence, and objectivity. Ethical
