As an outsider, living on the inside, it is obvious that many Americans don't understand the impact they personally have on the long term future of this nation. Every vote and action has several areas of impact. Physically, mentally, emotionally as well as on a spiritual level each and every one of us create nationwide patterns, influencing the path this country will follow. "Help, there is a Communist running for President" is for anyone wondering where this country is going, and how they can influence the outcome.
