From the author of *A Brooklyn Story* and one of USA TODAY's celebrated "New Voices of 2011," comes a new novel which exposes the over-the-top decadence—and corruption—of Wall Street's elite. Hailed as one of USA Today's New Voices for her 2011 literary debut, *Brooklyn Story*, Suzanne Corso brings back the "true female voice" (The New York Times) of aspiring author Samantha Bonti in this breathtaking companion novel. **IT WAS THE DECADE OF BIG MONEY, BIG RISKS, BIG HAIR, AND BIG DREAMS . . . AND THERE WAS ONLY ONE BIG CITY WHERE IT COULD ALL HAPPEN** Growing up in Brooklyn, Samantha Bonti knew the writer's life she was meant to live waited across the bridge in Manhattan. Summoning the courage to break free from an abusive mobster boyfriend, Sam finally leaves Bensonhurst and begins her new life, working as a temp in a Wall Street brokerage firm. Quickly, she's swept off her feet by Wall Street player Alec DeMarco, a man of boundless energy, appetites, desires, and the wealth to indulge it all. In a whirlwind courtship, Alec showers Sam with exquisite gifts, the city's finest cuisine, spontaneous weekend

getaways, and, most of all, the love and security a girl from an unstable Brooklyn upbringing craves. But when the party's over—when Alec's high-flying career turns litigious and the big money is left on the table—will love be enough to sustain them? With her dream of publishing her novel still very much alive, Sam can't back down now; she must choose the life that's most true to who she really is inside.

From first picking up a guitar, to writing songs and discovering a connection to the universal source of creativity, *Uncertain Heaven* is a rock 'n roll memoir that tells the story of one man's creative path, a journey that becomes inextricably intertwined with a search for the meaning of our existence and mankind's relationship with God. A story of record deals, songs heard by billions on syndicated television shows, the highs and lows of an indifferent music industry, the painful reality of playing 'music-by-the-yard' and the sheer joy of putting your finger up into the ethos and downloading a song - just like Keith Richards. After years of following the muse wherever she leads, an existential crisis leads the author to peel back the mysteries of life itself, follow what surely seems meant to be, only to find himself standing on the precipice at his own potential demise. The central character in Susan Naquin's extraordinary new book is the city of Peking during the Ming and Qing periods. Using the city's temples as her point of

entry, Naquin carefully excavates Peking's varied public arenas, the city's transformation over five centuries, its human engagements, and its rich cultural imprint. This study shows how modern Beijing's glittering image as China's great and ancient capital came into being and reveals the shifting identities of a much more complex past, one whose rich social and cultural history Naquin splendidly evokes. Temples, by providing a place where diverse groups could gather without the imprimatur of family or state, made possible a surprising assortment of community-building and identity-defining activities. By revealing how religious establishments of all kinds were used for fairs, markets, charity, tourism, politics, and leisured sociability, Naquin shows their decisive impact on Peking and, at the same time, illuminates their little-appreciated role in Chinese cities generally. Lacking most of the conventional sources for urban history, she has relied particularly on a trove of commemorative inscriptions that express ideas about the relationship between human beings and gods, about community service and public responsibility, about remembering and being remembered. The result is a book that will be essential reading in the field of Chinese studies for years to come.

woman's life because she never gave up hope in Him. In WITH MY HAND IN HIS, I am reminded that God is who He says He is, and we can confidently rely on Him through all the seasons of our lives, if we keep our hand in His and believe that hope lives on. Little did I know (but God knew), when the author asked me to help her edit her writing, I would be in deep need of the encouragement found in her book. —Helen Nordquist, With My Hand in His editor

Jan Morris (then James) first visited Trieste as a soldier at the end of the Second World War. Since then, the city has come to represent her own life, with all its hopes, disillusionments, loves and memories. Here, her thoughts on a host of subjects - ships, cities, cats, sex, nationalism, Jewishness, civility and kindness - are inspired by the presence of Trieste, and recorded in or between the lines of this book.? Evoking the whole of its modern history, from its explosive growth to wealth and fame under the Habsburgs, through the years of Fascist rule to the miserable years of the Cold War, when rivalries among the great powers prevented its creation as a free city under United Nations auspices, Trieste and the Meaning of Nowhere is neither a history nor a travel book; like the place, it is one of a kind. Jan Morris's collection of travel writing and reportage spans over five decades and includes such titles as Venice, Coronation Everest, Hong Kong, Spain, Manhattan '45, A Writer's World and the Pax Britannica Trilogy. Hav, her novel, was shortlisted for the Booker Prize and the Arthur C. Clarke Award.

A collection of essays by noted naturalist John Burroughs in which he contemplates a wide array of topics including farming, religion, and conservation. A departure from previous John Burroughs anthologies, this volume celebrates the surprising range of his writing to include religion, philosophy, conservation, and farming. In doing so, it emphasizes the process of the literary naturalist, specifically the lively connection the author makes between perceiving nature and how perception permeates all aspects of life experiences.

Renaissance in Japan is a superb survey of Japan's literary giants—forerunners of today's modern Japanese writers. Called the "Kyoto epoch," the age in which these writers lived was the period in which Japanese cultural development made many of its greatest advances. In these years of the early Tokugawa era, the old aristocratic culture was confronted with the new plebeian awakening, giving rise to dynamic social developments, in effect a peaceful revolution. The humanistic movement that emerged during this period is epitomized in and popular arts and letters by such famous figures as Basho, the pilgrim poet; Saikaku, novelist of the gilded age, and Chikamatsu, Japan's greatest playwright. In that stirring period Basho wrote such undying poetry as: "The lark sings through the long spring day, but never enough

for its heart's content." Saikaku noted that "love is darkness, but in the land of love the darkest night is bright as noon." Chikamatsu wrote wisely that "art is something which lies in the slender margin between the real and the unreal." In Japan it was the beginning of the end of the feudal Dark Ages—even though the political ramifications would not be manifest until the advent of the Meiji Restoration.

This volume features dozens of Basho's poems as well as works by his predecessors and ten of his disciples — Kikaku, Ransetsu, Joso, and Kyoroku among them.

So long as man does not bother about what he is or whence he came or whither he is going, the whole thing seems as simple as the verb "to be"; and you may say that the moment he does begin thinking about what he is (which is more than thinking that he is) and whence he came and whither he is going, he gets on to a lot of roads that lead nowhere, and that spread like the fingers of a hand or the sticks of a fan; so that if he pursues two or more of them he soon gets beyond his straddle, and if he pursues only one he gets farther and farther from the rest of all knowledge as he proceeds.
