Updated with more memory tips, expanded review exercises, and an alphabetical word index, the new edition of this popular vocabulary-building book presents and defines more than 365 words that frequently appear on SAT exams. The book is divided into 35 lessons, each lesson consisting of a word cluster. Each cluster contains words that have similar meanings or apply to similar circumstances. For instance, students encounter the words conciliate, mediate, and mitigate, and learn how they have different meanings that can sometimes be confused. A review exercise follows every five lessons with questions that closely reflect those found on the actual SAT.

Paired with the Chaoyue: Advancing in Chinese language text, this workbook completes one of the most sophisticated and comprehensive language instruction tools currently available. The workbook cements students' interpersonal communication skills and their ability to present and interpret Chinese as it is spoken and written. Filled with authentic uses of the language from everyday life, the workbook, just like the textbook, paints a vivid portrait of the Chinese-speaking world for a variety of students to grasp. Also in line with the text, the workbook emphasizes communication, cultures, comparisons, connections, and communities, and includes relatable topics, such as the self, schooling, and social customs, altogether engendering an appreciation of Chinese within a solidly global context.
