Education in the twenty-first century demands that we deal with the whole child, not just the mind. This requires going beyond the historical 3 R's of reading, writing, and arithmetic and focusing on five new R's: Relationship, Respect, Responsibility, Relevance, and Rigor. As educators, we must increase our efforts to understand youth and truly connect with them in ways that make them want to learn. By caring to teach, we are teaching students to care. Join Dave Opalewski and Anna Unkovich as they share their combined wisdom and passion for teaching, and their educational philosophy of developing students' hearts as well as minds.

Recommends a method of achieving success by hard work in a Christian context, and shows how it worked in the author's own rise from poverty to become a neurosurgeon.

-When Kevin West resigned from his job as vice president of a bank in 1998 after making fraudulent loans, he spent the time before his trial managing a family-owned, small grocery store in Ironton, Ohio ... It was at his lowest moment that Kevin called out to a power beyond himself for help, and God answered his prayer in the form of an elderly vagrant in a soiled shirt and tattered pants named Don. When Don saw Kevin's open Bible on the counter next to the register, the untidy, long-haired indigent took the opportunity to share Bible wisdom and life-giving truths that changed Kevin's life---Provided by publisher. The life-long Democrat who played Lou Grant on The Mary Tyler Moore Show puts out a call to all liberals to reclaim the constitution from the right-wingers who use it as justification for every horrible thing they want to do.

Ever Feel Like Your Son Is From a Different Planet? Don't worry, Mom. There's a good reason why your son perplexes you. He's the OPPOSITE sex! Boys really do think, communicate, and process the world differently than girls. But no matter your son's age, he needs you, and he needs you in not-so-apparent ways. Drawing from her own experiences, as well as those from moms and sons from around the country, Cheri Fuller shares what makes boys and young men tick and how to become a more welcome influence at every stage in their lives. She answers all the top questions, including: "How can I help my son (and me!) deal with his emotions in a healthy way?" "School is such a struggle. How can I help him?" "Our personalities are SO different. How can we get on the same page?" "My son hardly says a thing. What can I do?" "What are the best ways to instill good values?" "How can I encourage a lasting faith in God?" With page after page of use-it-today advice and encouraging stories, this book will help you steer your son toward becoming a caring, confident young man. Includes Reflection Questions for Personal or Group Use Great for understanding grandsons, too! "Some mother-son relationships seem to add credence to the adage that 'men are from Mars, women are from Venus.' Even mothers who have a close bond with their sons may think they harbor a complete stranger when their male offspring reach puberty. Fuller is a speaker and author, as well as mother of three (two boys and a girl) and grandmother of six. She lists specific activities that all sons need from their mothers, such as encouragement, communication, prayer, and confidence-building. She adds questions at each chapter's end to 'ponder, journal or discuss,' lending the book to both individual and group study. Recommended for the parenting section of any church library." --Church Libraries

Are you a "Success Seeker" or a "Success Builder" or both? The overall purpose of this book is to take the mystery out of success so that more persons can seek it and find it. It is not only designed for the general life success of anyone but also for use in school achievement. Current classroom educators call the work in *Reconstructing Lives* "a dynamic package deal" for implementing rigorous and relevant curriculum. The project offers proof of the effectiveness of an organic, time-tested pro

"The remarkable man who gives dying children a second chance at life; as seen on ABC News '20/20'"--Jacket.

What resources do thoughtful parents fall back on when the faith-based religious practices of their youth no longer satisfy their own spiritual needs, and yet they truly want to raise their children with a foundation in some faith-based practice? Thoughtful parents struggle with this basic question: how do we raise our children to have a solid religious footing? The suggestion for guidance made in this book is that really good questions can be the resource parents are looking for. "Pathfinder questions" are the really good questions that not only illuminate the way to go; they actually help create the way to go. Pathfinder questions are one of the resources from the spiritual technology toolkit of the Buddha. This aspect of the Buddhist methodology can be applied to the practice of any faith-based religion without the least conflict or compromise whatsoever. Pathfinder questions are like a lighthouse beacon. They offer guidance without coercion. The path is illuminated; the obstacles are made clear; but the choice is like the boat captain's whether to sail ahead full speed or not. If the reader chooses to ask the pathfinder questions as a way to guide their children, they will be choosing to sail full speed ahead.

2000 Gold Medallion Award winner! Christianity is more than a personal relationship with Jesus Christ. It is also a worldview that not only answers life's basic questions—Where did we come from, and who are we? What has gone wrong with the world? What can we do to fix it?—but also shows us how we should live as a result of those answers. *How Now Shall We Live?* gives Christians the understanding, the confidence, and the tools to confront the world's bankrupt worldviews and to restore and redeem every aspect of contemporary culture: family, education, ethics, work, law, politics, science, art, music. This book will change every Christian who reads it. It will change the church in the new millennium.

Dear Reader, Many people have wondered why I've been speaking out on controversial issues for the last few years. They say I've never held political office. I'm not a constitutional scholar. I'm not even a lawyer. All I can say to that is "Guilty as charged." It's true that I've never voted for a budget America could not afford. I've never raised anyone's taxes. And I've never promised a lobbyist anything in exchange for a donation. Luckily, none of that really matters. Our founding fathers didn't want a permanent governing class of professional politicians. They wanted a republic, in Lincoln's words, "of the people, by the people, and for the people." A country where any farmer, small-business owner, manual laborer, or doctor could speak up and make a difference. I believe that making a difference starts with understanding our amazing founding document, the U.S. Constitution. And as someone who has performed brain surgery thousands of times, I can assure you that the Constitution isn't brain surgery. The founders wrote it for ordinary men and women, in clear, precise, simple language. They intentionally made it short enough to read in a single sitting and to carry in your pocket. I wrote this book to encourage every citizen to read and think about the Constitution, and to help defend it from those who misinterpret and undermine it. In our age of political correctness it's especially important to defend the Bill of Rights, which guarantees our freedom to speak, bear arms, practice our religion, and much more. The Constitution isn't history—it's about your life in America today. And defending it is about what kind of country our children and grandchildren will inherit. I hope you'll enjoy learning about the fascinating ways that the founders established the greatest democracy in history—and the ways that recent presidents, congresses, and courts have threatened that democracy. As the Preamble says, the purpose of the Constitution is to create a more perfect union. My goal is to empower you to help protect that union and secure the blessings of liberty.

Sincerely, Ben Carson

A biography of the surgeon who overcame poverty and racism to become chief of pediatric neurosurgery at Johns Hopkins University Hospital.

????????????????????,????????????????????,????????????????????

Ben Carson grew up in the inner cities of Boston and Detroit with his mother and brother. When his father deserted the family, Ben's mother worked several jobs to support her boys yet worked even harder to encourage them to get an education and follow their dreams. Ben's dreams nearly ended when his anger at being poor and the ridicule of a school mate caused him to snap; he lunged at the boy and cut him with a knife. That brush with attempted murder caused Carson to break down and ask God to turn him around. And turn him around he did. A poor student, Carson under the guidance of his mother and brother became the best student in his class, his school, and ultimately earned a scholarship to Yale. The next time he used a knife was as a neurosurgeon at Johns Hopkins Hospital where he pioneered surgery techniques that not only saved lives but miraculously gave countless children an amazing quality of life. My Life is the story of a young boy who could have remained trapped in poverty were it not for his mother's tough and sacrificial love, his own perseverance that he learned from her example, and his deep faith that called him to do great and mighty things. This book contains a new chapter about Dr. Carson's philosophies of serving one's country, becoming role models for people with disadvantaged backgrounds, using the talents God has given you, embracing what success really is, and believing, youths and adults alike, that with hard work and perseverance, "you can do it." And on May 4, 2015, Dr. Ben Carson declared himself a candidate for the Presidency of the United States of America.

Discover the True Power of the Ballot The vast majority of Americans feel that our nation is moving in the wrong direction, but we feel powerless to do anything about it. Maybe, that's why in the presidential election of 2012, more people did not vote than voted for either candidate. We, the people, must realize we hold the power through our one vote. If we do not exercise that power, we have no right to complain! In One Vote, Dr. Ben Carson makes an urgent, nonpartisan, and unbiased plea for every American citizen to exercise the power of their vote in every election. This convenient and easy-to-use book will give you everything you need to become an informed voter. After reading this book, you will know how to ask the right questions about candidates, parties, and voting records; find the candidates and political parties that coincide with your values; locate your own senator and congressman; request information from your representatives; discover what bills your representatives have sponsored; and uncover how your representatives have voted in the past. One Vote can help you make sure your voice is heard.

America the Beautiful by Ben Carson, M.D - A 15-minute Instaread Summary Inside this Instaread Summary: Overview of the entire book Introduction to the important people in the book Summary and analysis of all the chapters in the book Key Takeaways of the book A Reader's Perspective Preview of the earlier chapters: Chapter 1 Carson grew up in Detroit and Boston when the civil rights movement was changing the social landscape. He was aware of racism all around him. Carson belonged to a segment of the population that was often deprived of opportunities. Rather than cause him to stop fighting, racism inspired him to prove his worth by excelling in school. America was built on a legacy of rebellion. Early Americans fought for change at great personal risk. The Founding Fathers understood injustices that existed in the world and strove to design a government that would level the playing field. However, Americans appear to have lost the ability to endure hardship and to sacrifice for future generations. America's current state, its growing debt, excessive spending, and elected leaders who ignore the will of the people, closely resembles the circumstances preceding the American Revolution. During that time, colonists were forced to rebel against extreme taxation and threats to the freedoms they enjoyed in the New World. However, modern Americans seem to have forgotten what their Founding Fathers sacrificed for the privileges they continue to enjoy... Based on real experiences of those in the trenches, this book describes a new delivery system of education designed to allow all students to succeed with the help of teachers who are led by their passion to do what is right for students.

Being hurt and heartbroken is a sad reality for most of us. But I'm so thankful for this treasure of a book written by my friend Suzie Eller. Page by page, Suzie will help you understand how God's truth can heal your pain so you can move forward whole and healed. - Lysa TerKeurst, New York Times Bestselling Author and President of Proverbs 31 Ministries Brokenness happens. Tragedy, sin or the painful choices of others all have the ability to disrupt an otherwise contented life. And as a result of our heartache, we often attempt to fix our own brokenness—with disastrous results. If you've tried to heal, but keep ending up in the same place—whether the battle is in your heart or out in the open where everyone can see—The Mended Heart is for you. In this book, author Suzanne Eller tells it like it is: people throw quick fixes at you, or tell you to pull yourself up by your bootstraps (whatever that means). More important, though, she shares the powerful truth of Jesus' mission as outlined in Luke 4:18-21: He came to set free all those who are oppressed and in need of mending. You don't have to fix yourself—Jesus loves you right where you are. In fact, He has already completed the work that needs to be done. The Mended Heart will encourage you to trust Him, to give and receive grace, and to move ahead even stronger than before ... even if others don't move with you.
