The Miss America pageant has been held in Atlantic City for the past hundred years, helping to promote the city as a tourist destination. But just a few streets away, the city hosts a smaller event that, in its own way, is equally vital to the local community: the Miss'd America drag pageant. Drag Queens and Beauty Queens presents a vivid ethnography of the Miss'd America pageant and the gay neighborhood from which it emerged in the early 1990s as a moment of campy celebration in the midst of the AIDS crisis. It examines how the pageant strengthened community bonds and activism, as well as how it has changed now that Rupaul's Drag Race has brought many of its practices into the cultural mainstream. Comparing the Miss'd America pageant with its glitzy cisgender big sister, anthropologist Laurie Greene discovers how the two pageants have influenced each other in unexpected ways. Drag Queens and Beauty Queens deepens our understanding of how femininity is performed at pageants, exploring the various ways that both the Miss'd America and Miss America pageants have negotiated between embracing and critiquing traditional gender roles. Ultimately, it celebrates the rich tradition of drag performance and the community it engenders.

The Sun is so powerful, so much bigger than us, that it is a terrifying subject. Yet though we depend on it, we take it for granted. Amazingly the first book of its kind, CHASING THE SUN is a cultural and scientific history of our relationship with the star that gives us life. Richard Cohen, applying the same mix of wide-ranging reference and intimate detail that won outstanding reviews for *By the Sword*, travels from the ancient Greek astronomers to modern-day solar scientists, from Stonehenge to Antarctica (site of the solar eclipse of 2003, when penguins were said to sing), Mexico's Aztecs to the Norwegian city of Tromsø, where for two months of the year there is no Sun at all. He introduces us to the crucial 'sunspot cycle' in modern economics, the religious dances of Indian tribesmen, the histories of sundials and calendars, the plight of migrating birds, the latest theories of global warming, and Galileo recording his discoveries in code, for fear of persecution. And throughout, there is the rich Sun literature -- from the writings of Homer through Dante and Nietzsche to Keats, Shelley and beyond. Blindingly impressive and hugely readable, this is a tour de force of narrative non-fiction.

The world of contemporary American infants and young children is saturated with inappropriate images of American Indians. *American Indian Stereotypes in the World of Children* reveals and discusses these images and cultural stereotypes through

writings like Kathy Kerner's previously unpublished essay on Thanksgiving and an essay by Dr. Cornell Pewewardy on Disney's Pocahontas film. This edition incorporates new writings and recent developments, such as a chronology documenting changes associated with the mascot issue, along with information on state legislation. Other new material incorporates powerful commentary by Native American veterans, who speak to the issue of stereotyping against their people in the military. Also includes a new expanded annotated bibliography.

A world list of books in the English language.

Primary source documents, often accessible only in musty archives, are the raw material from which historians craft their stories. The American Spirit is a virtual archive where students can touch the evidence deposited by the living, breathing, often conflicted and frequently contentious men and women who lived and shaped America's past.

"Even well-meaning fiction writers of the late Jim Crow era (1900-1955) perpetuated racial stereotypes in their depiction of black characters. The best known white writers of black characters included Booth Tarkington, Irvin S. Cobb, Roark Bradford, Hugh Wiley, Charles Correll and Freeman Gosden. These writers left a curious legacy that deserves examination"--

A fresh exploration of American feminist history told through the lens of the beauty pageant world. Many predicted that pageants would disappear by the 21st century. Yet they are thriving. America's most enduring contest, Miss America, celebrates its 100th anniversary in 2020. Why do they persist? In *Here She Is*, Hilary Levey Friedman reveals the surprising ways pageants have been an empowering feminist tradition. She traces the role of pageants in many of the feminist movement's signature achievements, including bringing women into the public sphere, helping them become leaders in business and politics, providing increased educational opportunities, and giving them a voice in the age of #MeToo. Using her unique perspective as a NOW state president, daughter to Miss America 1970, sometimes pageant judge, and scholar, Friedman explores how pageants became so deeply embedded in American life from their origins as a P.T. Barnum spectacle at the birth of the suffrage movement, through Miss Universe's bathing beauties to the talent- and achievement-based competitions of today. She looks at how pageantry has morphed into culture everywhere from *The Bachelor* and *RuPaul's Drag Race* to cheer and specialized contests like those for children, Indigenous women, and contestants with disabilities. Friedman also acknowledges the damaging and unrealistic expectations pageants place on women in society and discusses the controversies, including Miss America's ableist and racist history, Trump's ownership of the Miss Universe Organization, and the death of child pageant-winner JonBenét Ramsey. Presenting a more complex narrative than what's been previously portrayed, *Here She Is* shows that as American women continue to evolve, so too will beauty pageants.
