The story of what one daring entrepreneur with dreams and determination can achieve. Frank Hasenfratz grew up in Hungary learning to dodge bullets and avoid land mines during the Second World War. When the 1956 revolution erupted, he and his army unit joined the insurgents. After the revolution was crushed, he fled to Guelph, Ontario, where he gambled everything on a one-man operation making oil pumps for Ford. The company he founded, Linamar, today has 15,000 employees in eight countries and is the second-largest maker of auto parts in Canada. To create this global empire, Hasenfratz stayed ahead of competitors through hard work, visionary leadership, a cost-conscious regimen, and a skilled workforce. In 1990, Hasenfratz designated his daughter, Linda, to succeed him as chief executive officer but first put her through a prolonged apprenticeship that took her from the plant floor to head office. Driven to Succeed is the story of what one daring entrepreneur with dreams and determination can achieve.

Who cares about a person's attitude? As long as someone can do the job, you shouldn't worry too much about it, right? If John Maxwell believed that, you wouldn't have Attitude 101 in your hands right now. As America's leadership expert, Dr. Maxwell has devoted his life to helping people become more successful. His books and seminars teach that anyone can be a REAL success if they master skills in four areas: Relationships, Equipping, Attitude, and Leadership. This book is designed to give you the essentials of attitude. People's lives are so hectic. Their time is valuable, and yet, they are also on information overload. More new information has been produced in the last thirty years than in the previous five thousand. A weekday edition of the New York Times contains more information than average people in seventeenth-century England were likely to come across in their lifetime. The amount of information available in the world has doubled in the last five years, and it will keep doubling. So this book, a companion to Leadership 101, Relationships 101 (available January 2004), and Equipping 101 (available January 2004), is the short course on attitude. Dr. Maxwell recognizes that as an individual, your attitude has a profound impact on your life. As a leader, you cannot ignore the attitudes of the people you lead and expect to achieve success—whether you're leading a business, a family, a sports team, or a group of

volunteers. A person's attitude impacts their relationships, colors their view of failure, and defines their approach to success. Attitude can make or break you.

As in previous editions, the focus in INTERMEDIATE ALGEBRA remains on the Aufmann Interactive Method (AIM). Students are encouraged to be active participants in the classroom and in their own studies as they work through the How To examples and the paired Examples and You Try It problems. Student engagement is crucial to success. Presenting students with worked examples, and then providing them with the opportunity to immediately solve similar problems, helps them build their confidence and eventually master the concepts. Simplicity is key in the organization of this edition, as in all other editions. All lessons, exercise sets, tests, and supplements are organized around a carefully constructed hierarchy of objectives. Each exercise mirrors a preceding objective, which helps to reinforce key concepts and promote skill building. This clear, objective-based approach allows students to organize their thoughts around the content, and supports instructors as they work to design syllabi, lesson plans, and other administrative documents. New features like Focus on Success, Apply the Concept, and Concept Check add an increased emphasis on study skills and conceptual understanding to strengthen the foundation of student success.
