Adult Coloring Book: Mandala #2Coloring Book for Grownups Featuring 45 Beautiful Mandala PatternsCreatespace Independent Publishing Platform

Coloring the circular designs known as mandalas is a creative activity that brings relaxation, healing, and self-understanding. Susanne Fincher's first such coloring book, Coloring Mandalas, presented designs organized according to a scheme of twelve archetypal stages that represents a cycle of personal growth. This sequel focuses on a single one of these stages, "Crystallization," which is associated with the completion of a cycle of growth. Imagine a fully opened rose in a sunny garden, releasing its fragrance as it gently bobs in a summer breeze. This is the feeling of the stage of Crystallization—a time of reaping rewards and benefits from the work we have performed; of realizing and appreciating our achievements; of resting in the pleasure of having fulfilled a personal creative inspiration. Crystallization is also a time of significant spiritual understanding, when our spiritual nature comes together in harmony with our physical nature. The mandalas in this book aim to:

- Help us understand ourselves and our place in the scheme of things
- Evoke a sense of harmony, order, and fulfillment
- Provide relaxation and a soothing balance for hectic lifestyles
- Uncover meaning in the ongoing stream of human experience
- Deepen our meditation
- Enable us to experience the spiritual energy that inspired these sacred circles
