Aprilia RSV4 Motorcycle Calendar 2021

Ryan Trexler has devoted his entire life to his family’s security business. And now that he’s slated to take over the reins for the company, RT knows that his life is only going to get more complicated. Add in the fact that he’s lusting over one of the men who works for him and RT knows that there are some serious tough times ahead. Zachariah Tavoularis—nicknamed Z—has been employed by Sniper 1 Security for a decade. Despite being known as the most loyal enforcer outside of family, Z also has a reputation of being quite the playboy, though that was based more on rumor than fact. When an assignment comes up that forces the two of them to work together, Z knows it’s time to show RT he’s not the man he thinks he is. Can they complete the mission, despite the fact that it puts them in a tenuous situation, bringing them closer than either of them ever expected? And will Z allow RT to convince him that they can never be together, no matter how much they both want it?

Welcome to a world that is both vanishing down the end of the straight and yet tantalizingly close at hand. The great thing about superbikes is that they are accessible. By definition, race regulations give you the chance to ride bikes which are very like those that are sweeping all before them on the track. Rules for the Superbike World Championships demand that the models entering must be similar to those produced and sold to the public, receiving only tuning and minor adaptations in order to stay eligible. Therefore, manufacturers must produce (at least) an agreed number of the models for sale so that their superbike can enter these competitions. Generally profile, appearance and frame must stay the same, although wheels, brakes, suspensions and swingarm may vary. But for look and feel, your ride can get very close. So, for instance, you, too, like the great Max Biaggi, can ride bikes such as the Aprilia RSV4 1000 or the Factory model, the successor to the Aprilia RSV1000R, on which he became Superbike World Champion in 2010 and 2012 respectively.
