entire production process from concept to completion. The authors are animators and modelers from some of the top animation studios in the business. Inside Maya 4.5 covers the newest tools and upgrades to the program as the name "Inside" truly implies. This book builds a complete computer animated project from beginning to end in the Alias Wavefront Maya software. The book and companion CD walk the reader through a step by detailed step workflow. Going through the book, the reader gains a deeper, more relevant knowledge of how to actually design and complete a short animated piece. The guest authors are respected professionals in the design, production, and execution of similar pieces. Such a book has never been done in Maya and would complement the New Riders' Inside Studio Max 4 by Kim Lee.

Wilbur, the pig, is saddened when he learns he is destined to be the farmer's Christmas dinner. After some discussion, Charlotte, his spider friend, decides to help Wilbur.

Smart. Funny. Fearless."It's pretty safe to say that Spy was the most influential magazine of the 1980s. It might have remade New York's cultural landscape; it definitely changed the whole tone of magazine journalism. It was cruel, brilliant, beautifully written and perfectly designed, and feared by all. There's no magazine I know of that's so continually referenced, held up as a benchmark, and whose demise is so lamented" --Dave Eggers. "It's a piece of garbage" --Donald Trump.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the

Origami Art is a unique new collection of origami projects featuring folding instructions for 15 complex origami models. Intricate, compelling and often lifelike, LaFosse's origami projects amaze and astound. Included here are such wonders as the American Alligator, Pond Turtles, Monk Seal, Malaysian Birdwing Butterfly and the Munich Orchid, among others. Also featured are articles on paper selection and preparation for each project; advanced techniques, such as "wetfolding" and compound origami plant design and construction.

LaFosse embraces every aspect of this fascinating art form in his newest book and presents it brilliantly for advanced paper folders and the artist in us all.

Otherworld Uprising is the first major monograph for Toronto-based Shary Boyle, who is becoming known for her uncanny and exquisite porcelain figurines that skillfully subvert the historical expectations inherent to this traditional material.

Boyle's multifaceted practice also includes figurative drawing, painting and performances that give voice to the under-represented--children, animals and women--while also taking on aspects of the spiritual and the metaphysical. Through dream-like references to mythology and fairytales, her imagery illustrates female desire from a female point of view.

Boyle is also known for her multi-layered audio-visual performances, during which she does live drawings on an overhead projector. Many of these have been incorporated
