This book sets out the rules of evidence, as they apply in Australian courts, in a manner designed to be highly accessible and readily comprehensible. Equal treatment is given to both the uniform evidence legislation - now applicable in Federal Courts and in the courts of the Australian Capital Territory, New South Wales and Tasmania - and the common law that applies in the remaining Australian jurisdictions. This edition has been completely rewritten to take account of major case law and statutory developments since the first edition. It details the key divergences and convergences in the law of evidence across Australia and addresses a number of significant international comparisons. Examples are used throughout the text to illustrate the practical application of the law, while diagrams graphically summarise complex legal issues.

The Palgrave Core Statutes series is designed to meet the needs of today's law students. Compiled by experienced lecturers, each title contains the essential materials needed at LLB level (and, where applicable, on GDL/CPE courses) and is easy to use under exam conditions and in the lecture hall. This new edition of core statutes on company law contains essential material up to June 2014.

This guide is a practical resource for those firms that want to provide better client service and at the same time, improve the working environment for both lawyers and staff. It provides strategies to change the climate of the law firm, boost morale, and effectively and efficiently manage the firm. Issues discussed range from leadership and partnership issues to the basics of running the office. Includes a companion CD-ROM with more than 25 model forms, agreements, worksheets, questionnaires, policy forms, and more.

The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government.

While still technically a merger, partnerships can be created without any financial transaction taking place. Each partner receives a percentage ownership of the new entity, equivalent to the value they bring to the partnership. This creates a new business based on the strengths of the two original businesses. This is often seen when two businesses with different services or expertise join forces to form a one-stop shop for their respective customer bases. It is a model that has been common between traditional IT businesses and telecom businesses, especially when getting into VOIP. This handbook describes and outlines the acquisition and operation of Property-Email, LLC Partnerships. An online Marketing Opportunity unlike any other. The Partnership shares are very affordable and the residual financial rewards are unlimited. Property-EMall, LLC is a real estate listing service, which has a marketing platform for service providers and contractors, worldwide. The home page resembles the directory of a shopping mall. Each store in the mall has a direct link to service providers, by Zipcode or Postal Code, for that category of services. Consumers can browse and search for real estate listings or service providers free of charge.
