Robert A. Orr lives a fulfilling life which began with his birth in Argentina, his boyhood and teenage years in Brazil, and his college education and pilot's training in Canada. He served as a trainer and pilot for seventeen years in Brazil and returned to Canada where he and his wife Adriana now live. With a passion, burden and commitment to address and meet the blatant need for authentic leadership and management training, Robert continues to teach and mentor Christian leaders and "leaders-in-the-making" around the world. Three of his objectives are: 1.Provide this resource material in many languages, 2.Make this resource tool widely available to Christian workers, missions, ministries and the Church, 3.Assist in meeting the crying need for a new, strong, youthful, motivated, energetic and visionary authentic managerial leadership characterized by godly principles and learned managerial skills. What a massive amount of research has gone into this very fine guide. I wish I

could have had a copy of something like this 30 years ago! I trust that it is getting into the hands of a large number of leaders and managers in our Christian community who can certainly use the guidance and direction you supply. I was most pleased to note the number of times you quoted me and my writings in the manual. I'm complemented! I was pleased to note that it is being translated into other languages for leaders in other cultures. I trust that God will continue to use you and this type of training material to His glory for many years to come. (Dr. Ted W. Engstrom, President Emeritus, World Vision)

The digital photographer's workflow is divided into two. The first portion of the workflow is used to import and organize images, and prepare them for presentation via proof printing, Web, or slideshow. Increasingly, photographers are turning to Adobe's acclaimed new Lightroom software to manage these needs. After the best images have been identified in the first portion of workflow, photographers move to improve upon the chosen images using a variety of digital tools. An overwhelming majority of digital photographers choose Photoshop as their image editor. Many photographers are confused by one or both parts of this workflow. Adobe Lightroom & Photoshop Workflow Bible will guide digital photographers through the image editing process from uploading large quantities of Raw files into the computer, to

printing that special image from a single file. Written by Mark Fitzgerald, an Adobe Certified Expert and Adobe Certified Instructor in Photoshop CS & CS2, this book is an invaluable reference on optimizing the management of images to create an efficient, effective, and logical workflow. The accompanying Web site includes full-color images from throughout the book.
