A vivid and energetic history of Van Halen's legendary early years. After years of playing gigs everywhere from suburban backyards to dive bars, Van Halen — led by frontman extraordinaire David Lee Roth and guitar virtuoso Edward Van Halen — had the songs, the swagger, and the talent to turn the rock world on its ear. The quartet's classic 1978 debut, *Van Halen*, sold more than a million copies within months of release and rocketed the band to the stratosphere of rock success. On tour, Van Halen's high-energy show wowed audiences and prompted headlining acts like Black Sabbath to concede that they'd been blown off the stage. By the year's end, Van Halen had established themselves as superstars and reinvigorated heavy metal in the process. Based on more than 230 original interviews — including with former Van Halen bassist Michael Anthony and power players like Pete Angelus, Marshall Berle, Donn Landee, Ted Templeman, and Neil Zlozower — *Van Halen Rising* reveals the untold story of how these rock legends made the unlikely journey from Pasadena, California, to the worldwide stage.

The New Yorker recently referred to Pat Metheny as “possibly the most influential jazz guitarist of the past five decades.” A native of Lee’s Summit, Missouri, just southeast of Kansas City, Metheny started playing in pizza parlors at age fourteen. By the time he graduated from high school he was the first-call guitarist for Kansas City jazz clubs, private clubs, and jazz festivals. Now 66, he attributes his early success to the local musical environment he was brought up in and the players and teachers who nurtured his talent and welcomed him into the jazz community. Metheny's twenty Grammys in ten categories speak to his versatility and popularity. Despite five decades of interviews, none have conveyed in detail his stories about his teenage years. *Beneath Missouri Skies* also reveals important details about jazz in Kansas City during the sixties and early seventies, often overlooked in histories of Kansas City jazz. Yet this time of cultural change was characterized by an outstanding level of musicianship. Author Carolyn Glenn Brewer

shows how his keen sense of ensemble had its genesis in his school band under the guidance of a beloved band director. Drawn from news accounts, archival material, interviews, and remembrances, to which the author had unique access, *Beneath Missouri Skies* portrays a place and time from which Metheny still draws inspiration and strength.

Pursuing the dream of a musical vocation—particularly in rock music—is typically regarded as an adolescent pipedream. Music is marked as an appropriate leisure activity, but one that should be discarded upon entering adulthood. How then do many men and women aspire to forge careers in music upon entering adulthood? In *Destined for Greatness*, sociologist Michael Ramirez examines the lives of forty-eight independent rock musicians who seek out such non-normative choices in a college town renowned for its music scene. He explores the rich life course trajectories of women and men to explore the extent to which pathways are structured to allow some, but not all, individuals to fashion careers in music worlds. Ramirez suggests a more nuanced understanding of factors that enable the pursuit of musical livelihoods well into adulthood.

The Pieces of Mind were a popular group, from Newport, South Wales in the 1960s. This book looks at my early life; how I started playing guitars in groups, in the early 60s and went on to form the Pieces of Mind, in 1963, with a childhood friend. 50 years later, in 2013, I organised a reunion of most of the group members who played in the different versions of the group. The trials and tribulations I faced, in the months leading up to the gig, were outweighed by the extreme pleasure I got in seeing all my old friends playing on stage to numerous other old friends in the packed audience.

"SETTLING SCORES: A Life in the Margins of American Music" details one life lived in the margins of America's musical consciousness. From a working-class background in gritty North Philadelphia to the sanctity of European concert stages, from imagined dangers lurking along the waterfronts in mysterious Asian cities to the real dangers lurking in the narrow minds of those who uphold the status quo in American music, this book reveals the life of one who embraced change, and, in the process, gained political leverage and intellectual freedom. It is the story of Joseph Franklin and a legion of collaborators, and it is a snapshot view of a slice of America's musical landscape in the final quarter of the 20th century, including a history of Relâche and The Relâche Ensemble. Born in Philadelphia, Joseph Franklin is a graduate of the Philadelphia Musical Academy and Temple University's Graduate School of Music. He has composed works for mixed instrumental/vocal ensembles, film, video, theater and dance. In 1977 he co-founded The Relâche Ensemble, which evolved into Relâche, Inc. a presenting and producing organization in support of the Relâche Ensemble. He served as founding executive and artistic director of Relâche until 1998. Independently, and as Director of Relâche, he has been a producer of concerts, festivals, recordings, radio programs, residency programs, international tours and other related music events, including the NEW MUSIC AMERICA 1987 Festival, NEW MUSIC AT ANNENBERG at The University of Pennsylvania and MUSIC

In 1896, Andrew McNally dreamed of Country Gentleman Estates in LaMirada, California. His dream did not come to pass as he planned, but in the early 1950s the area developed and young families moved here from all over and found it really was a dream place to live and raise a family. In 2003 when Tony and a group of equally dedicated people started the LaMirada Blog, it soon became obvious that there were many others out there willing to share their varied stories. When these three got together, Tony, Glen and Raymond, they realized these fantastic memories needed to be put down in print for posterity, not out there getting lost in cyberspace. Thus, Reflections from McNally's Mirror was born and you are holding those personal stories in your hands.

with photography and memorabilia"--Provided by publisher. Hollywood film scores underwent a supersonic transformation from the 1950s through the 1970s. This genre-by-genre overview of film and television soundtrack music covers a period of tremendous artistic and commercial development in the medium. Film and television composers bypassed the classical tradition favored by earlier screen composers to experiment with jazz, rock, funk and avant-garde styles. This bold approach brought a rich variety to film and television productions that often took on a life of its own through records and CDs. From Bernard Herrmann to Ennio Morricone, the composers of the "Silver Age" changed the way movie music was made, used, and heard. The book contains more than 100 promotional film stills and soundtrack cover art images. This brilliant biography of the cult guitar player will likely cause you to abandon everything you thought you knew about jazz improvisation, post-punk and the avant-garde. Derek Bailey was at the top of his profession as a dance band and recordsession guitarist when, in the early 1960s, he began playing an uncompromisingly abstract form of music. Today his anti-idiom of "Free Improvisation" has become the lingua franca of the "avant" scene, with Pat Metheny, John Zorn, David Sylvian and Sonic Youth's Thurston Moore among his admirers.

In the last decade of the twentieth century and on into the twenty-first, Israelis and Palestinians saw the signing of the Oslo Peace Accords, the establishment of the Palestinian Authority, the assassination of Israeli Prime Minister Yitzhak Rabin, and the escalation of suicide bombings and retaliations in the region. musicians coalesced into a significant musical scene informed by these extremes of hope and despair on both national and personal levels. Following the bands Bustan Abraham and Alei Hazayit from their creation and throughout their careers, as well as the collaborative projects of Israeli artist Yair Dalal, *Playing Across a Divide* demonstrates the possibility of musical alternatives to violent conflict and hatred in an intensely contested, multicultural environment. These artists' music drew from Western, Middle Eastern, Central Asian, and Afro-diasporic musical practices, bridging differences and finding innovative solutions to the problems inherent in combining disparate musical styles and sources. Creating this new music brought to the forefront the musicians' contrasting assumptions about sound production, melody, rhythm, hybridity, ensemble interaction, and improvisation. Author Benjamin Brinner traces the tightly interconnected field of musicians and the people and institutions that supported them as they and their music circulated within the region and along international circuits. Brinner argues that the linking of Jewish and Arab musicians' networks, the creation of new musical means of expression, and the repeated enactment of culturally productive musical alliances provide a unique model for mutually respectful and beneficial coexistence in a chronically disputed land. In this candid and detailed book, more than 150 veteran music parents offer advice on walking the music-parenting tightrope, addressing everything from choosing an instrument to choosing a college program, and how to be supportive but not overbearing. Their experiences appear beside those of dozens of music educators and more than forty professional musicians.
