Story Behind the Book "Three key experiences in my life have come together to make this book a reality. First, as the pastor of a local

church for thirteen years, I have had the privilege of visiting people who are facing imminent death, conducting funerals, and ministering to grieving families. During these times people often have probing questions about life after death. Second, due to my interest and writing in the area of Bible prophecy, I am frequently asked questions about the afterlife at conferences and via e-mail. Third, all kinds of books, TV shows, and groups out there today are fostering unbiblical views of life after death. Knowing that this is a subject of universal interest and great confusion, I have a passionate desire to create a user-friendly, clear, straightforward resource to answer all the key questions that people everywhere are asking about life's greatest mystery."

Dr Deepak Chopra, the world-famous pioneer in the field of mind-body medicine, addresses one of the fundamental questions of existence: what happens when we die?. Drawing upon personal experience, the wisdom of ancient Vedic philosophy and state-of-the-art particle physics, Chopra helps us to overcome our fears about dying and to consider the fantastic possibilities that may await us in the afterlife. This is the book that Dr Chopra has been preparing to write his entire life. In it, he considers the theory that death is an illusion of the senses and that the soul survives in an ongoing spiral of refinement, ending in enlightenment. Thought-

provoking exercises offer a first-hand experience of these and other ideas, helping you to make sense of your own spirituality whatever path you choose to follow, and offering you your very own map of eternity.

The true story of a big firm attorney's death, afterlife, and return to human life that will astound you with its details about the purpose of life, what the afterlife is like, and how we can improve our human lives by using spiritual powers

This collection of essays clarifies many of the mysteries regarding the inner-side of life, ranging from a fresh understanding of our relationship with God, to an explanation of the soul, the Angelic Kingdom, communication with spirit, and the afterlife. Defining the Soul answers such questions as does everyone have a soul? Do animals have a soul and an afterlife? And the Twin Soul Concept provides an in-depth explanation of the reason for the attraction between the sexes, and why we have 'soul-mates.' The Angelic Kingdom describes the role of angels, their origin, evolutionary pattern, and relationship with the 'little people' (fairies, etc.). Proof of continued existence after the ending of physical life, and the conditions we can expect in the next stage of our eternal journey, is contained in Afterlife: The Next Great Adventure. As most of this information came from beings who have already made their transition, the essay Spirit Communication explains

how such contact is possible, and how to determine the accuracy of this communication. Mantra and Meditation offers guidance for both this life and the afterlife. And New Age Thought, Christianity and Vedanta explains the innate harmony which exists between these apparently different teachings. Reassurance and Hope From the Other Side Ever since she was a child, psychic medium Kristy Robinett has communicated with spirits who have shared their experiences of death and what happens afterwards. In this collection of heartwarming stories that answer the most common questions about the afterlife, Robinett delves into the nature of heaven, if there is a hell, and what the transition to the Other Side is like. With personal experiences and stories from clients, Kristy explores the many signs and symbols that our loved ones share with us to assure that it is, indeed, a wonderful afterlife.

Olson is a former skeptic who began investigating evidence of life after death after the passing of his father. This book is a comprehensive resource answering the most crucial questions about what happens when we die. He considers near-death experiences, after-death communications, spirit contact through mediums, past lives, past-life memories, out-of-body experiences, dream visitations, and much more.

A best gift for your loved ones. This is a fictional script that touches on topics like death, family,

relationship, social expectations, regret and acceptance to deliver some social messages. While this book is an imaginary story, still you will realise – how valuable our life is. Currently, most of us value people for their materialistic assets, not for the kind of people they are. The book takes a bold and decisive look at how we, as humans, try to understand mystical happenings that often occur around us. We ignore this and avoid finding answers to them. We not only see events unfold from its imaginary character's perspective, but also see how the living try to rationalise events that they do not comprehend.

Answers from Heaven is for anyone who has ever wondered if there is an afterlife and if it is truly possible to contact the spirit world. doctor, has collected numerous testimonies concerning the afterlife. Moreover, some of his observations call into question this idea of nothingness. What are the reasons for believing in an afterlife? What if death were not the end, but a stage of life? \*Buy now the summary of this book for the modest price of a cup of coffee!

All religions believe in an afterlife existence immediately after death. All believe in the immortality of the soul. Some believe in reincarnation. Jews, Christians, and Muslims believe that good people will go to Heaven, evil ones will go to Hell. Many devout Jews pray to their Saints in Heaven. Catholics pray to their Saints, especially to Mary -- The Queen of Heaven. Protestants pray to their loved ones in Heaven. Devout Muslims believe that their Prophet Muhammad ascended up to Heaven from Jerusalem. They regard this city as the third holiest place to Islam. As a consequence, much of the Jew/Arab conflict centers over the holiness of the City to both Jews and Muslims -- and the alleged Temple Mount true location. Fanatic Muslim terrorists believe the road to Paradise as Shahids, immediately after death, must be paved over the body parts of their indiscriminate victims. According to Irans president, Ahmadinejad, the purpose of the revolution and nuclear Iran is to prepare for the imminent return of the Mahdi, the twelfth Imam. Hence Israel must be destroyed, the West must be

subjugated, and the rest of the world must submit to the coming Mahdis reign of peace on earth. If the belief in an afterlife -- immediately after death -- is true, then both the Bible and the Quran should fully confirm it in plain words. But what if they, instead, contradict it? What if God, Jesus, and Muhammad are not the source of this doctrine? What if the doctrine of an afterlife immediately after death is a hoax? What if man has no immortal soul? In the pages of this book, the unbiased reader will discover the real story about the afterlife, the true destiny of humanity, the true location of the Temple Mount in Jerusalem and its link to the afterlife.

you've always wanted. The truth is waiting for you!

The fear of death has possessed most of us at one time or another, sometimes in a moment of crisis, at other times in a moment of silent thought. But what if we had answers to the mysteries surrounding the afterlife? Would that fear be alleviated? Could we find some solace in that knowledge? And, most importantly, might we live our lives differently? "Back to the Afterlife" demystifies one of humanity's greatest enigmas, and, in doing so, helps us gain a new perspective on the lives we lead today. Using scientific research, kabalistic sources, and other references in Judeo-Christian philosophy, the book explores the soul's travels, from thirty days before dying through the actual transition, as well as the various stations along its journey. None of the ancient or even more modern religious or secular texts delineate this journey in step-by-step detail. For the first time ever, this book does just that in an accessible and fascinating way. Reading this text will illuminate the soul's continued journey, and bring hope, comfort, and understanding to those wracked by fear of death or dealing with a crippling loss. One's impression of life and its inevitable end will be forever changed.

Basing himself on Said Nursi's Risale-i Nur, Ali Unal presents a scientific and logical argument for the validity of one of religion's main elements of faith: belief in the resurrection and the afterlife.

In the third edition of *Jewish Views of the Afterlife*, Rabbi Simcha Paull Raphael walks readers through the Jewish tradition of the afterlife while providing insights into spiritual care with dying and grieving individuals and families.

A simple yet essential guide to the afterlife, which answers all your questions such as why you will continue to exist, what to expect and how best to prepare. Two seasoned experts with decades of experience working with channeled material describe the various stages of life after death. Just as life itself has different stages of growth and development, so does the afterlife. In this useful handbook, authors Pamela Rae and Jon Klimo demonstrate how dying and rebirth are, much like life, continuous processes. Beginning with the moment of death itself, progressing through different transitional stages, and ending with the return of spirits to the physical plane, they define the

purposes and pitfalls of each stage. They look at the kinds of adjustment problems that occur in each phase, and how spirits can be helped to move forward. Questions of pain and emotional state at the time of death, karma, and reincarnation are sensitively addressed. The book includes practical techniques for opening communication with those who have passed on to the other side. While of interest to anyone seeking a general overview of the subject, Handbook to the Afterlife is particularly useful for those dealing with spirits who have not moved on, such as ghosts.

Pieces of the Puzzle: One title, four volumes, and countless stories that tell of both the mysterious and miraculous aspects to our world and us. An epic adventure for the soul.
