Though usually classified as a Romantic, Blake subverts and dissolves the binaries on which Romanticism turns: self and other, art and nature, country and city. Rather than reject the city outright like many of his contemporaries, Blake embraces it as the intricate workshop of human imagination. Each chapter of this book focuses on a specific text of Blake's that illustrates a particular conception of metaphorical embodiment of the city. These shifting metaphors emphasize the construction of all human environments and the need for imaginative labor to build and interpret them. This study seeks to bridge a gap between transcendent and historicist readings of Blake while at the same time challenging assumptions that still color our view of the city in the twenty-first century. In the late nineteenth century hundreds of clubs formed across the United States devoted to the reading of Shakespeare. From Pasadena, California, to the seaside town of Camden, Maine; from the isolated farm town of Ottumwa, Iowa, to Mobile, Alabama, on the Gulf coast, Americans were reading Shakespeare in astonishing numbers and in surprising places. Composed mainly of women, these clubs offered the opportunity for members not only to read and study Shakespeare but also to participate in public and civic activities outside the home. In *She Hath Been Reading*, Katherine West Scheil uncovers this hidden layer of intellectual activity that flourished in American society well into the twentieth century. Shakespeare clubs were crucial for women's intellectual development because they provided a consistent intellectual stimulus (more so than was the case with most general women's clubs) and because women discovered a world of possibilities, both public and private, inspired by their reading of Shakespeare. Indeed, gathering to read and discuss Shakespeare often led women to actively improve their lot in life and make their society a better place. Many clubs took action on larger social issues such as women's suffrage, philanthropy, and civil rights. At the same time, these efforts served to embed Shakespeare into American culture as a marker for learning, self-improvement, civilization, and entertainment for a broad array of populations, varying in age, race, location, and social standing. Based on extensive research in the archives of the Folger Shakespeare Library and in dozens of local archives and private collections across America, *She Hath Been Reading* shows the important role that literature can play in the lives of ordinary people. As testament to this fact, the book includes an appendix listing more than five hundred Shakespeare clubs across America.

Enjoy beloved classics while developing vocabulary, reading, and critical thinking skills! Each literature book in the series is a one-year course. Each chapter has five lessons with daily concept-building exercises, warm-up questions, and guided readings. Easy-to-use with suggested reading schedules and daily calendar. Equips students to think critically about philosophy and trends in culture, and articulate their views through writing. A well-crafted presentation of whole-book or whole-work selections from the major genres of classic literature (prose, poetry, and drama), each course has 34 chapters representing 34 weeks of study, with an overview of narrative background material on the writers, their historical settings, and worldview. The rich curriculum's content is infused with critical thinking skills, and an easy-to-use teacher's guide outlines student objectives with each chapter, providing the answers to the assignments and weekly exercises. The final lesson of the week includes both the exam, covering insights on the week's chapter, as well as essays developed through the course of that week's study, chosen by the educator and student to personalize the coursework for the individual learner.

In the current scenario, where parents are caught up between their own parents who raised them traditionally, doctors who advise them what is medically correct and the internet who gives them general information, I have tried giving simple tips to parents which do not require them to go to the shop and buy things but can be easily practiced at home. Through this book, they will learn to see the little, innocent world of the child and will also learn to introspect those areas which they feel are not going well. I have also tried mentioning the importance of Ancient Wisdom, which seems to be lost like Common Sense after gadgets took over the world. Also, I suggest that you read one chapter every day—in the morning or at night. After reading each quote, tip and chapter, try to implement it; do not be too hard on yourself. For better results, keep on reading it at regular intervals so that the impact on your mind is strong and active. This book will do wonders for you. Read it, apply it and share it.

Drawing on the ancient writings of the Dead Sea Scrolls and early rabbinic Judaism, this book comprises studies that explore the intersections of scriptural interpretation, narrative fiction, and legal rhetoric. It proposes and models methods of a non-reductive historiography for each of these communities and for both of them in comparison.

Medical students often struggle when presenting new patients to the attending physicians on the ward. Case presentation is either poorly taught or not taught at all in the first two years of medical school. As a result, students are thrust into the spotlight with only sketchy ideas about how to present, prioritize, edit, and focus their case presentations. They also struggle with producing a broad differential diagnosis and defending their leading diagnosis. This text provides a

comprehensive guide to give well-prepared, focused and concise presentations. It also allows students to discuss differential diagnosis, incorporate high-value care, educate their colleagues, and participate actively in the care of their patients. Linking in-depth discussion of the oral presentation with differential diagnosis and high value care, Presenting Your Case is a valuable resource for medical students, clerkship directors and others who educate students on the wards and in the clinic.
