Carolina Gardener's Handbook is filled with need-to-know information from popular Carolina gardening experts. Each expert includes his or her collective wisdom in this complete guide for Carolina gardeners. In addition to hundreds of proven plants, this resource has monthly to-do calendars for more than ten plant categories from annuals to vines. "When to" information assists gardeners with the proper care and timing for everything from planting to watering. Advice on gardening with less water addresses the challenges of gardening in the Carolinas.

Perhaps the best-kept secret in the publishing industry is that many publishers—both periodical publishers and book publishers—make available writer's guidelines to assist would-be contributors. Written by the staff at each publishing house, these guidelines help writers target their submissions to the exact needs of the individual publisher. The American Directory of Writer's Guidelines is a compilation of the actual writer's guidelines for more

than 1,700 publishers. A one-of-a-kind source to browse for article, short story, poetry and book ideas.

Modern Country blends the quiet, simple elegance of classic country with a clean, modernist edge to create an entirely new interior genre. When classic country is infused with modern design, it becomes bolder. It offers a contemporary attitude, a confident feel that mixes periods, patterns, and pedigrees but embraces the element of restraint. As noted photo stylist and author Nancy Ingram says, "Mix it up and pare it down!" "Containing the public messages, speeches, and statements of the President", 1956-1992.

This volume presents a nuanced look at an often romanticized yet surprisingly complex time in American popular culture.

"(Meikle) traces the course of plastics from 19th-century celluloid and the first wholly synthetic bakelite, in 1907, through the proliferation of compounds (vinyls, acrylics, nylon, etc.) and recent ecological concerns".--PUBLISHERS WEEKLY. Winner of the 1996 Dexter Prize from the Society for the History of Technology and a 1996 CHOICE Outstanding Academic Book. 70 illustrations.

From the 1920s through the 1950s, two individuals, Joseph Urban and Norman Bel Geddes, did more, by far, to create the image of "America" and make it synonymous with modernity than any of their contemporaries. Urban and Bel Geddes were leading Broadway stage designers and directors who turned their prodigious talents to other projects, becoming mavericks first in industrial design and then in commercial design, fashion, architecture, and more. The two men gave shape to the most quintessential symbols of the

modern American lifestyle, including movies, cars, department stores, and nightclubs, along with private homes, kitchens, stoves, fridges, magazines, and numerous household furnishings. Illustrated with more than 130 photographs of their influential designs, this book tells the engrossing story of Urban and Bel Geddes. Christopher Innes shows how these two men with a background in theater lent dramatic flair to everything they designed and how this theatricality gave the distinctive modernity they created such wide appeal. If the American lifestyle has been much imitated across the globe over the past fifty years, says Innes, it is due in large measure to the designs of Urban and Bel Geddes. Together they were responsible for creating what has been called the “Golden Age” of American culture.

Make every meal a fresh and flavorful delight! These days, millions of people are discovering that cooking with vegetables, fruits, and herbs from their backyard gardens or local farmers’ markets is a great way to eat more healthfully. Garden Fresh Meals from Better Homes and Gardens offers delicious recipes that make the most of your seasonal bounty—from light summer salads to comforting autumn soups to hearty winter roasts. With a broad range of innovative, great-tasting, and easy-to-prepare meals, this gorgeous cookbook offers something for everyone in the family to savor. Plus, helpful cooking tips are peppered throughout the book, including plenty of advice on choosing and preparing the best and freshest ingredients.

- Cook your way through the year with more than 150 recipes organized by cooking method, offering a simple way to find a recipe that matches your mood
- Find inspirations in stunning full-color photographs throughout
- Get informed with a seasonal produce guide filled with information on what’s in season when, how to select the ingredients at their peak, and storage and prep tips
- Eat right with complete nutritional information

For every recipe Garden Fresh Meals provides everything you need to know to make the most of homegrown produce or farmers' market finds.

Consumer magazines aimed at women are as diverse as the market they serve. Some meet the interests of particular age groups; while others target particular racial, ethnic, and economic groups. Some have lasted more than a century, some started only during the last decade, and some have ceased publication after only a few issues. This reference book profiles seventy-five consumer magazines published in the United States and read primarily by women.

Empower your students to take responsibility for their learning! This comprehensive book helps you guide students in their independent projects-from choosing a topic to making a presentation. Reproducible pages describe 357 projects covering relationships, child development, consumerism, housing, foods, clothing, and environmental issues.

Reference lists and teacher notes are included.

The book includes statistical tables covering revenues for several industry sectors. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word search and export of key data.

Lawns now blanket thirty million acres of the United States, but until the late nineteenth century few Americans had any desire for a front lawn, much less access to seeds for growing one. In her comprehensive history of this uniquely American obsession, Virginia Scott Jenkins traces the origin of the front lawn aesthetic, the development of the lawn-care industry, its environmental impact, and modern as well as historic alternatives to lawn mania.

The fifth volume in Starr's classic history of California, *The Dream Endures* shows how Californians rebounded from the Great Depression to emerge in the 1930s into what is now known as "the good life." Starr illustrates the ways the good life prospered in California--in film, fiction, leisure, and architecture. Starr looks at the newly important places where Californians lived out this sunny lifestyle: areas like Los Angeles (where Hollywood lived), Palm Springs (where Hollywood vacationed), San Diego (where the Navy went), the California Institute of Technology in Pasadena (where Einstein changed his view of the universe), and college towns like Berkeley. "In this, more than any other of Starr's

monumental California histories, we see the stirrings of uniqueness in the social and cultural evolution of California.

Starr's theme is relevant to all of America and the national destiny."--Neil Morgan, San Diego Union-Tribune

"Enormously sensitive and moving. Social and cultural history doesn't get any better."--San Francisco Chronicle

"In his monumental continuing study of California, Kevin Starr belongs in the company of the best."--Herbert Gold, Los Angeles Times Book Review

Using primary materials, Highmor brings together a wide range of thinkers to provide a comprehensive resource on theories of everyday life. Highmore's introduction surveys the development of thought about everyday life.

Includes Part 1, Number 1: Books and Pamphlets, Including Serials and Contributions to Periodicals (January - June)

A how-to book of native crafts offers instruction in reproduction of authentic, traditional pieces, accompanied by a pattern and historical background for each of the projects covered
