Post-Colonial Literatures in English, together with English Literature and American Literature, form one of the three major groupings of literature in English, and, as such, are widely studied around the world. Their significance derives from the richness and variety of experience which they reflect. In three volumes, this Encyclopedia documents the history and development of this body of work and includes original research relating to the literatures of some 50 countries and territories. In more than 1,600 entries written by more than 600 internationally recognized scholars, it explores the effect of the colonial and post-colonial experience on literatures in English worldwide.

"Fourteen brilliant new reviews from" "the author of "A Love of Reading." Passionate, thought provoking, and witty. A Love of Reading, the Second Collection" contains 14 new reviews of modern classics from a discriminating, highly entertaining, and prodigiously well-read guide. In a stimulating selection, ranging from Margaret Atwood's "Alias Grace" to Zadie Smith's "White Teeth," and from Charles Frazier's "Cold Mountain" to Sheri Holman's "The Dress Lodger," popular literary critic Robert Adams skilfully interweaves a nimble and enlightening discussion of plot, theme, and characterization with fascinating

historical, biographical, and literary context. Adams is repeatedly drawn to the spectacle of less-than-perfect humans making their way in a hostile world, and as a result his reviews are a hugely satisfying mix of rich pathos and abundant humour. In the words of the "Calgary Herald," they are "a bibliophile's dream."

In this astonishing new work by the author of the bestselling *The Robber Bride* and *Cat's Eye*, Margaret Atwood re-creates a mysterious and disturbing murder and breathes new life into one of the most enigmatic and notorious women of the nineteenth century. Grace Marks has been convicted for her involvement in the vicious murders of her employer, the wealthy Thomas Kinnear, and his housekeeper, Nancy Montgomery. Years later, Dr. Simon Jordan--an up-and-coming expert in the burgeoning field of mental illness--listens to Grace's story, from her family's difficult passage from Ireland to Canada, to her time as a maid in Thomas Kinnear's household. As Grace relives her past, Jordan draws her closer to a dark maze of relationships and her lost memories of the day her life was shattered. Superbly evoking a century past, and alive with mesmerizing storytelling, *Alias Grace* is vintage Atwood.

in Contemporary British and Postcolonial Literature, language: English, abstract: [...] A reviewer once has called Alias Grace “the doctoral dissertation that Atwood did not complete, a tour de force rendition of nineteenth century Canadian social life.” In fact, the authoress had done some proper historical research, and definitely the better part of the novel's attraction “emanates from its basis in the truth, and the sheer impossibility of tracking down that truth.” The title itself already alludes to the difficulty of finding out the true identity of the historical person Grace Marks: “The title signals a disturbing absence of the original behind the name. [...] This novel recognizes that no written [...] history allows either the real women's voice nor the true story of the past to be recovered.” The traditional modernist view of history depends on a belief in and a pursuit of objectivity. In her novels, Atwood often challenges these modernist views. As a consequence, the reader is rather confronted with different, even contradictory versions of one and the same story. Until its very end the novel refuses to deliver an unambiguous and unmistakable reconstruction of the events at Richmond Hill. So Alias Grace is not only concerned with history just because the plot is set in the past, but also the issues 'memory', 'historical truth' and the 'reconstruction of historical events' form a thematic constellation that plays a crucial role in the novel. The aim of this paper is supposed to discuss the

question of how Atwood deals with the representation of history and historical 'truth' in her novel *Alias Grace*, thus offering a general questioning of the truthfulness and objectivity of historical accounts. For this purpose it seems to be appropriate to touch on briefly the narrative construction of the novel. The prominent role reconstruction of history plays in the novel, becomes already apparent in the fact that the better part of the plot is set nearly two decades after the events that are to be reconstructed, so that any occupation with the murders in the novel itself must be a retrospective one. Not one single narrator, but a "plethora of voices" unfold the story in a multiperspective narrative situation. After having introduced the most influential recent theoretical concepts on the relationship of historical and literary writing, each narrative perspective is to be discussed in more detail in the following chapters to find out how they all work together in a kind of "narrative patchwork." Before *The Testaments*, there was *The Handmaid's Tale*: an instant classic and eerily prescient cultural phenomenon, from "the patron saint of feminist dystopian fiction" (*New York Times*). *The Handmaid's Tale* is a novel of such power that the reader will be unable to forget its images and its forecast. Set in the near future, it describes life in what was once the United States and is now called

the Republic of Gilead, a monotheocracy that has reacted to social unrest and a sharply declining birthrate by reverting to, and going beyond, the repressive intolerance of the original Puritans. The regime takes the Book of Genesis absolutely at its word, with bizarre consequences for the women and men in its population. The story is told through the eyes of Offred, one of the unfortunate Handmaids under the new social order. In condensed but eloquent prose, by turns cool-eyed, tender, despairing, passionate, and wry, she reveals to us the dark corners behind the establishment's calm facade, as certain tendencies now in existence are carried to their logical conclusions. The Handmaid's Tale is funny, unexpected, horrifying, and altogether convincing. It is at once scathing satire, dire warning, and a tour de force. It is Margaret Atwood at her best.

For the first time in the literary tradition, the contemporary woman's historical novel (post-1970) is surveyed from a transnational feminist perspective. Analyzing the maternal (the genre's central theme) reveals that historical fiction is a transnational feminist means for challenging historical erasures, silences, normative sexuality, political exclusion, and divisions of labor. Seminar paper from the year 2015 in the subject Literature - Canada, grade: 2,0, language: English, abstract: The aim of this term paper is to exemplify the central key features in Postmodernism and to analyse in how far Margaret Atwood manages to make use of them in her novel "Alias Grace." Besides, I will concentrate on Atwood's strategies to integrate the postmodern features into the novel and to illustrate them to the reader. The first part of the term paper will be concerned with a general overview of Genette's categories of discourse-oriented Narratology and the postmodern features Fragmentation, Subjectivity, Indeterminacy and Alienation. More precisely, I will define these features and will concentrate on the most important characteristics which can be linked to the novel. I will mention Genette's Narrative Theory because it is especially important when dealing with Fragmentation. The second part will be concerned with these postmodern features with reference to "Alias Grace." Concerning Fragmentation, I am going to illustrate the interchanging narratives in the novel. When dealing with Subjectivity, I will analyse in how far different narratives of the story are subjective. By pointing out several passages in which open questions remain and the reader has to interpret on his own, I will discuss Indeterminacy. After doing so, I am going to point out in how far Fragmentation, Subjectivity and Indeterminacy lead to an Alienation of the reader. At the end of the term paper, a conclusion will be drawn in which one can see in how far Atwood uses postmodern elements in her novel.

This book traces the chronological development of Atwood's global reputation from Canadian nationhood to world-wide politics and from the role of women to gender identity. Chapters offer a comprehensive overview of her poetry, novels, shorter fiction, children's books, criticism and experimental multi-genre work. There are more detailed analyses of Atwood's most influential writing, from her first novels such as *Surfacing* and *The Edible Woman*, through the works that ensured her international reputation such as *The Handmaid's Tale*, *Cat's Eye* and *The Robber Bride*, to her most recent work, *Alias Grace* and *Oryx and Crake*. Wynne-Davies presents these works through an overall understanding of Atwood's intelligence, humour, linguistic dexterity, breadth of vision and ethical integrity.

This new edition includes most of the essays that have made The Broadview Reader one of the most popular first-year textbooks in Canada, and adds 18 fresh selections. As before, essays are gathered into groups by topic, but the editors also provide alternative tables of contents by rhetorical patterns and devices, and by chronology. Each selection is followed by a wide range of questions and suggestions for discussions, and the reader also includes a glossary and biographical notes. Most of the new selections are of recent vintage, but in recognition of the degree to which “modern” issues often have a long and honourable history, the editors have also added several selections by nineteenth-century writers. Also, the reader now includes a full section on “Women in Society.” The book’s balance of Canadian and non-Canadian writers has been maintained, as has the range of different styles and different essay lengths that are included. In all, the new edition includes 80 selections.

French, produced in Canada mainly in the 1980s and 1990s. The approach is both cross-cultural and interdisciplinary, aiming at articulating Canadian differences through a comparison of anglophone and francophone cultures, illustrated by works treating some of the different groups which make up Canadian society – English-Canadian, Québécois, Acadian, Native, and ethnic minorities. The emphasis is on the problematic representation of Canadianness, which is closely bound up with constructions of history and its legacies – dispossession, criminality, nomadism, Gothicism, the Maritime. The English/French language difference is emblematic of Canadian difference; the two-part arrangement, with one section on Literature and the other on Film, sets up the pattern of relationships between the two forms of cultural representation that these essays explore. Essays in the Literature section are on single texts by such writers as: Margaret Atwood, Tomson Highway, Ann-Marie MacDonald, Anne Michaels, and Alice Munro; Gabrielle Roy, Anne Hébert, Antonine Maillet, Bernard Assiniwi, and Régine Robin. The Film section with its mirror structure both supplements and amplifies this dialogue, extending notions of Canadianness with its emphasis on voices from Quebec and Acadia traditionally ‘othered’ in Canadian history. Filmmakers treated include: Phillip Borsos, Atom Egoyan, Ted Kotcheff, Mort Ransen, and Vincent Ward; Denys Arcand, Gilles Carle, Alanis Obomsawin, Léa Pool, and Jacques Savoie.

narrator. Furthermore, I will connect this way of narrating to Grace's quilting which is omnipresent in the series and can be read as another form of communication and narration especially for women at a time where they usually had to stay silent. With a rather powerful voice-over begins the telling of Grace Marks, by that time a 33-year-old maid that was convicted of murdering her former employer Thomas Kinnear and his house keeper Nancy Montgomery together with the stable boy James McDermott. While he gets hanged, Grace is sentenced to life imprisonment. Now, 15 years after her conviction, psychologist Dr. Simon Jordan is hired to talk to Grace to find out if she really was guilty of the murders or not. These are true events that took once place in 1843 and then were adopted for a novel written by Margaret Atwood: Alias Grace. Based on this novel the canadian US-American Drama-mini-series Alias Grace, written by Margaret Atwood and Sarah Polley and directed by Mary Harron, was released in 2017. It is the story of Grace Marks, the question of her innocence and guilt, that is constantly being asked by Dr. Jordan as well as the audience.

Margaret Atwood's novel Alias Grace is based on the murder of Thomas Kinnear and his mistress Nancy Montgomery in 1843. Kinnear's manservant was hung for the crime, but the execution of his supposed accomplice Grace Marks, owing to her "feeble sex" and "extreme youth," was commuted to life. The entire event excited widespread interest although few agreed that justice had been served. Some denounced Grace as a cunning demon, others considered her a terrorized victim of circumstance and pleaded for mercy. These opinions were influenced by various political and religious agendas of the day as well as by Victorian views on gender, class and justice. Little concrete evidence was identified, and journalists contradicted one and other. Everyone who ever set pen to paper on the subject of Grace seems to have been intensely

subjective. In *In Search of Alias Grace*, Margaret Atwood describes her own search for the facts, what she found out, what eluded her grasp and how this process shaped her novel.

Suggesting that politics and power are at the center of Margaret Atwood's fiction, Theodore F. Sheckels examines Atwood's novels from *The Edible Woman* to *The Year of the Flood*. Whether her treatment is explicit as in *Bodily Harm* and *The Handmaid's Tale* or by means of an exploration of interiority as in *Cat's Eye* and *The Robber Bride*, Atwood's persistent concern is with how the empowered act towards those who are constrained within the political, economic and social institutions that facilitate power dynamics. Sheckels identifies an increasing sophistication in Atwood's exposition of power over time that is revealed in the later novels' engagement with social class, postcolonialism, and a globalism that merges science and commerce as issues relevant to politics and power. Acknowledging that Atwood is not a political theorist but a novelist, Sheckels does not suggest that her work should be viewed as political commentary but rather as a creative treatment of the laudable but ultimately only partially successful ways in which women and other groups resist the constraints placed on them by institutionalized oppression.

This edition of "The Canadian Encyclopedia is the largest, most comprehensive book ever published in Canada for the general reader. It is COMPLETE: every aspect of Canada, from its rock formations to its rock bands, is represented here. It is UNABRIDGED: all of the information in the four red volumes of the famous 1988

edition is contained here in this single volume. It has been EXPANDED: since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones; as a result, the text from 1988 has grown by 50% to over 4,000,000 words. It has been UPDATED: the researchers and contributors worked hard to make the information as current as possible. Other words apply to this extraordinary work of scholarship: AUTHORITATIVE, RELIABLE and READABLE. Every entry is compiled by an expert. Equally important, every entry is written for a Canadian reader, from the Canadian point of view. The finished work - many years in the making, and the equivalent of forty average-sized books - is an extraordinary storehouse of information about our country. This book deserves pride of place on the bookshelf in every Canadian Home. It is no accident that the cover of this book is based on the Canadian flag. For the proud truth is that this volume represents a great national achievement. From its formal inception in 1979, this encyclopedia has always represented a vote of faith in Canada; in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated. At the start of a new century and a new millennium, in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations, this "Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future. The statistics behind this volume are staggering. The opening sixty pages list the 250 Consultants, the roughly 4,000 Contributors (all experts

in the field they describe) and the scores of researchers, editors, typesetters, proofreaders and others who contributed their skills to this massive project. The 2,640 pages incorporate over 10,000 articles and over 4,000,000 words, making it the largest - some might say the greatest - Canadian book ever published. There are, of course, many special features. These include a map of Canada, a special page comparing the key statistics of the 23 major Canadian cities, maps of our cities, a variety of tables and photographs, and finely detailed illustrations of our wildlife, not to mention the colourful, informative endpapers. But above all the book is "encyclopedic" - which the "Canadian Oxford Dictionary describes as "embracing all branches of learning." This means that (with rare exceptions) there is satisfaction for the reader who seeks information on any Canadian subject. From the first entry "A mari usque ad mare - "from sea to sea" (which is Canada's motto, and a good description of this volume's range) to the "Zouaves (who mustered in Quebec to fight for the beleaguered Papacy) there is the required summary of information, clearly and accurately presented. For the browser the constant variety of entries and the lure of regular cross-references will provide hours of fascination. The word "encyclopedia" derives from Greek expressions alluding to a grand "circle of knowledge." Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known. Yet now Canada's finest scientists, academics and specialists have distilled their knowledge of our country between the covers of one volume. The result is a book for every Canadian who

values learning, and values Canada.

Seminar paper from the year 2003 in the subject English Language and Literature Studies - Literature, grade: 1,3 (A), 11 entries in the bibliography, language: English, abstract: Next, as we're Servants, Masters at our Hands Expect Obedience to all just Commands; [...] Purchas'd by annual Wages, Cloaths and Meat, Theirs is our Time, our Hands, our Head, our Feet: We think, design and act at their Command, And, as their Pleasure varies, walk or stand [...].<sup>1</sup> This stanza of the poem 'Servitude', written by footman Robert Dodsley in 1728 incorporates the common image of the ideal servant at that time - and this may seem rather shocking to a reader at the beginning of the 21st century. Nowadays, handing over such a large part of an individual's personal freedom to a 'master' seems very problematic or even unthinkable. Especially to let one's 'Head' be 'purchas'd' and to think at another person's 'Command', that is to give up one's freedom of thought, contradicts basic human rights, which are highly valued in today's society. It becomes clear that servitude implies more than just dusting portraits, polishing silver and setting tables - namely restrictions of individual rights, of personal life and consequently of the servant's sense of self. This topic has recently not only been discussed within historical and sociological research but also treated in film and literature, examples being Robert Altman's *Gosford Park*, *Alias Grace* by Margaret Atwood, Marianne Frederiksson's *Hannah's Daughter* and Margaret Foster's *Lady's Maid*. The butler Stevens is the protagonist in Kazuo Ishiguro's novel *The Remains of*

the Day. He tells about his service in a distinguished English manor, Darlington Hall, during the first half of the 20th century. Stevens's life in servitude is characterised by the complete lack of a personal realm. By examining the character Stevens, I want to determine which effects this incompatibility of self and service has on the individual. To begin with, I will bri

Seminar paper from the year 2001 in the subject American Studies - Literature, grade: 1,7 (A-), <http://www.uni-jena.de/> (Institute for Anglistics/American Studies), course: Aspects of the 'Crime Novel' in Canada and Australia, 7 entries in the bibliography, language: English, abstract: With her recent novel *Alias Grace* Margaret Atwood has turned to the field of historical writing. In her novel which is set in 19th century Canada the female protagonist Grace Marks is a convicted murderess who is accused of having killed her master Thomas Kinnear and his mistress, another servant of the house, Nancy Montgomery. At the time Grace was sentenced to death and it was only her claimed madness that saved her from the gallows. When Simon Jordan decides he wants to study Grace's case and cure her from her amnesia, Grace tells him her life story and also the event of the crime is again being brought up, though Grace cannot remember the crime scene itself or having committed the crime. Even though a murder has been committed as one can expect in a crime novel and we can only but assume that Grace has had some part in it, the crime is not the focus of the novel, but rather Grace's story and what we as readers make of it. The novel goes to explore Grace's life, her story telling and therewith her

personality. It is left to the reader to decide whether or not he believes Grace story and accepts her as being innocent. In what way this quest for the truth goes with the notion of a crime novel, shall be investigated in this paper

Memory plays an integral part in how individuals and societies construct their identity. While memory is usually considered in the context of a stable, unchanging environment, this collection of essays explores the effects of immigration, forced expulsions, exile, banishment, and war on individual and collective memory. The ways in which memory affects cultural representation and historical understanding across generations is examined through case studies and theoretical approaches that underscore its mutability. *Memory and Migration* is a truly interdisciplinary book featuring the work of leading scholars from a variety of fields across the globe. The essays are collaborative, successfully responding to the central theme and expanding upon the findings of individual authors. A groundbreaking contribution to an emerging field of study, *Memory and Migration* provides valuable insight into the connections between memory, place, and displacement.

In this lively study of the development and transformation of voices of female offenders in nineteenth-century England, Anne Schwan analyzes a range of colorful sources, including crime broadsides, reform literature, prisoners' own writings about imprisonment and courtroom politics, and conventional literary texts, such as *Adam Bede* and *The Moonstone*. Not only does

Schwan demonstrate strategies for interpreting ambivalent and often contradictory texts, she also provides a carefully historicized approach to the work of feminist recovery. Crossing class lines, genre boundaries, and gender roles in the effort to trace prisoners, authors, and female communities (imagined or real), Schwan brings new insight to what it means to locate feminist (or protofeminist) details, arguments, and politics. In this case, she tracks the emergence of a contested, and often contradictory, feminist consciousness, through the prism of nineteenth-century penal debates. The historical discussion is framed by reflections on contemporary debates about prisoner perspectives to illuminate continuities and differences. *Convict Voices* offers a sophisticated approach to interpretive questions of gender, genre, and discourse in the representation of female convicts and their voices and viewpoints.

Margaret Atwood is one of the most popular and enduring literary novelists of the late twentieth century. This introduction covers Atwood's work from the 1970s to the present, drawing out her recurring themes of Canadian identity and the wilderness, the representation of women and female bodies and history and its narration. Winner of the Margaret Atwood Society Best Book in 1997, the second edition is thoroughly revised and updated and includes four new chapters covering Atwood's recent novels *Alias Grace* and *The Blind Assassin*, her 2002 book on writing *Negotiating with the Dead* and her latest novel *Oryx and Crake*, published in 2003.

Exploring how Margaret Atwood's fiction reimagines the figure of the detective and the nature of crime, Jackie Shead

shows how the author radically reworks the crime fiction

genre. Shead focuses on Surfacing, Bodily Harm, Alias

Grace, The Blind Assassin, Oryx and Crake and selected

short fiction, showing the ways in which Atwood's

protagonists are confronted by their own collusion in

hegemonic assumptions and thus are motivated to

investigate and expose crimes of gender, class and

colonialism. Shead begins with a discussion of how Atwood's

treatment of crime fiction's generic elements, particularly

those of the whodunit, clue puzzle and spy thriller, departs

from convention. Through discussion of Atwood's metafictional

strategies, Shead also examines Atwood's techniques for

activating her readers as investigators who are offered an

educative process parallel to that experienced by some of the

author's protagonists. This book also marks a significant

intervention in an ongoing debate among Atwood critics that

pits the author's postmodernism against her ethical and humanistic concerns.

Written in clear, jargon-free prose, this introductory text charts the variety of novel writing in English in the second half of the twentieth century. An engaging introduction to the English-language novel from 1950-2000 (exclusive of the US).

Provides students both with strategies for interpretation and with fresh readings of selected seminal texts. Maps out the most important contexts and concepts for understanding this fiction. Features readings of ten influential English-language novels including Margaret Atwood's *The Handmaid's Tale*, Kazuo Ishiguro's *Remains of the Day* and Chinua Achebe's *Things Fall Apart*.

About the book: Postcolonial English Literature that has gained wide currency as a theoretical as well as critical approach to postmodernist literature in English owed much to writings of Chinua Achebe and Nadine Gordimer who were the trendsetters. Since then it has been growing in rapid number and many writers alongwith theorists like Edward Said, Gayatri Chakravorty Spivak, Bill Ashcroft and Homi K Bhabha from across the globe have started writing their theory as well as literature. Writers from Africa and the Caribbean, South Asia, mostly from Indian subcontinent, New Zealand, England and Ireland are taking interest in this area of study. Now the area of postcolonial English literature has become so broad and ever-expanding that the task of encompassing it in an anthology has become a tough work. Still the present anthology is an endeavour from the part of authors and contributors to comprise the ever-widening area of postcolonial English literature into twenty one well written chapters of different perspectives which the authors hopefully see serve the window through which the glimpses of many unexplored regions of this area of study will be caught.
