"Leah Thornton's life, like her Southern Living home, has great curb appeal. But a paralyzing encounter with a can of frozen apple juice in the supermarket shatters the facade, forcing her to admit that all is not as it appears. When her best friend gets in Leah's face about her refusal to deal with her life, Leah is forced to make a decision. Can this brand-conscious socialite walk away from the country club into 28 days of rehab? Can she leave what she has now to gain back what she needs? Joy, sadness, and pain and a new strength converge, testing her marriage, her friendships, and her faith." --Cover, p. 4.

bitter feud over love, money, gender, and the very nature of art. “An intimate portrait . . . alive with architectural intrigue.”—Architect Magazine In 1945, Edith Farnsworth asked the German architect Mies van der Rohe, already renowned for his avant-garde buildings, to design a weekend home for her outside of Chicago. Edith was a woman ahead of her time—unmarried, she was a distinguished medical researcher, as well as an accomplished violinist, translator, and poet. The two quickly began spending weekends together, talking philosophy, Catholic mysticism, and, of course, architecture over wine-soaked picnic lunches. Their personal and professional collaboration would produce the Farnsworth House, one of the most important works of architecture of all time, a blindingly original structure made up almost entirely of glass and steel. But the minimalist marvel, built in 1951, was plagued by cost overruns and a sudden chilling of the two friends’ mutual affection. Though the building became world famous, Edith found it impossible to live in, because of its constant leaks, flooding, and complete lack of privacy. Alienated and aggrieved, she lent her name to a public campaign against Mies, cheered on by Frank Lloyd Wright. Mies, in turn, sued her for unpaid monies. The ensuing lengthy trial heard evidence of purported incompetence by an acclaimed architect, and allegations of psychological cruelty and emotional trauma. A commercial dispute litigated in a

Interweaving personal drama and cultural history, Alex Beam presents a stylish, enthralling narrative tapestry, illuminating the fascinating history behind one of the twentieth century's most beautiful and significant architectural projects. Finalist for the Man Booker International Prize 2015 The history of Credit Gone West, a squalid Congolese bar, is related by one of its most loyal customers, Broken Glass, who has been commissioned by its owner to set down an account of the characters who frequent it. Broken Glass himself is a disgraced alcoholic school teacher with a love of French language and literature which he has largely failed to communicate to his pupils but which he displays in the pages of his notebook. The notebook is also a farewell to the bar and to his fellow drinkers. After writing the final words, Broken Glass will go down to the River Tchinouka

This Student Edition of Broken Glass is perfect for students of literature and drama and offers an unrivalled and comprehensive guide to Miller's play. It features an extensive introduction by Alan Ackerman which includes a chronology of Miller's life and times, a summary of the plot and commentary on the characters, themes, language, context and production history of the play. Together with over twenty questions for further study and detailed notes on words and phrases from the text, this is the definitive edition of the play. Set in Brooklyn in 1938, Broken Glass is Miller's moving study of marital relations, Jewish identity and anti-Semitism that won the Olivier Award for Best New Play in 1994. Sylvia Gellburg is stricken by a mysterious paralysis in her legs for which the doctor can find no cause. He soon realises that she is obsessed by the devastating news from Germany, where government thugs have begun smashing Jewish stores. But through a series of meetings with her husband Phillip he learns that this experience is intermeshed with their strange relationship and the deceptions and hostilities that lie at the heart of their marriage. Professor Alan Ackerman's expertly edited edition of the play provides a wide-ranging study of Kristallnacht, and of American and European responses to the Holocaust, the situation of Jews in America from the 1930s to the 1990s, the Great Depression and other Holocaust and Jewish drama.

Over the last three decades, Kashmir has been ravaged by insurgency. While reams have been written on it - in human rights documents, academic theses, non-fiction

accounts of the turmoil, and government and military reports - the effects of the violence on its inhabitants have rarely been rendered in fiction. Feroz Rather's *The Night of Broken Glass* corrects that anomaly. Through a series of interconnected stories, within which the same characters move in and out, the author weaves a tapestry of the horror Kashmir has come to represent. His visceral imagery explores the psychological impact of the turmoil on its natives - Showkat, who is made to wipe off graffiti on the wall of his shop with his tongue; Rosy, a progressive, jeans-wearing 'upper-caste' girl who is in love with 'lower-caste' Jamshid; Jamshid's father Gulam, a cobbler by profession who never finds his son's bullet-riddled body; the ineffectual Nadim 'Pasture', who proclaims himself a full-fledged rebel; even the barbaric and tyrannical Major S, who has to contend with his own nightmares. Grappling with a society brutalized by the oppression of the state, and fissured by the tensions of caste and gender, Feroz Rather's remarkable debut is as much a paean to the beauty of Kashmir and the courage of its people as it is a dirge to a paradise lost.

"*The Fragments of a Broken Life*" is an incredibly overwhelming story of an isolated and abused little girl ... Leena. These pages reveal an overwhelming, behind the scenes, insight concerning child molestation and rape ... family denials ... the no-talk rule ... and, the cruel and detrimental silence and guilt that is forced upon its victims! Unfolded here, are many painful truths which are, even now, locked away in many homes all across this nation. Read and be enlightened, how "a trusting little girl" might

give her body away, making an oath of silence to herself, in order to protect the ones she loves. You'll see, clearly, how young women who have been physically, emotionally, and sexually abused as little girls could become bitter, vengeful, full of hate, suicidal ... and, often incapable of trusting or receiving love from a man. One of the most extraordinary things about Leena's story is that she chose to raise her beloved, beautiful child who was born out of the molestation committed against her by her stepfather. But, rather than a story of dismay ... See for yourself, how Leena experiences the "Hand of God" reaching into the entanglement of her life with all His goodness and mercy. How parent He was, as He drew her to Himself and taught her to "forgive", in order to be set free! Read how, God never gave up on her ... although she'd often given up on herself; and, how He took "The Fragments of a Broken Life" and made her whole again.

Symbolized by a three-hundred-year-old Seder plate, the religious life of Fred Behrend's family had centered largely around Passover and the tale of the Jewish people's exodus from tyranny. When the Nazis came to power, the wide-eyed boy and his family found themselves living a twentieth-century version of that exodus, escaping oppression and persecution in Germany for Cuba and ultimately a life of freedom and happiness in the United States. Behrend's childhood came to a crashing end with Kristallnacht (the Night of Broken Glass) and his father's harrowing internment at the Sachsenhausen concentration camp. But he would not be defined by these harrowing circumstances. Behrend would go on to experience brushes with history involving the defeated Germans. By the age of twenty, he had run a POW camp full of Nazis, been an instructor in a program aimed at denazifying specially selected prisoners, and been assigned by the U.S. Army to watch over Wernher von Braun, the designer of the V-2 rocket that terrorized Europe and later chief architect of the Saturn V rocket that sent Americans to the moon. Behrend went from a sheltered life of wealth in a long-gone, old-world Germany, dwelling in the gilded compound once belonging to the manufacturer of the zeppelin airships, to a poor Jewish immigrant in New York City learning English from Humphrey Bogart films. Upon returning from service in the U.S.

Army, he rose out of poverty, built a successful business in Manhattan, and returned to visit Germany a dozen times, giving him unique perspective into Germany's attempts to surmount its Nazi past.

From the survivor of ten Nazi concentration camps who went on to create the New England Holocaust Memorial, a "devastating...inspirational" memoir (The Today Show) about finding strength in the face of despair. On August 14, 2017, two days after a white-supremacist activist rammed his car into a group of anti-Fascist protestors, killing one and injuring nineteen, the New England Holocaust Memorial was vandalized for the second time in as many months. At the base of one of its fifty-four-foot glass towers lay a pile of shards. For Steve Ross, the image called to mind Kristallnacht, the Night of Broken Glass in which German authorities ransacked Jewish-owned buildings with sledgehammers. Ross was eight years old when the Nazis invaded his Polish village, forcing his family to flee. He spent his next six years in a day-to-day struggle to survive the notorious camps in which he was imprisoned, Auschwitz-Birkenau and Dachau among them. When he was finally liberated, he no longer knew how old he was, he was literally starving to death, and everyone in his family except for his brother had been killed. Ross learned in his darkest experiences--by observing and enduring inconceivable cruelty as well as by receiving compassion from caring fellow

prisoners--the human capacity to rise above even the bleakest circumstances. He decided to devote himself to underprivileged youth, aiming to ensure that despite the obstacles in their lives they would never experience suffering like he had. Over the course of a nearly forty-year career as a psychologist working in the Boston city schools, that was exactly what he did. At the end of his career, he spearheaded the creation of the New England Holocaust Memorial, a site millions of people including young students visit every year. Equal parts heartrending, brutal, and inspiring, *From Broken Glass* is the story of how one man survived the unimaginable and helped lead a new generation to forge a more compassionate world.

A quest for redemption or an exercise in futility...? In the late 1930s in a Southern port city, Joseph Curcio meets his former student Amanda, who is now a street artist selling mosaics made of broken glass and who offers Joseph a place to stay at the abandoned fisherman's cabin where she lives. Joseph is an indifferent, homeless ex-alcoholic who once considered himself a progressive intellectual and the future mayor of his city. Now he begins to find strength in his platonic friendship with Amanda and resolves to resurrect his career by writing an autobiographical journal-a diary in which he hopes to confront and understand his failures, his lost idealism, and his past relationships with his immigrant father and the woman he once loved. What he cannot see, however, are the character flaws that were his undoing and which will take him once again from the brink of success to tragedy, violence-and possibly even death. This is Joseph Curcio's mosaic journal, composed of fragments of memory, pieces of accomplishment, holes of loss, and shards of guilt and regret too sharp to touch

eyes of ordinary Germans who came of age under Hitler and whose lives were scarred and sometimes destroyed by what they saw and did. Drawing on six dozen memoirs by the generation of Germans born in the 1920s, Konrad Jarausch chronicles the unforgettable stories of people who lived through the Third Reich, World War II, the Holocaust, and Cold War partition, but also participated in Germany's astonishing postwar recovery, reunification, and rehabilitation. Written decades after the events, these testimonies, many of them unpublished, look back on the mistakes of young people caught up in the Nazi movement. In many, early enthusiasm turns to deep disillusionment as the price of complicity with a brutal dictatorship--fighting at the front, aerial bombing at home, murder in the concentration camps--becomes clear. Bringing together the voices of men and women, perpetrators and victims, Broken Lives reveals the intimate human details of historical events and offers new insights about persistent questions. Why did so many Germans support Hitler through years of wartime sacrifice and Nazi inhumanity? How did they finally distance themselves from this racist dictatorship and come to embrace human rights? Jarausch argues that this generation's focus on its own suffering, often maligned by historians, ultimately led to a more critical understanding of national identity--one that helped transform Germany from a military aggressor into a pillar of European

Out of Broken Glass is the true story of a young German Jewish boy who endures and overcomes Nazi terror and hardship and finds himself a lonely refugee among strangers in wartime England. Orphaned by the Holocaust, he comes to America where he serves in the U.S military and then converts an eight grade education into two college degrees and a successful professional career. He creates his own family, leads a colorful life that features extraordinary experiences and challenges to his past and to his faith and values. This is the uplifting memoir of Sel Hubert whose tranquil village life in Cronheim is shattered by the Nazis when, as a ten-year old, he is assaulted by his classmates and forced out of his school. Sent to live with strangers in Nrnberg, he becomes immersed in an Orthodox lifestyle and attends the Jewish school where he thrives scholastically. Caught up in the frenzy of a huge Nazi political rally, Sel maneuvers himself to look into the steely eyes of Adolf Hitler but escapes unhurt. No longer able to work and pay for Sels lodging, his father has to bring him home, only to live through the terror of Kristallnacht when the Nazis invade and trash their house and arrest his father who is sent to the notorious Dachau concentration camp. Devastated by that ordeal, Sel and his mother plead with the U.S. consulate for his fathers release and for permission to emigrate to the U.S. but are turned away. Expelled from their village, the family finds refuge with relatives in Augsburg, living in constant fear of further terror and arrest while trying desperately to flee Germany by any legal means. Suddenly, an offer comes to send just one

child to safety in England on the Kindertransport. The Huberts face a cruel choice: which of their two children should they save -- thirteen year-old Sel or his older sister Emma? After a gut-wrenching family discussion, she is chosen in the hope that she can better help to secure a subsequent Kindertransport escape for him, which fortunately happens three months later. Sel bids an emotional farewell to his distraught mother and then travels with his father to the Munich railway station platform where he and hundreds of children say tearful good-bys before boarding a special train that takes them away from their parents, forever for most. He embarks on the terrifying lonely journey to freedom, not knowing where or with whom he will live and is taken in by a Jewish family King in London who makes him feel safe and welcome and restores his broken spirits. He develops close relationships with them and with the synagogue that sponsored his rescue and he writes reassuring letters home to his parents. But after only 6 weeks, he is again uprooted when, as war threatens, the government evacuates him with his school into the countryside where he is assigned to live with a childless Christian couple in a small village that has no Jews. War breaks out and his fears about the fate of his parents trapped in Germany escalate when he learns that they were sent away. Lonely and yearning for religious sustenance, he seeks spiritual comfort by attending a church service where his Jewish soul is unexpectedly renewed and nourished. Too proud to remain on charitable support, he quits school and starts to work in an office at age fourteen. He later moves into a hostel for Kindertransport refugees in Cambridge where he feels rejuvenated among his own peers and learns to become a motor mechanic. He turns down an offer to enter an Orthodox rabbinic school, reluctant to embrace and commit to such a lifestyle. Early in 1945, he crosses the U-Boat infested Atlantic to accept an invitation to live with relatives in New York where he

Talented sculptress Tonya Mimms puts her artwork before everything, including her thirst for love. One drizzly morning she meets handsome accountant Malcolm Holland and beautiful bookstore owner Satin Pierce, and Tonya becomes the centerpiece of an erotic love triangle. November 9th 1938 is widely seen as a violent turning point in Nazi Germany's assault on the Jews. An estimated 400 Jews lost their lives in the anti-Semitic pogrom and more than 30,000 were imprisoned or sent to concentration camps, where many were brutally mistreated. Thousands more fled their homelands in Germany and Austria, shocked by what they had seen, heard and experienced. What they took with them was not only the pain of saying farewell but also the memory of terrible scenes: attacks by mobs of drunken Nazis, public humiliations, burning synagogues, inhuman conditions in overcrowded prison cells and concentration camp barracks. The reactions of neighbours and passersby to these barbarities ranged from sympathy and aid to scorn, mockery, and abuse. In 1939 the Harvard sociologist Edward Hartshorne gathered eyewitness accounts of the Kristallnacht from hundreds of Jews who had fled, but Hartshorne joined the Secret Service shortly afterwards and the accounts he gathered were forgotten – until now. These eyewitness testimonies – published here for the first time with a Foreword by Saul Friedländer, the Pulitzer Prize historian and Holocaust survivor – paint a harrowing picture of everyday violence in one of Europe's darkest moments. This unique and disturbing document will be of great interest to anyone interested in modern history, Nazi Germany and the historical experience of the Jews.

Jason Monaghan's historical novel *Glint of Light on Broken Glass* begins when sixteen year-old George is called up for the island of Guernsey's militia, just before the Great War. Guernsey is poor, backward and haunted by superstition, and when George attempts to step up, he is quickly rejected as lame. However, will anything change for him, when out of the chipped corner of his glasses, he sees a beautiful woman following him, which makes him believe that she can tell him his future...? More than a story of the Great War, *Glint of Light on Broken Glass* explores a new relationship that George cannot escape. With the beautiful Edith by his side, things could be perfect, but she only has eyes for his tough, ambitious brother, Artie. As the world beyond the island is engulfed in turmoil, life for the three young people quickly becomes complicated. George's obsession with both Edith and the mysterious woman who predicts the future threatens to tear the family apart. Will tragedy or good fortune surface for his family? *Glint of Light on Broken Glass* will appeal to those who enjoy historical, romantic fiction with a twist of the mysterious. "This story is one of the very few that reflects the unique language and character of the island people, with a true sense of place. It weaves folklore and

superstition, giving the novel an edge of magical realism”, comments Jason.

Just like any other mother, Samantha adores her two little girls who are everything that matters to her in the world. Her own childhood was unhappy with an abusive, neglectful and inadequate mother... Tormented by her childhood memories she struggles to function as an adult and finds comfort in alcohol until it begins to destroy her life. April Gardiner is the social worker who strives to help Samantha to hold on to her children whilst her priority is to keep them safe. At the same time as dealing with the trauma and sufferings of the families she works with and making life changing decisions for children, April is trying to deal with her own personal issues which are impacting on her life. Both women had a similar start in life, but their personal childhood experiences determined the adults they ultimately became. The story raises issues around disadvantage and describes how the state and government ideology perpetuates underprivilege and inequality, making it almost impossible for those caught up in the cycle to avoid a steep spiral downwards. Whilst the story provides an insight into children and families social work and the dilemmas and life changing decisions that are part and parcel of their everyday work, the main theme of the story is how the luck of who you are born to, will determine who you later become, and the steep uphill struggle faced by the unfortunate children who are born in underprivileged circumstances and deprivation. Although there is sadness, there are also happy outcomes for some and a spattering of humour throughout. My aim was to raise laughter as well as tears.

a picture of hope and usefulness emerges that serves to begin to make sense of the mysteries, betrayals, rejections, heartaches, and disappointments that we all eventually come into contact with in one form or another. Not only do we each matter to God, but our brokenness actually sets us apart as being more likely to be used to impact other lives. Being fully convinced that God uses broken things, we find that our brokenness is the starting point in a deeper, more intimate experience with God. Broken lives may experience a beautiful and simple power in the midst of their pain and suffering that the Father can use as a rich blessing for other wounded souls. My strong desire is that the purpose of your pain and the healing of your heart will lead you into deeper waters of God's grace than you have ever known before and that multitudes of people will be helped on their journey because of your brokenness. Here's to believing that the simple power of your broken life will gloriously transform both you and all the lives God wants to touch through you!
