

Americana 2011 Wall Calendar

Collects the author's responses to letters written to him over the course of his career

Explores the history and the underlying basis for the important calendars of the world, from ancient times to modern, and provides descriptions of calendars devised by the Egyptians, the Mayans, the Aztecs and other civilizations

A collection of the articles Flora Thompson wrote for a small magazine, the Catholic fireside, between 1916 and 1928, when she lived in Liphook in Hampshire as the postmaster's wife. Her interest was captured by many things, including a kestrel hunting in the January skies, the return of migrant birds in April, the remedial properties of the elder tree, and the solitary life of the ploughman. Flora Thompson is perhaps best-known as the author of the country classic, Lark rise to Candleford, and her remarkable observations about the countryside form a valuable part of the history of rural England.

Reflective poems portray the passage of time and the changing of the seasons

Creativity is not just painting or writing—it's stepping outside the way you normally think to achieve greater happiness and personal fulfillment. With mindful, heart-based practices, 99 Keys to a Creative Life helps you make the most of your creative opportunities, transforming the ordinary into the extraordinary. Nurture and strengthen your imaginative expression, as well as your link to what inspires you, by applying the 33 keys found in each of the three sections: awareness, intuition, and connection to spirit. These keys provide practical methods for daily inspiration and action, making every day more creative and successful. Presenting innovative ways to raise your focus and express yourself, author Melissa Harris shows you how to unlock the gate to a more creative life.

This book contextualizes the discovery of a Venus astronomical pattern by a female Mayan astronomer at Chich'en Itza and the discovery's later adaptation and application at Mayapan. Calculating Brilliance brings different intellectual threads together across time and space, from the Classic to the Postclassic, the colonial period to the twenty-first century to offer a new vision for understanding Mayan astronomy.

He has competed in several men's Olympic basketball tournaments. now you can spend the year with your hero lebron James this year . this wall calendar 2021 Sixteen-month wall calendars include each month in 2021, as well as the first four months of 2022.

Anyone with any kind of digital presence is a publisher. That includes web sites, but also businesses that blog, are present on social media sites such as Facebook, YouTube or Twitter, and even companies that publish and disseminate content digitally, such as white papers, e-books, podcasts, etc. The reason for this shift is clear: it's easier and cheaper than ever to have a digital presence - and to use your digital profile to market to your customers and prospects. Doing so reduces, and in some cases, eliminates, the need for advertising. Why buy media when you ARE the media? But as we all know, with great power comes great

responsibility. What kind of content should you publish? In what forms, and on what platforms? How do you ensure that you'll keep having things to say, and how will you say them effectively, in a consistent "voice" unique to your organization? How will you know if your content strategy is working?

As Jimmy Carter ascended to the presidency the heir apparent to Democratic liberalism, he touted his background as a born-again evangelical. Once in office, his faith indeed helped form policy on a number of controversial moral issues. By acknowledging certain behaviors as sinful while insisting that they were private matters beyond government interference, J. Brooks Flippen argues, Carter unintentionally alienated both social liberals and conservative Christians, thus ensuring that the debate over these moral "family issues" acquired a new prominence in public and political life. The Carter era, according to Flippen, stood at a fault line in American culture, religion, and politics. In the wake of the 1960s, some Americans worried that the traditional family faced a grave crisis. This newly politicized constituency viewed secular humanism in education, the recognition of reproductive rights established by *Roe v. Wade*, feminism, and the struggle for homosexual rights as evidence of cultural decay and as a challenge to religious orthodoxy. Social liberals viewed Carter's faith with skepticism and took issue with his seeming unwillingness to build on recent progressive victories. Ultimately, Flippen argues, conservative Christians emerged as the Religious Right and were adopted into the Republican fold. Examining Carter's struggle to placate competing interests against the backdrop of difficult foreign and domestic issues—a struggling economy, the stalled Strategic Arms Limitation Talks, disputes in the Middle East, handover of the Panama Canal, and the Iranian hostage crisis—Flippen shows how a political dynamic was formed that continues to this day. The latest edition of the Ansel Adams wall calendar reproduces 13 classic images by the master photographer, chosen to reflect the changing seasons. Well-known and less familiar photographs are included, depicting grand vistas of the American West as well as intimate studies of plant life, among other favourite subjects. The 2011 calendar is an elegant addition to any home or office, as well as an attractive gift.

Dustin Hunter Johnson (born June 22, 1984) is an American professional golfer who plays on the PGA Tour. He has won two major championships, the 2016 U.S. Open at Oakmont Country Club with a 4-under-par score of 276 and the 2020 Masters Tournament with a record score of 268, 20-under-par. He had previously finished in a tie for second at both the 2011 Open Championship and the 2015 U.S. Open. He has six World Golf Championships victories, with only Tiger Woods having won more, and he is the first player to win each of the four World Golf Championship events. Now you can spend the year with your favorite hero and legend Dustin Johnson this 2021 wall calendar. Sixteen-month wall calendars include each month in 2021, as well as the first four months of 2022.

Egypt's Arabian Horse Wall Calendar 2011

A collection of twelve poems describing the activities in a child's life and the changes in the weather as the year moves from January to December.

An infamous clause in Willa Cather's will, forbidding publication of her letters and other papers, has long caused consternation

among Cather scholars. For Cather, a complex and private person who seldom made revelatory public pronouncements, personal letters provide-or would provide-an especially valuable key to understanding. But because of the terms of her will, that key is not readily available. Cather's letters will not come into public domain until the year 2017. Until then, even quotation, let alone publication in full, is prohibited. Janis P. Stout has gathered over eighteen hundred of Cather's letters--all the letters currently known to be available--and provides a brief summary of each, as well as a biographical directory identifying correspondents and a multisection index of the widely scattered letters organized by location, by correspondent, and by names and titles mentioned. This book will be an essential resource for Cather scholars.

In the twentieth century, celebrations of historical anniversaries abounded. There was the bicentennial of the French Revolution, the 150th anniversary of photography, Bach's 300th anniversary, and the 200th anniversary of the American Constitution, to name just a few. Every year hundreds of anniversaries still attract media attention and government investment in ever greater degrees. Deploying an astonishing array of insights, *Celebrations* explores the causes and consequences of this major phenomenon of our time. As Johnston shows, anniversaries fulfill a number of needs. They provide the kind of experience of regularity across a lifetime that the weekly cycle supplies in daily life. The use of anniversaries for political ends emerged during the French Revolution and expanded to promote nationalism during the nineteenth century, although there are differences in how they are used. Europeans tend to celebrate cultural heroes, while Americans tend to celebrate events. Entire nations exploit anniversaries of founding events in order to promote national identity. Commercially, there are whole industries built around commemoration, and they provide intellectuals an opportunity to take center stage. Using methods of cultural history, sociology, and religious studies, Johnston shows how the cult of anniversaries reflects postmodern concerns. It fills a void left by the disappearance of ideologies and avant-gardes. In an era when there is little consensus about styles or methods, anniversaries allow intellectuals, businesses, and governments to acknowledge and celebrate every nuance of opinion. By suggesting ways to use anniversaries more creatively, this book offers a broad range of insights.

The book records man's creative achievement chronologically over the ages in all its immense variety.

Artists, poets, and historians have for centuries been inspired by the great beauty and romantic legacy of the Arabian horse, the finest of which, with the purest bloodlines, are bred in Egypt. In this beautifully produced wall calendar, 12 extraordinary full-color photographs celebrate the lineage of this living treasure of Egyptian heritage.

Uyematsu's poems articulate a distinct perspective--a life defined by poetry, mathematics and Asian identity.

An expansive take on American Art Deco that explores Chicago's pivotal role in developing the architecture, graphic design, and product design that came to define middle-class style in the twentieth century Frank Lloyd Wright's lost Midway Gardens, the iconic Sunbeam Mixmaster, and Marshall Field's famed window displays: despite the differences in scale and medium, each belongs to the broad current of an Art Deco style that developed in Chicago in the first half of

the twentieth century. This ambitious overview of the city's architectural, product, industrial, and graphic design between 1910 and 1950 offers a fresh perspective on a style that would come to represent the dominant mode of modernism for the American middle class. Lavishly illustrated with 325 images, the book narrates Art Deco's evolution in 101 key works, carefully curated and chronologically organized to tell the story of not just a style but a set of sensibilities. Critical essays from leading figures in the field discuss the ways in which Art Deco created an entire visual universe that extended to architecture, advertising, household objects, clothing, and even food design. Through this comprehensive approach to one of the 20th century's most pervasive modes of expression in America, Art Deco Chicago provides an essential overview of both this influential style and the metropolis that came to embody it.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
