El libro "Acciones y Bolsa - el unico libro que necesitas" esta pensado para un publico de 11 hasta 85 anos. Aunque el libro esta escrito en un lenguaje facil de comprender, describe en detalle los parametros, los cuales son ideales para las inversiones seguras y rentables en acciones y empresas a corto o largo plazo. Cuando vender y cuando comprar? El superior analisis tecnico y fundamental. Cuales acciones pueden financiar tu pension con los dividendos? Este libro es el resultado de muchos anos de practica y el estudio de una literatura inteligente. El libro describe las estrategias de los inversores mas famosos y mis propias experiencias con las acciones. Los fondos de acciones y seguros de pensiones seran discutidos. El libro contiene un poco de ensenanza en economia descrita por inversores y un monton de informacion importante del negocio con dinero y acciones. Ademas estan explicadas las tres crisis de la bolsa. En un pequeno lexico estan explicados 195 terminos tecnicos. En este libro se cuentan algunas historias breves y utiles de los inversores, las empresas y sus acciones. Tambien se describe la inversion en oro, materias primas y derivados. Dado que el estado espera mas y mas responsabilidad personal para el retiro, este libro es un regalo muy significativo para los jovenes miembros de tu familia. Desgraciadamente hay muy pocos libros de acciones tan bien fundamentados y sobre todo tan honestos como este.

BuffettologiaLas Tecnicas Jamas Contadas Que Han Hecho de Warren Buffett el Inversor Mas Famoso del MundoGrupo Planeta (GBS)

A collection of the inspiring words and wisdom from America's favorite businessman that reveal his secrets of success from the bestselling authors of Buffettology and The New Buffettology. Like the sayings of the ancient Chinese philosopher Lao-tzu, Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application. In The Tao of Warren Buffett, Mary Buffett—author of three books on Warren Buffett's investment methods—joins noted Buffettologist and international lecturer David Clark to bring you Warren Buffett's smartest, funniest, and most memorable sayings with an eye toward revealing the life philosophy and the investment strategies that have made Warren Buffett, and the shareholders of Berkshire Hathaway, so enormously wealthy. Warren Buffett's investment achievements are unparalleled. He owes his success to hard work, integrity, and that most elusive commodity of all, common sense. The quotations in this book exemplify Warren's practical strategies and provide useful illustrations for every investor—large or small—and models everyone can follow. The quotes are culled from a variety of sources, including personal conversations, corporate reports, profiles, and interviews. The authors provide short explanations for each quote and use examples from Buffett's own business transactions whenever possible to illustrate his words at work. As Warren says: "You should invest in a business that even a fool can run, because someday a fool will." "No matter how great the talent or effort, some things just take time: You can't produce a baby in one month by getting nine women pregnant." "Our method is very simple. We just try to buy businesses with good-to-superb underlying economics run by honest and able people and buy them at sensible prices. That's all I'm trying to do." The Tao of Warren Buffett inspires, amuses, sharpens the mind, and offers priceless investment savvy that anyone can take to the bank. This irresistibly browsable and entertaining book is destined to become a classic.

In Practical Thinking de Bono's theme is everyday thinking, how the mind actually works – not how philosophers think it should. Based on the results of his famous Black Cylinder Experiment (a critical thinking task that asks participants why they think a black cylinder falls over), de Bono explores the four practical ways of being right. From there he picks out and names the five levels of understanding – and the five major mistakes in thinking. From memes and Instagram to twitter and bestselling books like Mistakes I Made At Work, mistakes – and what we can learn from them – are a hot topic. With Edward you'll learn exactly why we all make them.

The book "Stocks and Exchange - the only Book you need" is intended for the general public from 11 to 85 years. Although the book is easily understandable, it describes in detail the parameters, which are ideal for safe and profitable investments in stocks or companies - whether short term or long term. When to sell or buy? This is technical and fundamental analysis at its finest. Which stocks can finance your pension with dividend payments? This book is the result of many years of practice and study of relevant literature. The book describes the strategies of the most famous investors and also my own experiences with stocks. Investment funds and pension insurance are discussed. The book contains a little information on business economics for investors and a lot of important information about the business on the stock exchange. The courses of three economic crises and crashes are investigated. The small lexicon explains 195 technical terms. There are some case studies about investors, companies and their stocks. Also described is the investment in gold, commodities and derivatives. Because the state expects ever more personal responsibility for your retirement arrangements, this book is also a very meaningful gift for your younger family members. Unfortunately there are only very few profound and above all honest books on shares thereby making this one all the more valuable.

Widely respected and admired, Philip Fisher is among the most influential investors of all time. His investment philosophies, introduced almost forty years ago, are not only studied and applied by today's financiers and investors, but are also regarded by many as gospel. This book is invaluable reading and has been since it was first published in 1958. The updated paperback retains the investment wisdom of the original edition and includes the perspectives of the author's son Ken Fisher, an investment guru in his own right in an expanded preface and introduction "I sought out Phil Fisher after reading his Common Stocks and Uncommon Profits...A thorough understanding of the business, obtained by using Phil's techniques...enables one to make intelligent investment commitments." —Warren Buffet

In the past eighteen months, investors have seen rapid, often intimidating changes in the stock market-tech stocks have soared and crashed and assets that shifted away from traditional blue chip companies have quickly shifted back again. In spite of this volatility however, there has been one constant: Warren Buffet's value investing strategies make money. In BUFFETOLOGY, Mary Buffet and David Clark unveiled the analysis techniques that made Warren Buffet the billionaire and investment icon he is today. Now in this companion workbook, the authors explain Buffet's system of business perspective investing, focusing on specific mathematical ratios and calculations. Written in clear, easy-to-understand language, THE BUFFETTOLOGY WORKBOOK offers everyone with or without an Internet connection the tools they'll need to apply the same kind of value analysis to readily available financial data that Warren Buffet does.

The Hogwash School for Wizards is the most famous school in the wizarding world and Barry Trotter is its most famous pupil. It's been that way ever since J.G. Rollins' Barry Trotter and the Philosopher's Sconebroke publishing records worldwide. But now disaster looms. The movie Barry Trotter and the Inevitable Attempt to Cash-Inhas gone into final production and the marketing machine at Wagner Bros. is going into overdrive. Hogwash is going to be submerged under a tide of souvenir-crazed Muddle fans, torn apart and sold on eBuy, stone by mossy stone. The movie must be stopped. Barry, Ermine Cringer and Lon Measly must find a way to defeat the most powerful force of grasping sleazoids the world has ever known: Hollywood.

An accessible, and intuitive, guide to stock valuation Valuation is at the heart of any investment decision, whether that decision is to buy, sell, or hold. In The Little Book of Valuation, expert Aswath Damodaran explains the techniques in language that any investors can understand, so

you can make better investment decisions when reviewing stock research reports and engaging in independent efforts to value and pick stocks. Page by page, Damodaran distills the fundamentals of valuation, without glossing over or ignoring key concepts, and develops models that you can easily understand and use. Along the way, he covers various valuation approaches from intrinsic or discounted cash flow valuation and multiples or relative valuation to some elements of real option valuation. Includes case studies and examples that will help build your valuation skills Written by Aswath Damodaran, one of today's most respected valuation experts Includes an accompanying iPhone application (iVal) that makes the lessons of the book immediately useable Written with the individual investor in mind, this reliable guide will not only help you value a company quickly, but will also help you make sense of valuations done by others or found in comprehensive equity research reports.
Inspirándose en las obras de Benjamin Graham, mentor de Warren Buffett, los autores nos acercan a una de las claves del éxito del Oráculo de Omaha: la interpretación de los estados financieros de las empresas en las que se pretende invertir.A través de la perspectiva única de Mary Buffett y David Clark, el lector conocerá de primera mano la aproximación y lectura de los estados financieros del inversor más célebre de la historia, buscando siempre empresas con una ventaja competitiva que le brinde réditos sostenidos durante un largo periodo de tiempo. Huyendo, asimismo, de movimientos especulativos y estrategias ávidas de ganancias rápidas.Warren Buffett y la interpretación de los estados financieros es un libro útil, claro y accesible para todo aquel que busque emular los métodos del inversor más reconocido del mundo.
Published in 1997, the bestselling BUFFETTOLOGY was tailored to the conditions of investors in the midst of a long bull market. Now, four years later, that market has seen once hot tech stocks crash and investors scramble to move their assets, or what remains of them, back to the safety of traditional blue chip companies. As peaks turn to troughs, worried investors wonder if there are any constants in today's volatile market. The answer is yes: Warren Buffett's value investing strategies make money. And, as THE NEW BUFFETTOLOGY demonstrates, there is no time to acquire like today's bear market. THE NEW BUFFETTOLOGY is the first guide to Warren Buffett's strategy for exploiting down stocks - a strategy that has made him the world's second richest person. Designed to teach investors how to decipher and use financial information like Buffett himself, this one-of-a-kind guide walks readers step-by-step through the equations and formulas Buffett uses to determine what to invest in and, just as importantly, when. Authors Mary Buffett and David Clark explore Buffett's recent investments in detail, proving time and time again that his strategy has earned enormous profits at a time when no one expects them - and with almost zero risk to his capital.
What is the Wyckoff Methodology? It is a Technical Analysis approach based on the study of supply and demand; that is, on the continuous interaction between buyers and sellers. The approach is simple: when well-informed traders want to buy or sell, they carry out processes that leave their traces on the chart through price and volume. The Wyckoff Methodology tries to identify that professional intervention to try to elucidate who is most likely to be in control of the market and enable us to pose judicious scenarios of where the price is most likely to go. Why should you study this methodology, and why this book? ? Unique theoretical conceptual framework This is the cornerstone of the methodology, which makes it stand above any other form of technical analysis; and that is because it is the only one that informs us about what is really happening in the market in a logical manner. This approach is based on a real underlying logic through its 3 fundamental laws: Law of Supply and Demand. It is the true engine of the market. You will learn to analyze the traces left by the interactions between the major traders. Law of Cause and Effect. The idea is that something cannot happen out of the blue; that for the price to develop a trend movement (effect) it must first have built a cause previously. Law of Effort and Result. It is about analyzing price and volume in comparative terms to conclude whether the market actions denote harmony or divergence. It is a universal analysis approach, where its reading is applicable to any financial market and over any time frame. It is recommended to analyze centralized markets such as stocks and futures where volume is genuine and representative; as well as assets with sufficient liquidity in order to avoid possible manipulation maneuvers. ? Price and volume analytical tools We will understand that markets do not move in a straight line but in waves of varying degrees, which create trends and ranges. We will learn to also assess the health of the trend with the most useful analyses of price action (velocity, projection, depth) and gain much more valuable insight into the use of trend lines. ? It provides context and roadmap Thanks to the accumulation and distribution structures we will be able to identify the professional's participation as well as the general market sentiment up to the present moment, enabling us to pose truly objective scenarios. The Events and Phases are unique elements of the methodology and help us to guide the development of the structures. This puts us in a position of what to expect the price to do following the occurrence of each of them, giving us a roadmap to follow at all times. ? It determines high probability trading zones The Methodology provides us with the exact zones on which we will act, as well as examples of triggers to enter the market, making it as easy as possible to know where to look for trades. In addition, the book includes a section on position management where different configurations for setting stop losses and taking targets are discussed. Finally, we include a section of case studies where we analyze real market examples in different assets and time frames. I sincerely hope you enjoy it and find it valuable.
Edgar Lawrence Smith, (1882-1971) was an economist, investment manager and author of the influential book “Common Stocks as Long Term Investments”, which promoted the then-surprising idea that stocks excel bonds in long-term yield. . He worked in banking and other financial endeavors in the years after college, then signed on in 1922 as an adviser to the brokerage firm Low, Dixon & Company. While there, he later recounted in his Harvard class’s 50th reunion yearbook, “I tried to write a pamphlet on why bonds were the best form of long term investment. But supporting evidence for this thesis could not be found.” This discovery led to the 1924 publication of “Common Stocks as Long Term Investments.” The book was widely reviewed and praised, and became a key intellectual support for the 1920s stock market boom. Its success enabled Smith to launch a mutual fund firm, “Investment Managers Company.” It also garnered him an invitation from the economist John Maynard Keynes, who had favorably reviewed the book in “The Nation”, to join the Royal Economic Society. The Wall Street Crash of 1929 brought a turn in Smith’s fortunes.—Print Ed.
The Great Connection is for executives, salespeople, realtors, teachers -- anyone whose career success depends on connecting with other people. In its self-published edition, this fast-paced book changed the lives of thousands of readers with its simple message told through the tale of Bob Hathaway, a man in a career crisis. Told in an engaging story format that is easy to grasp, The Great Connection goes beyond merely identifying personality styles and gives readers specific interview and connection techniques they can use immediately. The book reveals the effective and ineffective traits of each of the four behavioral styles; five interviewing techniques to help you identify anyone's personality style; and the actual words to use to really connect with someone.
Warren Buffett: The Life, Lessons & Rules For Success He's been consistently voted one of the wealthiest people in the world. Time Magazine also voted him as one of the most influential people in the world; widely considered to be the most successful investor of the entire 20th century. In short, Warren Buffett is a boss. The man knows a thing or two about success. With a net worth of $77.1 billion, the billionaire investor's fabled business acumen has inspired everything from investment books to college courses. He is known to favor long-term investment strategies, like dollar cost averaging, which encourages the regular purchase of the same investment over time. He also has long-standing holdings in the Coca-Cola Company, Apple, and American Express among others. His now infamous letters to Berkshire Hathaway shareholders help shed light into how the man they call the "Oracle of Omaha," reads the tealeaves. This book takes a look at Buffett's life. From humble beginnings in Omaha, up to present day where the 86 year old is still going strong. We take a look at his first taste of business at the ripe old age of 6, following on with his major successes and failures along the way. The aim of this book is to be educational and

inspirational with actionable principles you can incorporate into your own life straight from the great man himself. *INCLUDING* 25 Most Memorable Quotes & 15 Success Principles to Live by Don't wait, grab your copy today!

In the world of investing, the name Warren Buffett is synonymous with success and prosperity. Learn how Warren Buffett did it—and how you can too. Building from the ground up, Buffett chose wisely and picked his stocks with care, in turn amassing the huge fortune for which he is now famous. Mary Buffett, former daughter-in-law of this legendary financial genius and a successful businesswoman in her own right, has teamed up with noted Buffettologist David Clark to create Buffettology, a one-of-a-kind investment guide that explains the winning strategies of the master. * Learn how to approach investing the way Buffett does, based on the authors' firsthand knowledge of the secrets that have made Buffett the world's second wealthiest man * Use Buffett's proven method of investing in stocks that will continue to grow over time * Master the straightforward mathematical equipments that assist Buffett in making investments * Examine the kinds of companies that capture Buffett's interest, and learn how you can use this information to make your own investment choices of the future Complete with profiles of fifty-four "Buffett companies" -- companies in which Buffett has invested and which the authors believe he continues to follow -- Buffettology can show any investor, from beginner to savvy pro, how to create a profitable portfolio.

Give a man a fish and he eats for a day. Teach him to arbitrage, and he will eat for a lifetime' Warren Buffett Warren Buffett and the Art of the Stock Arbitrageis the first book to explore the secret world of Buffett's arbitrage and special situations investing. Long considered one of the most powerful and profitable of Buffett's investment operations, but the least understood, these special types of investments have been the edge that has made Warren Buffett the world's greatest investor. This book examines Buffett's special brand of arbitrage investing,which involves taking advantage of short term price discrepancies that often occur when one company offers to buy another companyary Buffett and David Clark, the authors of four best-selling books on Warren Buffett's investment methods, take the reader deep into the world of Buffett's arbitrage and special situation operations, giving us his strategies, his equations for determining value, and dozens of examples of his investments in this very lucrative segment of Buffett's investment operations. They offer detailed analysis and explanations of Buffett's arbitrage and special situations operations and techniques for the first time ever.

The book is divided into several sections covering Warren Buffett's personal business management: . Managing one's life - focuses on Buffett's insistence on a good education, picking one's heroes early in life, and staying away from things that damage you personally. The authors also discuss Buffett's belief that challenges make life interesting. . Managing One's Career - Buffett believes that you should work at something that you are passionate about. Do what you like and you will find a way to make money. Do what you hate and you will be miserable even if you are rich. . Managing Employees - place honesty on the same level as intelligence as a managerial attribute. How to keep managers inspired and working hard. . Managing the Business - Buffett has learned that companies that have a durable competitive advantage over their competitors consistently earn more money year after year and are the easiest to manage. . Managing of Personal Money - discover the simple rules that Buffett uses for buying other businesses and how he has incorporated them into his own personal investment style.

Between AD 285, when Byzantium first separated from the Western Roman Empire, and 1461, when the last Byzantine splinter state disappeared, the Byzantine state and society underwent many crises, triumphs, declines and recoveries. Spanning twelve centuries and three continents, the Byzantine empire linked the ancient and modern worlds, shaping and transmitting Greek, Roman and Christian traditions - including the Greek classics, Roman law and Christian theology - that remain vigorous today, not only in Eastern Europe and the Middle East, but through western civilisation. This book examines the causes behind Byzantium's successes, failures and remarkable longevity. The author shows how Byzantine political leadership, military strategy, cultural attitudes and social, institutional and demographic changes combined with the strengths and weaknesses of the empire's enemies to explain the paradoxes of Byzantium's long history.

The ABC's of Building a Business Team That Wins will: * Attract the best team players for your business * Ensure that all team members operate at peak performance * Take ordinary people and turn them into champions * Instill loyalty and confidence in your team so that they stick together under pressure * Eliminate stressful "people problems" in your business once and for all * Use pressure as your friend to produce extraordinary results * Build championship teams in the workplace, in your community and at home Blair's book impacts the Team, Leadership, and Mission sections of Rich Dad's B-I TriangleR. The B-I Triangle is from Rich Dad's Guide to Investing.

En el mundo de la inversión, el nombre de Warren Buffett ha sido sinónimo de éxito y beneficios. A sus noventa años, el hombre que convirtió 105.000 dólares en 20.000 millones sigue siendo el modelo a seguir y, hasta la fecha, su metodología había sido un misterio. Este libro revela desde una perspectiva privilegiada la pregunta más formulada en Wall Street: ¿cómo, dónde y cuándo invierte su dinero Buffett?Gracias a las aportaciones de su círculo más cercano, las

técnicas del Oráculo de Omaha salen a la luz a través del estudio más exhaustivo de su cartera de acciones. Aquí no encontrarás una biografía repleta de anécdotas, sino que conocerás la fórmula del éxito financiero a través de conceptos, modelos matemáticos y casos concretos de empresas que fueron adquiridas por Buffett. En suma, los mejores consejos para enfrentarte a cada una de las situaciones a las que te reta el mercado actual.Con Buffettología puedes conocer de forma fácil y accesible la filosofía inversora del mejor del mundo para saber en qué empresas debes interesarte, cuánto dinero merece la pena pagar por ellas, o cuándo debes comprar, recomprar y vender una acción.
The Race is an unusual book. Its messages can be grasped simply by looking through the graphics. It can be understood better by reading the accompanying text. It is even more deeply grasped and useful when manufacturing people at all levels discuss its implications and application to their own environment. The Race enables you to derive a superior system - Drum-Buffer-Rope - for generating continual logistical improvements. It also illustrates how to focus on the process improvements that will have the greatest impact on your competitive edge. The epilogue and appendix quizzes will give the thoughtful reader insight in how to initiate and then extend a process of ongoing improvement into other areas like marketing and financial control.
Describes the investment strategies of the world's most famous stock investor, recounting how he made a fortune by purchasing pieces of outstanding companies since the early 1980s
Warren Buffett's Stock Portfoliois the first book to take readers deep into Warren Buffett's investment portfolio. Each of Buffett's current stock investments is analyzed in detail with information as to why Buffett found these attractive businesses and how he determined that they are good long-term investments. Each company will analyzed using the criteria outlined in Buffettologyand Warren Buffett and the Interpretation of Financial Statements. The reader can then apply these techniques to a variety of other stocks and see if they meet Buffett's criteria. Although information about Warren Buffett's stock portfolio is available on-line, it is merely listings of the stocks Warren owns. No one else explains the criteria Warren uses to determine how and when to buy and sell. In addition this book will include stocks that are too new to be on-line. The authors will also look at a few top-performing stocks that Warren has sold in the last ten years.
Shortlisted for the Financial Times and Goldman Sachs Business Book of the Year Prize 2008 The Snowball is the first and will be the only biography of the world's richest man, Warren Buffett, written with his full cooperation and collaboration. Combining a unique blend of "The Sage of Omaha's" business savvy, life story and philosophy, The Snowball is essential reading for anyone wishing to discover and replicate the secrets of his business and life success. Warren Buffett is arguably the world's greatest investor. Even as a child he was fascinated by the concept of risk and probability, setting up his first business at the age of six. In 1964 he bought struggling Massachusetts textile firm Berkshire Hathaway and grew it to be the 12th largest corporation in the US purely through the exercise of sound investing principles - a feat never equalled in the annals of business. Despite an estimated net worth of around US$62 billion, Buffett leads an intriguingly frugal life taking home a salary of only £50,000 a year. His only indulgence is a private jet, an extravagance he wryly acknowledges by calling it "The Indefensible". In 2006, he made the largest charitable donation on record, with most of it going to the Bill & Melinda Gates Foundation. The Snowball provides a comprehensive, richly detailed insight one of the world's most extraordinary and much loved public figures.
"A road map for investing that I have now been following for 57 years." --From the Foreword by Warren E. Buffett First published in 1934, Security Analysis is one of the most influential financial books ever written. Selling more than one million copies through five editions, it has provided generations of investors with the timeless value investing philosophy and techniques of Benjamin Graham and David L. Dodd. As relevant today as when they first appeared nearly 75 years ago, the teachings of Benjamin Graham, “the father of value investing,” have withstood the test of time across a wide diversity of market conditions, countries, and asset classes. This new sixth edition, based on the classic 1940 version, is enhanced with 200 additional pages of commentary from some of today’s leading Wall Street money managers. These masters of value investing explain why the principles and techniques of Graham and Dodd are still highly relevant even in today’s vastly different markets. The contributor list includes: Seth A. Klarman, president of The Baupost Group, L.L.C. and author of Margin of Safety James Grant, founder of Grant's Interest Rate Observer, general partner of Nippon Partners Jeffrey M. Laderman, twenty-five year veteran of BusinessWeek Roger Lowenstein, author of Buffett: The Making of an American Capitalist and When America Aged and Outside Director, Sequoia Fund Howard S. Marks, CFA, Chairman and Co-Founder, Oaktree Capital Management L.P. J. Ezra Merkin, Managing Partner, Gabriel Capital Group . Bruce Berkowitz, Founder, Fairholme Capital Management. Glenn H. Greenberg, Co-Founder and Managing Director, Chieftain Capital Management Bruce Greenwald, Robert Heilbrunn Professor of Finance and Asset Management, Columbia Business School David Abrams, Managing Member, Abrams Capital Featuring a foreword by Warren E. Buffett (in which he reveals that he has read the 1940 masterwork “at least four times”), this new edition of Security Analysis will reacquaint you with the foundations of value investing—more relevant than ever in the tumultuous 21st century markets.
At last, here is a book that reveals what the public really wants to know about this legendary investor: how he determines where he puts his money. From a team with privileged insight, Mary Buffett, a savvy CEO and Warren Buffett's former daughter-in-law, and David Clarke, a successful portfolio analyst, comes BUFFETTOLOGY, the most detailed explanation ever of the billionaire's unique investment techniques. Using Warren Buffett's system to access a company's potential economic excellence and the right price to pay for its stock, BUFFETTOLOGY demonstrates the actual mathematical models and equations, revolving around three variables: the yearly per share earnings figure, its predictability, and the market price of security. With BUFFETTOLOGY, individual investors will come to truly understand, and emulate, Warren Buffett's masterful insight, and see that investment is most intelligent when it is most businesslike.
No one renders the pathos, chaos and impossible variety of daily encounters like David Sedaris. On every subject, he is bruisingly painful and tenderly affectionate. Recorded live on October 22, 2002, LIVE AT CARNEGIE HALL features

excerpts from his forthcoming collection of essays, DRESS YOUR FAMILY IN CORDUROY AND DENIM. Includes: Thanks Repeat After Me Why Them? Who's the Chef? Buddy Can You Spare a Tie? LessonThree: The Feminine Mistake Lesson Four: With a Pal Like This, You Don't Need An Enemy Six to Eight Black Men

A portrait of the German naturalist reveals his ongoing influence on humanity's relationship with the natural world today, discussing such topics as his views on climate change, conservation, and nature as a resource for all life.

Los éxitos de Warren Buffett como inversor no tienen comparación. Sus logros se basan en la dedicación, la integridad y un ingrediente muy escaso, el sentido común. Las citas de este libro reflejan las estrategias prácticas de Buffett y ofrece ejemplos y modelos útiles para cualquier tipo de inversor, sea grande o pequeño. Las reflexiones y consejos proceden de diferentes fuentes, incluyendo conversaciones personales, informes corporativos y entrevistas. El Tao de Warren Buffett inspira, contribuye a agudizar la mente y ofrece una sabiduría que será de enorme utilidad para todos los inversores. “Si para ser un gran inversor fueran necesarios el cálculo y el álgebra, yo tendría que volver a repartir periódicos.”De El tao de Warren Buffett

Revista especializada en finanzas y estrategia para compañías Micro y Pymes

The author weaves pearls of wisdom from Warren Buffet into an engaging narrative, organized into business and management topics, in a book that provides direct hands-on information for entrepreneurs, business students and more.
