"... lively and intellectually stimulating... " —Speculum
"Wunderli... has lucidly reconstructed a controversial conflict in 15th-century south-central Germany.... this engaging narrative takes off from Hans Behem—the peasant who claimed to see the Virgin and gained followers until crushed by the established church—to explore larger forces at work in Germany on the eve of the Reformation... Wunderli also attempts to sort out the violent conflict that ensued and Hans's subsequent trial. His scrupulousness and sensitivity make for a small but valuable book." —Publishers Weekly
"Fascinating and well written, this is highly recommended for academic and larger public libraries." —Library Journal
"Richard Wunderli... deftly tells the story in Peasant Fires, finding in it a foreshadowing of peasant uprisings in the 16th century." —New York Times Book Review
"... a stimulating read... an engaging synthesis." —Central European History
In 1476, an illiterate German street musician had a vision of the Virgin Mary and began to preach a radical social message that attracted thousands of followers—and antagonized the church. The drummer was burned at the stake. This swiftly moving narrative of his rise and fall paints a vivid portrait of 15th-century German society as it raises important questions about the craft of history. "A gem of a book.... It has a plot, good guys and bad buys, it opens up a 'strange' world, and it is

exceptionally well written." —Thomas W. Robisheaux
'Magnificent. Beautifully written, immaculately researched and thoroughly absorbing from start to finish. A tour de force that explains how Europe's cultural life transformed during the course of the 19th century - and so much more' Peter Frankopan From the bestselling author of *Natasha's Dance*, *The Europeans* is richly enthralling, panoramic cultural history of nineteenth-century Europe, told through the intertwined lives of three remarkable people: a great singer, Pauline Viardot, a great writer, Ivan Turgenev, and a great connoisseur, Pauline's husband Louis. Their passionate, ambitious lives were bound up with an astonishing array of writers, composers and painters all trying to make their way through the exciting, prosperous and genuinely pan-European culture that came about as a result of huge economic and technological change. This culture - through trains, telegraphs and printing - allowed artists of all kinds to exchange ideas and make a living, shuttling back and forth across the whole continent from the British Isles to Imperial Russia, as they exploited a new cosmopolitan age. *The Europeans* is Orlando Figes' masterpiece. Surprising, beautifully written, it describes huge changes through intimate details, little-known stories and through the lens of Turgenev and the Viardots' touching, strange love triangle. Events which we now see as central to European high culture are made

A "lively and engaging" history of the Middle Ages (Dallas Morning News) from the acclaimed historian William Manchester, author of *The Last Lion*. From tales of chivalrous knights to the barbarity of trial by ordeal, no era has been a greater source of awe, horror, and wonder than the Middle Ages. In handsomely crafted prose, and with the grace and authority of his extraordinary gift for narrative history, William Manchester leads us from a civilization tottering on the brink of collapse to the grandeur of its rebirth: the dense explosion of energy that spawned some of history's greatest poets, philosophers, painters, adventurers, and reformers, as well as some of its most spectacular villains. "Manchester provides easy access to a fascinating age when our modern mentality was just being born." --Chicago Tribune
