looks, celebrity renown, and of course his erotic pleasure therapy techniques, Tracy Gelman has surrendered herself to the famous researcher's experimental project to create the perfect sex kitten: voluptuous, horny, and eager to please. A month ago she was just a shy intern drifting without direction, but through intense and extensive pleasure therapy - along with the physical tweaks to give her the curves to make any man go wild - she has proven a flawless test subject for the doctor's highly charged experiments in creating his ideal bimbo. In the wake of his success, Dr. Asheville's lab is moving to a private facility and he's sent Tracy to stay with his friend across town. But after weeks living in a world of eager obedience and simple pleasures, she's become dependent on the man that transformed her - and on the pleasure treatment regimen that satisfied her overcharged sex drive. Deprived of them both, the sheltered, pleasureloving test subject soon finds herself helplessly horny and helplessly lost in the big city, trying to pretend she doesn't have a body specifically designed to make all the men around her wild with desire. She wants to be a good girl and find Dr. Asheville's friend, but soon she'll be unable to resist even the most casual advances, and it's only a matter of time before someone comes along to take advantage of the situation. Reader Advisory: This story is for mature audiences only and features

intensely erotic situations, the use of potent aphrodisiacs, multiple partners, rough group sex, a dominant older man and the increasingly submissive, curvaceous young subject of his experiments. All characters are 18 or older. At Large is the third installment of the Becoming His Curvy Test Subject series. Each episode can be enjoyed in order or as a standalone story. Excerpt My skimpy clothes were clinging to me as I stepped in out of the rain. I was shivering, just a little bit, and it felt good to close the door behind me and feel the warm air of the bar wash over my chilled body, even if the mingling smells of liquor and smoke stung my nostrils just a bit. My face scrunched up at their unexpected intensity. I looked around shyly. Immediately I felt out of place and I could see some of the men near the door turning to notice me as I stood hesitating on the threshold. Was this a mistake? Coming in here now? I hadn't been out in public since early in Dr. Vellano's treatment program not since the changes had really started – and now I was at the center of so many unfamiliar faces with expressions that made it clear how much I stuck out. Some of them were openly appreciative or even a little predatory as they took in my appearance. Even in a nightclub filled with men and women trying to look their best, my ripe, inviting form stood out effortlessly. The wet blouse I had been given clung to my breasts and my nipples were poking through

the almost sheer cloth as though an advertisement. Notice: This title includes themes and passages that have been adapted from Jessica Whitethread's Bimbo Therapy series with full consent of the original author.

In the offices of a large media conglomerate responsible for all kinds of advertising, Max Brecher considers himself the intellectual among the clerks. He reflects on the personal relations in the office, his own situation as an employee and human being, and the shifts in the values and ideas of life in 1920s Berlin. His office has its share of interesting characters, such as the corrupt Dr. Geist, who becomes a hypocrite in order to advance in the office hierarchy; the lovely Mucki Schopps, a tricky young girl with whom everyone falls in love; Gudula Often, who strives for harmony among her coworkers but never achieves her goal; and the department head, Mr. Sack, who meets an unfortunate end.

This is the story of my reincarnation. The year was 1933, sometime in May, and I was entering into this new birth. I had made my contract, and now I was back on my way in. I had to decide where I was going to be born. I decided that the United States would be a good place, because what I was looking for was total freedom, which I hadnt had in many previous lifetimes. So I was looking for a mother or father who would provide this opportunity. That was my greatest desire. The rest would follow.

This edited collection examines pornography as a material practice that eroticises gender inequality and sexual violence towards women. It addresses the complex relationship between pornography and medicine (in particular, sexology and psycho-therapy) whereby medicine has historically, and

currently, afforded pornography considerable legitimacy and even authority. Pornography naturalises women's submission and men's dominance as if gendered power is rooted in biology not politics. In contrast to the populist view that medicine is objective and rational, the contributors here demonstrate that medicine has been complicit with the construction of gender difference, and in that construction the relationship with pornography is not incidental but fundamental. A range of theoretical approaches critically engages with this topic in the light, firstly, of radical feminist ideas about patriarchy and the politics of gender, and, secondly, of the rapidly changing conditions of global capitalism and digital-technologies. In its broad approach, the book also engages with the ideas of Michel Foucault, particularly his refutation of the liberal hypothesis that sexuality is a deep biological and psychological human property which is repressed by traditional, patriarchal discourses and which can be freed from authoritarianism, for example by producing and consuming pornography. In taking pornography as a cultural and social phenomenon, the concepts brought to bear by the contributors critically scrutinise not only pornography and medicine, but also current media scholarship. The 21st century has witnessed a growth in (neo-)liberal academic literature which is propornography. This book provides a critical counterpoint to this current academic trend, and demonstrates its lack of engagement with the politics of the multi-billion dollar pornography industry which creates the desire for the product it sells, the individualism of its arguments which analyse pornography as personal fantasy, and the paucity of theoretical analysis. In contrast, this book re-opens the feminist debate about pornography for a new generation of critical thinkers in the 21st century. Pornography matters politically and ethically. It matters in the real world as well as  $\frac{Page}{Page}$  8/22

in fantasy; it matters to performers as well as to consumers; it matters to adults as well as to children; and it matters to men as well as to women.

Jordan is one of the most notorious celebrities in Britain today. Daily Mirror Editor, Piers Morgan, described her as 'The biggest driver of sales of tabloid newspapers in the country.' A top glamour model since the age of 16, she was an instant hit as a Page 3 girl, was the F1 Jordan team mascot for four years and even spent 3 weeks with Hugh Hefner at the Playboy mansion! Yet behind the glamorous party girl is the real Jordan -- Katie

Price -- single mum and accomplished horsewoman who is more at home in her combat trousers than posing in her G-string. Much has been written about Jordan in the press but here, for the first time, is the real story of Katie in her own words. She reveals the full stories behind her turbulent youth, her traumatic relationship with footballer Dwight Yorke, her heartbreak over a top Formula One driver and her battle to cope with her son's blindness and diabetes, and her own fight against cancer. Fresh out of college, Tracy Gelman has managed to land an internship at a prestigious behavioral research institute. Resigned to making coffee and working the copier, she's just thrilled to be in the same building as the famous and handsome researcher Dr. Peter Asheville. Little does the curvy young woman realize just how intimately his next project will involve her. When a chance encounter catches his eye, she quickly becomes the center of his newest project. His studies of sexual pleasure have led him to design a program to create the ideal bimbo: voluptuous, horny, and desperate to please. Now he has the perfect test subject, and he's prepared to work intimately and untiringly with her until he has shaped her into his perfect sexual plaything, though of course he'll be willing to share. Reader Advisory: This story is for mature audiences only and features intensely erotic situations, the use of potent aphrodisiacs, medical examination, a dominant older man and the increasingly submissive, curvy young subject of his experiments. All characters are 18 or older. Excerpt: I lived in a rhythmic haze, at times completely caught up in the changes I was experiencing and at other times regaining enough of

a clear head to understand what was happening. Gradually I began to recognize that this wasn't about unleashing some empowering sense of sexuality. It was about making me into the perfect bimbo, a voluptuous sex kitten dwelling in the world of sensual pleasure. At first the thought alarmed me, but as the treatments went on, the more the thought excited me. I began to consciously work towards the little things that might please Dr. Samprez and bring me in line with what he wanted me to be. I awaited new measurements with breathless excitement. When my first reaction to any request wasn't immediate and eager obedience, I stumbled over myself to apologize and beg his forgiveness. I was starting to have trouble with complicated ideas, and even that I began to appreciate. The complicated ideas were all just distractions anyways. The simple things were the important things. Pleasure. Obedience. Keeping myself sexy and available. When anything that didn't have to do with those things came up, men like Dr. Samprez were happy to worry about them for me in exchange for a little of those things that I did understand. But best of all was the effect my changes had on them. That was where I took my greatest satisfaction. When I had first wandered in through their doors they had looked on me like a nice piece of clay, something they could do something with but not terribly interesting in my own right. But now I often saw their admiring glances. I saw the way they responded to my welcoming body and the little things I did to please them. It was Dr. Samprez in particular that I focused on. I knew he wanted me, and that he was only

managing to restrain himself because he didn't want to interfere with the experiment in its early stages. But I didn't care about the experiment. I cared about him, and I knew I could make him happy if he let me. So I became a bit of a bad girl. I watched for the little things I did that most affected him and did them at every opportunity. I came and sat on his lap whenever he was too distracted to immediately shoo me away. Once or twice I managed to brush his groin with a thigh or a hand and could tell I made him hard. He had created his perfect sex toy and now I took it upon myself to be sure he got to play with me before his sense of responsibility left us both unhappy. But now he's decided it's time to bring this breakthrough the attention it deserves, and he's going to put Tracy centerstage for a demonstration of his new techniques to a group of colleagues flying in from across the country.

But maybe even he has underestimated the power of the changes he has inspired in his little project, because once the doors are closed and the presentations have begun, things seem ready to get hot and out of control, very fast. Can the doctor's submissive, pleasure-loving creation handle all the appetites of a world driven wild by her sexual allure? Or will she prove powerless to resist even her own scientifically enhanced urges to take it hard and fast from any man who will give it to her? Passed Around is the second installment of the Becoming His Curvy Test Subject series. Each episode can be enjoyed in order or as a standalone story. Reader Advisory: This story is for mature audiences only and features intensely erotic situations, the use of potent aphrodisiacs, multiple partners, rough group sex, medical examination, a dominant older man and the increasingly submissive, curvy young subject of his experiments. All characters are 18 or older. Excerpt: "She's at her most docile immediately after a session," he went on. "This was usually when I found it easiest to take measurements and gauge progress. At other times she can be - through no ill intent of her own - a little ... excitable. That is, if you'd like to examine her, now would be a good time." A babble of guiet speculation met his words. Several of the researchers approached me. They were initially dubious but I smiled encouragingly at them, happy to show I could be cooperative, and managed to stand up straight and expectant. Dr. Asheville usually gave me a little longer to recover after an orgasm, but I was supposed to be on especially good behavior. They surrounded me, obviously enthusiastic about the chance

to examine me. Curious fingers felt the smoothness of my skin, the contour of my side, and ran through my thick, lush hair. I basked quietly in their attention and let them touch me wherever they wanted. All the little caresses - ten or twelve hands on me at once - gave me the hot, sort of dirty feeling that my body was public property. "It's good to be ambitious. Only remember, the nearer you get to the front of the line, the more people with knives can see your back." That's Louie Riller giving advice to his son, Ben, who happens to be the most successful producer on Broadway. Louie Riller himself happens to be long dead. "Joan of Arc heard voices," Ben Riller's secretary tells him. "Why shouldn't you?" But Ben isn't just hearing voices; he's having a running argument with the late Louie about life, love, and Ben's newest production, The Best Revenge, a play that has already gobbled up too much of other people's money and is in danger of closing before it opens. When, on Louie's advice, Ben visits his father's master shylock, Aldo Manucci, we are suddenly involved with two generations of wonderful underworld characters. One of them pulls the trapdoor under Ben's feet, forcing him to choose between his moral and financial ruin. In turn hilarious, poignant, and profound, The Best Revenge takes us on a vastly entertaining excursion behind the scenes of the Great White Way, where the drama is often more suspenseful than anything that happens

onstage and where the best revenge is, of course, success. In The Best Revenge, the author of the million-copy seller The Magician, out-triumphs all his previous work. Saul Bellow has said of The Best Revenge, "It reads itself." And The New York Times affirms, "If you bury yourself in a Sol Stein novel while walking, you'll walk into a wall."

Sugar is sweet, but so is revenge All Lara Cavallo wants to do is make her bakery business, Cavallo's Cups & Cakes, a success, and be able to stop accepting alimony from her rotten, cheating ex-husband. But first she needs to find her clothes and escape the strange hotel room she wakes up in before she embarrasses herself any further in front the owner of that gorgeous naked keister she spots through the bathroom door. She needs to keep her mind on her cupcakes. She doesn't have time for beefcake, no matter how enticing. Cupcakes are sweet, and so is Lara... All Gage Tomlinson wants is to find a way to help his single-mom sister pay the hospital bills for his six-year-old nephew, badly injured in a hit and run accident. Working construction during the day and as the owner of the exotic male dance troupe BeefCake, Inc. by night doesn't leave much time for indulgence. Too bad the sweetest thing he's seen in ages passes out on him and then takes off before he even gets a nibble. He's got a sweet tooth, and only Lara's "cupcakes" will satisfy him. But when cupcake finally meets beefcake, it's hot enough to melt the buttercream right off the cake.
