This Technical Note discusses the findings and recommendations in the Financial Sector Assessment Program for the Netherlands on the insurance and pension sectors. The governance, accountability, and internal processes of the supervisors, operating under a well-functioning twin-peaks model, are robust. With two-tier boards that include independent members, and an internal audit department, the governance structure of both supervisors is vigorous. Detailed documentation supports the internal processes. Discussions are underway to determine a new structure for the pension system, which may include shifting risks to the participants.

Multi-volume major reference work bringing together histories of companies that are a leading influence in a particular industry or geographic location. For students, job candidates, business executives, historians and investors.

Tatsuya Miyanishi graduated from the Nihon University College of Art and was a doll artist and graphic designer before becoming an acclaimed picture-book author. He has won the Kodansha Cultural Award for Picture Books, as well as the Kenbuchi Picture Book Grand Prize. The author hopes the readers can feel the importance of love and justice through his works, and repeatedly practice, examine the core of life, and what needs to be valued and cherished.
