As a journalist, Kevin Bloom had witnessed and reported on the rising tide of violence in post-Apartheid South Africa. But when his own cousin was killed in a vicious random attack, the questions he'd been asking about the troubling political and social changes in his country took on a sickeningly personal urgency. Suddenly, it felt as though this South Africa was no longer the place he'd grown up in or the place which felt like home. Still stunned by the loss, Bloom begins to trace the path of violence from the murder of his cousin in the hills of Zululand to the fatal shooting of the historian David Rattray, linking these individual crimes to the riven political landscape, and the riots and xenophobic attacks of 2008. Visceral, complicated and compassionate, *Ways of Staying* is an eloquent account of how the white community is coping with black majority rule, and in particular how one family is coping in the aftermath of their own private tragedy.

Public Interest Litigation in South Africa offers grounded accounts - by leaders in the field - of the campaigns, cases, and causes that have defined key areas of public interest litigation in the country since the constitutional transition. The authors share their perspectives on the struggles led by people, communities, activists, and civil society organisations to realise the vision of the Constitution. The book shares the legal narratives of those particular struggles in the hope that this will contribute to the broader continuous struggle for social justice. Part One of the book considers the history of public interest litigation, the public interest sector today, public interest litigation in the context of international law, the ethics and politics of public interest litigation, and procedure. Part Two addresses public interest litigation in key areas of law: property rights, gender, basic services, health care, LGBTI equality, children's rights, basic education, freedom of expression, access to information, and prisoners' rights. Public Interest Litigation in South Africa seeks to share more of the stories of what has been achieved in the courts, beyond the well-trodden, landmark appellate decisions, as a contribution to informed and critical engagement.
