An exciting new resource that tackles behaviour management in a fresh, accessible and imaginative way.

In the early days of television, many of its actors, writers, producers and directors came from radio. This crossover endowed the American Radio Archives with a treasure trove of television documents. The collected scripts span more than 40 years of American television history, from live broadcasts of the 1940s to the late 1980s. They also cover the entire spectrum of television entertainment programming, including comedies, soap operas, dramas, westerns, and crime series. The archives cover nearly 1,200 programs represented by more than 6,000 individual scripts. Includes an index of personal names, program and episode titles and production companies, as well as a glossary of industry terms.

Hollywood's conversion to sound in the 1920s created an early peak in the film musical, following the immense success of *The Jazz Singer*. The opportunity to synchronize moving pictures with a soundtrack suited the musical in particular, since the heightened experience of song and dance drew attention to the novelty of the technological development. Until the near-collapse of the genre in the 1960s, the film musical enjoyed around thirty years of development, as landmarks such as *The Wizard of Oz*, *Meet Me in St Louis*, *Singin' in the Rain*, and *Gigi* showed the exciting possibilities of putting musicals on the silver screen. The *Oxford Handbook of Musical Theatre Screen Adaptations* traces how the genre of the stage-to-screen musical has evolved, starting with screen adaptations of operettas such as *The Desert Song* and *Rio Rita*, and looks at how the Hollywood studios in the 1930s exploited the publication of sheet music as part of their income. Numerous chapters examine specific screen adaptations in depth, including not only favorites such as *Annie* and *Kiss Me, Kate* but also some of the lesser-known titles like *Li'l Abner* and *Roberta* and problematic adaptations such as *Carousel* and *Paint Your Wagon*. Together, the chapters incite lively debates about the process of adapting Broadway for the big screen and provide models for future studies.

A reference that covers American stage, film, and television musicals from 1860 to 2007 offers information on the musical productions and the historical evolution of the musical, as well as on performers, composers, and producers.

As the media have increasingly become the lens through which we see the world, media styles have shaped even the fine arts, and contemporary theatre is particularly indebted to mass media's dramatic influence. In order to stay culturally and financially viable, theatre producers have associated theatrical productions and their promotion with film, television, and the Internet by adopting new theatrical practices that mirror the form and content of mass communication. This work demonstrates how mediatization, or the adoption of the semantics and the contexts of mass media, has changed the way American theatre is produced, performed, and perceived. Early chapters use works like Robert Wilson's 3D digital opera *Monsters of Grace* and Thecla Schophorst's digitally animated *Bodymaps* to demonstrate the shifting nature of live performance. Critical analysis of the interaction between the live performer and digital technology demonstrates that the use of media technology has challenged and changed traditional notions of dramatic performance. Subsequent discussion sustains the argument that theatre has reconfigured itself to access the economic and cultural power of the media. Final chapters consider the extent to which mediatization undermines theatrical authorship and creativity.

Aladdin & the Pirates is a brand new script for a traditional family pantomime, created by Channel 4 comedy writer and indie producer Brian Luff. Kids love pirates and this script puts a fresh spin on the traditional Aladdin story. It will delight both the swashbuckling little ones and their parents. There are plenty of topical references to pop stars, celebrities and TV shows in *Aladdin & the Pirates* and the script is packed with both physical, slapstick humour and snappy wordplay. All your favourite panto moments are there, from 'ÒBehind You!!!Ó to booing the baddies and cheering the Principal Boy. Plus, some unforgettable guest appearances from Christmas favourite Monty the Penguin.
