Thousands of men disappear every day. They walk out of their office or their home and vaporize into thin air. Some end up in the morgue; or worse: they end up in the hands of female slavers who will turn them into personal sex, bondage or sissy slaves. The men in this tale are taken by slavers using the most worn and tried gimmick on the planet: they got involved with a gorgeous woman and easily fell into her trap. Warning: If the idea of living a totally changed life of a heterosexual male converted to a fully equipped female slave bothers you, don't even think about reading this story. It will not make you feel good. But, as the story goes, there are things that we know exist in this world that no one wants to talk about. This is one of them.

In 1974, Dennis Lynn Rader stalked and murdered a family of four in Wichita, Kansas. Since adolescence, he had read about serial killers and imagined becoming one. Soon after killing the family, he murdered a young woman and then another, until he had ten victims. He named himself "B.T.K." (bind, torture, kill) and wrote notes that terrorized the city. He remained on the loose for thirty years. No one who knew him guessed his dark secret. He nearly got away with his crimes, but in 2004, he began to play risky games with the police. He made a mistake. When he was arrested, Rader's family, friends, and coworkers were shocked to discover that B.T.K. had been among them, going to work, raising his children, and acting normal. This case stands out both for the brutal treatment of victims and for the ordinary public face that Rader, a

church council president, had shown to the outside world. Through jailhouse visits, telephone calls, and written correspondence, Katherine Ramsland worked with Rader himself to analyze the layers of his psyche. Using his drawings, letters, interviews, and Rader's unique codes, she presents in meticulous detail the childhood roots and development of one man's motivation to stalk, torture, and kill. She reveals aspects of the dark motivations of this most famous of living serial killers that have never before been revealed. In this book Katherine Ramsland presents an intelligent, original, and rare glimpse into the making of a serial killer and the potential darkness that lives next door.

A photographic ride through the history of movie bondage. Hollywood was a city of extremes: not for Tinseltown the carefully judged subtleties of shot and tone that were the hallmark of the art-house auteurs. It demanded passion, thrills, suspense, violent outbursts of emotion and movement - and so for every protagonist sweeping his way across the screen with a silvery rapier or a sensuous leer, there had to be a victim, waiting to be tossed aside with contemptuous ease or devoured whole in a paroxysm of lust. ... And so it was that innocent maidens were pinned down by rapacious seducers; monstrous villains chained to receive their just desserts; valiant heroes manacled or trussed or viciously tied, awaiting the cruellest of tortures, physical or psychological - only to free themselves in the final reel, and carry off the equally endangered heroines to safety and starry-eyed romance. Researched and collated with typical stylish flair by editor Tony Nourmand and featuring insightful text by author Peter Doggett, *Hollywood Bound* is a photographic guide to the history of movie bondage. Includes over 100 photographs reproduced to the highest quality.

"If I'd stood up for what I knew to be right, and not allowed myself to be bullied into suppressing who I really am, then I wouldn't be the huge fucking mess I am today. I know who I love is nobody's business but my own, and if anybody has a problem with it, then that's theirs, not mine. I can't change who I am any more than you can change the color of your eyes. You might be able to cover them up and make them appear different, but they're still the same underneath no matter what you do." Jaime knows deep down that there's something different about herself. Something that has been suppressed since childhood. Keeping her true feelings pressed down causes her to lead an unhappy life, with empty experiences that mean nothing to her.
