Research and experience show that children and adolescents who struggle with emotional, behavioral and social problems do improve when they learn prosocial skills. Social skill instruction, therefore, can be a vital component in the treatment planning for a child diagnosed with a mental health disorder. Teaching Social Skills to Youth with Mental Health Disorders is a guide for therapists, counselors, psychologists, educators, and other practitioners trying to help these youth get better.

Classroom teachers, counselors, coaches, and administrators will find 37 practical, easy-to-use lesson plans to empower teens with the strategies and skills they need to handle bullying situations. The lessons can be blended into existing curricula or taught as stand-alone activities. As part of a positive behavior support model, counselors, mentors and others who work with at-risk students can use the lessons to supplement secondary intervention efforts. Topics include how to identify the players (bullies, bystanders, and victims), how to respond to bullying in common areas (hallways and parking lots) and at school events (dances and athletic contests), and how to use social skills to change behaviors and attitudes. Educators can increase students' awareness about bullying behaviors, teach them problem solving and social skills, and encourage them to reflect on their own thoughts, words and actions. Quick tips on dealing with bullying problems are included for educators and other who work with teens. An enclosed CD allows making copies of the worksheets, handouts and social skill posters included in the lessons.

Take a proactive approach to bullying at your middle school. Solve issues related to bullying by teaching social skills and presenting several problem-solving methods to victims and perpetrators of bullying, as well as the bystanders. Students will learn and

practice new social skills specific to their situation, such as showing empathy, making an apology, resisting negative peer pressure, or making friends. Content covers bullying at school as well as cyber bullying. There are tips for teachers and administrators for working with parents when bullying incidents occur. An enclosed CD allows making copies of the worksheets handouts and social skill posters included in the lessons. The more than thirty lesson plans and tips for teachers and administrators offered represent the collaborative effort of individuals who have distinguished themselves in the field of education, parent training, and family development. The authors combine the real issues regarding bullying with social skills and strategies developed for the Boys Town Education Model which has been successfully incorporated and used in public and private school systems through the US.

Use this workbook to introduce important social skills to students from 3rd to 12th grade. Incorporate the suggested activities with your existing language arts, math, science, phys ed or social studies curricula. Teach children social skills to give them positive behavioural choices, choices that are healthier for them, for you and for your classroom. Lesson plans are written in an easy-to-follow format with talking points to help you define and explain a skill and guide students through an activity. Each lesson has Teacher Notes describing the relevance of each skill and a Proactive Teaching Interaction to use as a script. At the end of each lesson is a Think Sheet for students with questions about how to use a skill in different settings and situations. Role-play scenarios and classroom activities also are provided so students can practice each skill's behavioural steps. This behaviour management resource includes a CD-ROM with reproducible worksheets and skill posters you can hang in classrooms and common areas to remind students of each step to a skill. Basic social skills include being prepared for class, listening to others, following instructions, and completing homework. More complex social skills include expressing empathy, going to an assembly, accepting defeat or loss, using anger control strategies, choosing appropriate friends and resisting negative peer pressure.
