This book features research contributions from The Abel Symposium on Statistical Analysis for High Dimensional Data, held in Nyvågar, Lofoten, Norway, in May 2014. The focus of the symposium was on statistical and machine learning methodologies specifically developed for inference in “big data” situations, with particular reference to genomic applications. The contributors, who are among the most prominent researchers on the theory of statistics for high dimensional inference, present new theories and methods, as well as challenging applications and computational solutions. Specific themes include, among others, variable selection and screening, penalised regression, sparsity, thresholding, low dimensional structures, computational challenges, non-convex situations, learning graphical models, sparse covariance and precision matrices, semi- and non-parametric formulations, multiple testing, classification, factor models, clustering, and preselection. Highlighting cutting-edge research and casting light on future research directions, the contributions will benefit graduate students and researchers in computational biology, statistics and the machine learning community.

#1 New York Times bestselling author Sylvia Day Never mix business with pleasure. Never bring politics into the bedroom. In a way I did both when I took Jackson Rutledge as a lover. I can't say I wasn't warned. Two years later, he was back. Walking into a deal I'd worked hard to close. Under the tutelage of Lei Yeung, one of the sharpest businesswomen in New York, I had picked up a thing or two since Jax walked away. I wasn't the girl he once knew, but he hadn't changed. Unlike the last time we'd drifted into each other's lives, I knew exactly what I was dealing with... and how addictive his touch could be. The inner circle of glamour, sex, and privilege was Jax's playground-but this time, I knew the rules of the game. In the cutthroat business world, one adage rules all: keep your enemies close and your ex-lovers closer...

Blood doesn't make you family, loyalty does. Marcel "Teller" Whelan, Treasurer of the Lost Kings MC, has always been two things—honest and responsible. At ten years old, he was already taking care of his baby sister. At eighteen, he patched into the Lost Kings MC and took a major role in shaping the club's future. Three years ago, he thought he'd met the perfect woman, only to have her reject everything he is—a Lost King. One bullet is a lifetime supply. Now, after an accident that left a girl dead and him almost crippled, he's struggling through the darkest time in his life. Lashing out at everyone he loves most is how he copes. His niece, sister, and Lost Kings MC family are the only things holding him together, but his reckless actions are bound to drive everyone away. Then, in the most unlikely place, he crosses paths with her again. Love soothes our inner demons. The spark's still there—for both of them, even with Teller's many demons still chasing him down. She's not who he thought she was. But she is the true ride or die girl he needs by his side. Love is worth the chaos. As their relationship continues, he stops lashing out at his brothers and starts lying to them. When they find out who he's falling in love with, it will create a storm of chaos for the Lost Kings MC. But if there's one thing Teller's turbulent life has taught him, it's that sometimes love is worth the chaos. Forbidden love is the hardest to forget... Blake "Murphy" O'Callaghan, Road Captain of the Lost Kings MC, has the world by the balls. Money. Women. The wide-open road. It's all his, everything he wants...except the one girl he loves, the one girl who's off limits. His best friend's little sister, Heidi. Abandoned by her mother when she was only eight, Heidi Whelan's familiar with heartbreak. Especially the heartbreak of falling in love with her big brother's best friend. When Murphy pushed her away, it broke her heart. Now, on her eighteenth birthday, he claims he loves her? Growing up around the Lost Kings MC, Heidi's witnessed his manwhoring ways. He'll never give that up for her. Besides, he's too late: Heidi's in love with her high-school boyfriend Axel. Axel Ryan loves two things—motorcycles and Heidi. He signed

up to be a prospect for the Lost Kings MC because it seemed like a fun way to get closer to her. Now that he's gotten a taste of MC life, he's not so sure this is where he belongs. He's confident Heidi shares his dreams for the future, so even if he chooses another road, their relationship will survive the detour. With more than miles between them, will the deceptions they've lived with for so long be too much to overcome? Can Murphy convince Heidi that the hard roads they've traveled will lead to the most beautiful destination of all, or is he destined to ride the open road alone? intensity. Had I really thought they were soft and warm? There was nothing soft about Jackson Rutledge. He was a hard and jaded man, cut from a ruthless cloth. Quand Derek Prince découvre ce que cachent les murs du Cirque de nuit, l'un des clubs sulfureux du mystérieux Kingsley Edge, il comprend que les rumeurs qui circulent sur ce lieu sont encore très au-dessous de la vérité... A propos de l'auteur : Tiffany Reisz vit à Lexington, Kentucky, avec son amoureux et ses deux chats. Après des études d'anglais, elle a publié des romans érotiques sous son vrai nom, pour le plus grand bonheur de ses parents et de ses professeurs. Elle aime vivre à cent à l'heure, mais pas seulement. Elle aime aussi la salsa, le latin et les beaux bruns. Quoi d'autre, à part qu'elle a quitté un séminaire hyper traditionnaliste pour se lancer dans la littérature érotique et qu'elle a eu la tante de Johnny Depp comme prof de collègue ? Rien de passionnant. Sauf une chose : si elle ne pouvait pas écrire, elle en mourrait.
