exciting reading and has caught the attention of palaeontologists, historians of science and the general public alike. The papers in this collection go beyond the familiar tales about famous fossil hunters and focus on relatively little-known episodes in the discovery and interpretation (from both a scientific and an artistic point of view) of dinosaurs and other inhabitants of the Mesozoic world. They cover a long time span, from the beginnings of modern scientific palaeontology in the 1700s to the present, and deal with many parts of the world, from the Yorkshire coast to Central India, from Bavaria to the Sahara. The characters in these stories include professional palaeontologists and geologists (some of them well-known, others quite obscure), explorers, amateur fossil collectors, and artists, linked together by their interest in Mesozoic creatures.

Old-fashioned holiday charm abounds with these collectibles and their colorful portraits of ruddy-cheeked children and Santas. A joy to send or keep, reproduced directly from rare originals of 1900-30. An exploration of the artistic and cultural influences that shaped writer and illustrator Edward Gorey The illustrator, designer, and writer Edward Gorey (1925–2000) is beloved for his droll, surreal, and slightly sinister drawings. While he is perhaps best known for his fanciful, macabre books, such as *The Doubtful Guest* and *The Gashlycrumb Tinies*, his instantly recognizable imagery can be seen everywhere from the *New Yorker* to the opening title sequence of the television series *Mystery!* on PBS. *Gorey's Worlds* delves into the numerous and surprising cultural and artistic sources that influenced Gorey's unique visual language. Gorey was an inveterate collector--he called it "accumulating." A variety of objects shaped his artistic mindset, from works of popular culture to the more than twenty-six thousand books he owned and the art pieces in his vast collection. This collection, which Gorey left to the Wadsworth Atheneum Museum of Art upon his death, is diverse in style, subject, and media, and includes prints by Eugène Delacroix, Charles Meryon, Edvard Munch, and Odilon Redon; photographs by Eugène Atget; and drawings by Balthus, Pierre Bonnard, Charles

Burchfield, Bill Traylor, and Édouard Vuillard. As this book shows, these artistic pieces present a visual riddle, as the connections between them—to each other and to Gorey's works—are significant and enigmatic. The essays in Gorey's Worlds also examine the artist's consuming passions for animals and ballet. Featuring a sumptuous selection of Gorey's creations alongside his fascinating and diverse collections, Gorey's Worlds reveals the private world that inspired one of the most idiosyncratic artists of the twentieth century.
