

Bossa Nova Fakebook Music Is Healing

"The songs selected for this compilation are a result of an exhaustive effort to represent the many styles of music that make up that beloved idiom we call jazz. The styles found in this collection include: traditional, swing, bebop, Latin/bossa nova, hard bop/modern jazz and Tin Pan Alley standards/show tunes..."--about this book.

(Limelight). A "fakebook" is a collection of melodies with the chord changes that allows jazz musicians to read the tunes instead of playing solely by ear and memory. It is, then, a place to start, a structure upon which jazz improvisation, "faking," builds. As a young man, the author, a jazz saxophone player, tried to make a living at what he loved most. He failed, gave up jazz and became a college English professor. Today he is playing his saxophone again, at weekend gigs, rediscovering the unending challenge and the fulfillment that jazz brings him. This journey of self-discovery demonstrates the power of both jazz and superbly crafted writing.

Simply Brubeck is a collection of the most engaging compositions by jazz pianist, Dave Brubeck. Sound waves propagate through various media, and allow communication or entertainment for us, humans. Music we hear or create can be perceived in such aspects as rhythm, melody, harmony, timbre, or mood. All these elements of music can be of interest for users of music information retrieval systems. Since vast music repositories are available for everyone in everyday use (both in private collections, and in the Internet), it is desirable and becomes necessary to browse music collections by contents. Therefore, music information retrieval can be potentially of interest for every user of computers and the Internet. There is a lot of research performed in music information retrieval domain, and the outcomes, as well as trends in this research, are certainly worth popularizing. This idea motivated us to prepare the book on Advances in Music Information Retrieval. It is divided into four sections: MIR Methods and Platforms, Harmony, Music Similarity, and Content Based Identification and Retrieval. Glossary of basic terms is given at the end of the book, to familiarize readers with vocabulary referring to music information retrieval.

Some may only know the jazz legend Stan Getz, tenor saxophonist, for his bossa nova hits "Desafinado" and "The Girl from Ipanema." However, Getz, born in 1927, began to play professionally at age 15, and his rich musical career lasted until shortly before his death on June 6, 1991. He played in a wide variety of musical settings such as big band, orchestral, quartet, and duo. The incredible beauty of his sound sparked the late jazz great John Coltrane to say, "We would all play like Stan Getz, if we could." When Getz died, jazz trumpeter Dizzy Gillespie said, "He was sheer genius. And there's one thing about this man, he was the most melodic player on the jazz scene." This bibliography, the first of its kind, contains a total of 2,576 bibliographic citations with 2,292 of them annotated. It includes references to periodical literature, articles from news wire services, books, dissertations, films, videos, television programs, radio broadcasts, and Web sites. The citations are primarily from English-language sources. Materials in English and French as well as a handful of items from other languages are annotated. This work includes a preface that contains the scope of the work, a user's guide, and a list of more than 340 periodicals cited. The main body of the work is divided into the following sections: album reviews, performance reviews, discographies and discographical information, transcriptions, biographical and critical works, filmography, and appendix. Album reviews are provided for 240 albums, along with the discographical

details for each of these albums. The appendix contains unannotated citations to materials in Danish, Dutch, German, Italian, Norwegian, Spanish and Swedish.

The ethnomusicologist Frederick Moehn introduces a generation of Rio-based musicians who build on the música popular brasileira (MPB) of previous decades, but who have yet to receive scholarly attention. This generation, the "children of the dictatorship," reinvigorated Brazilian genres such as samba and maracatu through juxtaposition with international influences, including rock, techno, and funk. Moehn offers vivid depictions of Rio musicians as they creatively combine and reconcile local realities with global trends and exigencies.
