title caught your eye, didn't it? I'm glad it did. You
know, I mean every word of it. The world is full of cry-
babies dressed in men's clothes. It's full of beta
males; damaged, low status males who get pushed
back and forth by everyone else. Soft, anxious,
procrastinating individuals who have no idea of what
they want in life. Individuals who think women are
superior beings, far, far from their reach. Are you
one of these men? It's okay, I used to be one of
them too. But I'm not anymore. I've been taught. I've
learned. I've changed my life. And so will you, once
you finish reading this book. So listen: are you ready
to get into a massive paradigm shift? Are you ready
to incorporate the traits that will turn you into the
man you're supposed to be? GREAT. Let's do this
thing. I wrote this book for a reason. I wrote this book

because I'm pissed off. And I know that deep down, you're too. I may not know you, but I certainly know something about you: both you and me are alike. We don't settle for average. We KNOW there is more in life than to feel like crap all day long. We KNOW we can get better. We KNOW there is a better path for ourselves. Where is that path? When did we lost it, and why? What does it take to attract beautiful women, make money, and ultimately build an amazing life? Hey, I'm NOT saying the journey is easy. It's not easy, but it's possible. There is a way we can become real MEN. A way we can reclaim our manhood, living a life in our own terms. This is absolutely key! Don't worry, we'll get everything in place throughout this book. Where should you start? What beliefs should you leave behind? Most importantly, what concrete steps you should follow to go from zero to hero? What should you DO starting today? Relax! This book will cover each and every one of those subjects. I will take you through multiple lessons I have personally incorporated throughout my life. Lessons that changed my life, and certainly will change YOURS too! My goal is simple. I will first open your eyes to the reality that deep down you're already aware of in some way. Like when Neo takes the red pill on Matrix. You will start seeing things. And once you do, your approach to masculinity will change. Sounds too difficult? It's not. I will take you through a step by step guide where you simply can't

The concept of Alpha Female hasn't been so explored and referred to as what happens to Alpha Male. Therefore, isn't easy to find a common agreement about how an Alpha Woman should look like or behave. As most perspectives taken into consideration portray a negative image of what it means to be active as a woman, most end up waiting, dreaming, forgetting and giving up fighting for their rights. And, as the world evolves and changes, the gap between reality and common believes expands, leading many to despair and suffering. The need for women to be active and persistent in chasing their happiness has never been so important as now. But, in order to be fulfilled, a woman needs to become responsible for her own happiness. The role of women needs to evolve with the rest of the world, and even though women have learned this lesson well in many other areas of life, not much has changed in the field of seduction, relationships and love. But, active women take their genes into the next generation, while passive women are being drawn to extinction. The study of what it means to be an Alpha Female is not only related to behavior, appearance and relationships, or even happiness, but the whole future of mankind, because these are the women that will be ahead of their time.

Nowadays, men tend to become more passive and selective, allowing their behavior to evolve with their new status, which in most cases represents a minority. And, a decrease in the number of men available leads women to problems related to competition between themselves and selection of the best available. Therefore, it becomes important to know where and how to find one, but also keep him and know which is worth choosing and having. Alpha Females have learned to be smart, quick and effective, in finding and choosing the man they want, not necessarily because they want to, but because they recognize the emergency of doing so, in order to avoid what other women reject. But, they have a clear advantage that won't share with other women, due to their typical competitive attitude, reason why a woman won't ever write a good book about this topic and all the best have been written by men, even though rarely covering a complete magnitude of the Alpha panorama, which as men they can't fully understand. This book shows the path in the most complete form possible, and many women have succeeded with its application since the first edition was published. But, it's because these same women couldn't succeed with the application of many other bestsellers, that this one in particular distinguishes itself as the most efficient available today.

Learn to become the alpha male you always wanted to be! So many guys just don't get it. It's not about

being mean, it's not about being nice. It's about self-confidence. But that being said, there is so much more to it. If that was the only thing, then why are so many single men missing the point? And that being said, why are so many married men still not getting it? It's because so many guys either don't know anything about the innate alpha male traits that attract women, or they don't think about it enough. Can being an alpha male be learned? Definitely. So don't wait if you want to have more success with the ladies. Just pick up this book and start your journey to a better, more flirtatious, more successful life with a good relationship. To understand women is to understand 50% of the world's population. You can't buy that power anywhere. You have to learn about it and discover it from experience.

All guys are supposed to be confident, right? And real men must dominate over everyone else, have no needs, show no emotions and always be winning! But this struggle for dominance and hiding of emotions comes at a great cost. It disregards other people, drives abuse, relationship failure and mental health problems. Self-esteem and mental health are one of the last things men want to talk about. With all these false constructs out there about what it means to be a man it's no wonder that most of us men feel as though we don't match up. So we suffer in silence and isolation. Barely been anything has been written about addressing these issues. Even though it's well

this story-it's embarrassing and I don't want you to laugh yet. Listen, if I count how many times I have been friend-zoned, you'll feel depressed on my behalf. The last one was many years ago when I was studying in Singapore. The next day, after my heartbreak, my roommate, Michael, called me and said, "Barack Obama is around. He's at Orchard to meet with Lee Kuan Yew-come, come, come." Michael didn't know what I was going through. He was at Orchard having fun, but I was at home feeling heartbroken and Obama wasn't the solution I needed at that moment-I needed a relationship expert. Luckily, I have become that person I needed and I'll guide you through the ups and downs of how women work, how to get any woman without being friend-zoned and many more things acclaimed dating gurus won't tell you. In all things, honesty and foundation are key, and that's how we'll start. Skip this stage and you'll be in trouble... You've been lied to by dating gurus. Listen, my case was worse than yours. I thought it was because I came from a not-so-rich family or because I wasn't too tall and handsome. The truth is: I was in my head. I was the one killing myself-just the same way you're mentally sabotaging yourself without knowing. I wish someone had told me all the things I discovered throughout my struggles in understanding women-it would've saved me time and energy. "Never worry about action, but only inaction." -

Winston Churchill Take action right now by scrolling up and getting yourself your personal copy to discover what is truly inside the book.

He strolls into the room and abruptly everyone's eyes are on him. His outfit shouts that he's a man that takes pride by the way he looks; his nearness oozes certainty; he's normally magnetic; and when he talk's individuals are really keen on what he needs to say. Other men wish that they could be him and lady need to date him. So who is this charming animal who knows how to leave individuals

speechless with just his nearness? He is the ALPHA MALE. Initially, the term Alpha male was connected with zoological studies and made reference to the overwhelming guys of the set of all animals. This reference has much to do with the way that in the Greek letter set, the principal letter is Alpha. Things being what they are, today, and society has ended up fixated on the trendy expression Alpha male.

Tragically, there are various persons who have the wrong thought regarding who an Alpha male truly is (the human Alpha male that is). Doing a reversal to the zoological reference, you'll see that there is a sure route in which the Alpha guys in the set of all

animals carry on. The predominant guys are noticeably all the more effective and bigger, and will win their position by either battling or scaring alternate guys of their kind. For instance, the male gorillas demonstrate their quality and predominance by beating their mid-sections, while the male lions normally battle for their position as the prevailing ones. Are the human Alpha guys truly like those of the set of all animals? As specified some time recently, as it identifies with us people, people at times are misconstrued about who an Alpha male is. At whatever point they hear the term they in a flash picture a boisterous, buff, selfish man who is continually forceful, harassers others to get what he needs, may even do the reprehensible and allude to himself in the third individual, and who obviously is never without a lady to lay down with on any given night. While the depiction above may have a few likenesses to the predominant guys in the set of all animals, this sort of conduct won't work in our general public. Men can't win their positions of force by circumventing putting down, scary and battling other men. It simply won't work. Moreover, people, not at all like their set of all animals' partners, are dreadfully clever for such unimportant conduct (at any rate a few of us are). A genuine Alpha male is a man who is decisive without waiting be forceful. He is a man who can take control over any circumstance when essential; the embodiment of a

genuine pioneer, however he doesn't need to put down other men to get to that position. On the off chance that (and just if) requirements be, he knows how to protect himself and everything that is his. A smooth talker is he, without being slippery. A man of his assertion. A man who holds ladies in a profoundly respectable position, continually guaranteeing that the ladies in his organization are well dealt with, and never abusing them or strolling over them since he supposes they are the "sub-par sexual orientation".

Much has been written about becoming an "alpha male" most of it is regurgitated nonsense and yet still many males obsess over this concept. What does it mean to be an alpha male and (more importantly) how can I become one so that I can reap all of the benefits that I hear so much about. That men will respect me, girls will want me, and overall I'll be a dominant leader. While the word alpha male means different things to different people it always conjures up the same idea. The man who is the head of the pack, that men respect and women want. A man that put bluntly we'd all like to be a little more of. While we all agree on the concept of an alpha male most go wrong with their application. They go wrong because they fail to understand that becoming an alpha male is a biological process. They say be confident or think of yourself more and boom you'll be an alpha male that's reaping all the rewards. But it's not that simple like I said becoming an alpha male is a biological

The business world swarms with alpha males—powerhouses who take charge, produce astonishing results, and bring enormous value to their organizations. But many alphas also leave a path of destruction in their wake. Competitive, belligerent, and impatient, these hard-charging leaders can run roughshod over colleagues and employees, to the detriment of their careers and the bottom line. In Alpha Male Syndrome, Kate Ludeman and Eddie Erlandson build on their Harvard Business Review article “Coaching the Alpha Male”—sounding a wake-up call to all alphas and the companies they work for. The authors

show alphas how to leverage their unique strengths while confronting their destructive “flip side risks.” They describe the distinguishing dynamics of the alpha male syndrome and identify four breeds: commanders, executors, strategists, and visionaries. By understanding each type’s nuances, alphas can transform themselves into more effective leaders. And those who work with alphas can transform nightmare work groups into collaborative dream teams. Exercises, checklists, and tips enable readers to harness the enormous power of the alpha personality while minimizing the downsides of alpha behavior.
