What happens in the Mansion, doesn't stay in the Mansion!  
How did I get here? I was raised a nice Catholic girl in  
Ontario, Canada. I am an only child whose parents lavished  
their attention and resources on me. I have a Bachelor of Arts  
degree and a law degree, and I'm studying to take the  
California bar. I am comfortable with my own sexuality,  
responsible for my own orgasm, and have never been  
sexually or emotionally abused. And yet for two years, I lived  
at the infamous Playboy Mansion, rolled in a posse of seven  
succulent beauties, and was a co-girlfriend of the father of the  
sexual revolution and the world's largest living hedonist. What  
is wrong with this picture? The Bunnies. The Girlfriends. The

the Word of God through the characters' lives as they interact with one another. Tales of Wood Grove is a fun and exciting series to help children understand why God gave us the Bible to read and how important it is to live by His words. Beginning in January, the main character, Andy Bunny Ears, the son of Pastor and Mama Bunny Ears, becomes very hungry during their devotions, and wants to eat. His parents tell him he has had enough to eat at dinner and it's time for bed. His sister, Letty, suggests going to the Raccoons' root cellar to get vegetables. Andy and Letty's parents say it is not obeying the Lord to take something without asking. After everyone is asleep, Andy Bunny Ears makes a very bad decision, thus beginning his adventure in understanding what it means to obey his parents and the Lord. Each story contains different heartwarming adventures for children.

From tribal religious rituals to the Playboy mansion, and from ancient Rome to Burning Man, *Plays Well in Groups* explores the phenomenon of group sex. Author Katherine Frank draws on surveys, ethnographic research, participant interviews, and more to provide explanations for both, participation in group sex and our complex reactions to it, from fascination to fear. This book looks at group sex across cultures—who has it, and why. Group sex is almost always taboo and often criminalized, and yet it persists across cultures throughout history. *Plays Well in Groups* looks at the symbolism of orgies, as well as contemporary manifestations of group sex in bathhouses and public sex venues, at BDSM and swinging parties, on Craigslist, and in political scandals, Tantra classes, reality television, and more. Frank explores the many reasons people participate in group sex, from arousal to spiritual transcendence, in this bold study of subversive sexuality.

Everywhere you look patriarchal society reduces women to a series of repeating symbols: serial girls. On TV and in film, on

the internet and in magazines, pop culture and ancient architecture, serial girls are all around us, moving in perfect sync—as dolls, as dancers, as statues. From Tiller Girls to Barbie dolls, Playboy bunnies to Pussy Riot, Martine Delvaux produces a provocative analysis of the many gendered assumptions that underlie modern culture. Delvaux draws on the works of Barthes, Foucault, de Beauvoir, Woolf, and more to argue that serial girls are not just the ubiquitous symbols of patriarchal domination but also offer the possibility of liberation.

When this beach bunny caught the eye of Hugh Hefner at an L.A. nightclub, Izabella St. James was looking for a fun break from studying for the bar. As the latest Girlfriend of the Playboy founder, her "break" lasted two years, but life behind the gates of the Playboy Mansion was anything but fun. Sure there were parties, presents, puppies, and plastic surgery; but there was also a curfew, a strict regimen of who sits where on movie night, limited contact with the outside world, and a sex life that was anything but wild and crazy. While the E! reality show, *The Girls Next Door*, has been a ratings hit, each of the three Playboy Bunnies in the series has since left the Mansion in newsworthy ways: one is engaged to a football player, and Hugh's "main" Girlfriend has finally understood that there would be no fairy-tale marriage and family with the man she literally transformed her life for. Izabella was there to witness how each of these relationships formed, where each Girlfriend fell in the pecking - and bed - order, and when, exactly, the fabled life turned shabby and cheap. From catfights to sneaking in boyfriends, from high-profile guests in the Grotto to the bizarre rituals of the

Madeline, smallest and naughtiest of the twelve little charges of Miss Clavel, wakes up one night with an attack of appendicitis.

Florence affected low candle-lights, glowing through softly tinted shades, of pale-green, blue, old-rose, pink; for such low lights set each coiled tress of her golden hair a-dancing—and Florence knew this. The hangings in the little round room where she received her guests were deeper than the shades, and the tapestry of the semi-circular window-seat was red. It was in the arc of this that Florence was wont to sit—the star amidst her satellites. It was one's privilege to smoke in the little room, and somehow the odor of the burned tobacco did not get into the draperies; nor filter through the portières into the hall beyond; and the air of the boudoir was always cool and fresh and sweet. Monday, Tuesday, Wednesday—every night—and Sunday most of all—there were loungers on

that window-seat, their faces half in shadow. It was hard at such times to take one's eyes off Florence, sitting in the arc, the soft light of old-rose moving across her cheek, creeping around her white throat, leaping in her twisted hair, quivering in her blue, soft eyes. When she smiled, one thought in verse—if one were that sort—or, perhaps, muttered, "Gad!" shiveringly under the breath. Well may you—or I—shake our heads now and smile, albeit a bit sadly; but then it was different. We have learned much, too much perhaps, and the once keen edge of joy is dulled. But then we were young. Youth was our inheritance and we spent it, flung it away, you say, as we knelt before the Shrine of Beauty set up in a little round room where low lights glimmered among deep shaded draperies.

Men today delay marriage and responsibility deep into their 20s or 30s, preferring instead to hold fast to the pleasures of youth. Instead of blaming the young or glorifying the past, Cross studies the attitudes and cultures of three generations of men, linking their rebellion against maturity to parallel shifts in American culture.

the legendary parties, imaginary bacchanalias, bunnies, nudity, scandalous spicy tales or Playboy magazine. Instead, it is a highly readable story, of a remarkably unique client/architect relationship ... like many across the pages of history. What was accomplished in a very short time frame gave Hugh Hefner, a brilliant, creative, intense and highly motivated man a series of "designed and built environments" that satisfied his needs and reflected his sensibility. A demanding taskmaster, he wanted us to translate his dreams and visions into reality. The paradox for most humans is: we don't always know what we want until we see it. Hefner was an exception." Hugh Hefner provided, in the pre-digital, analog era, an unprecedented, once-in-a-lifetime opportunity for our team of architects, engineers, artisans, sculptors, landscape planners and lighting designers, dedicated to creating architecture and landscape design in harmony with nature. "I would like this place to be something that nobody else has, and everybody can dream of having: a fantasy land, a dream land, just like my philosophy about my Playboy Magazine. And when it is finished it should look as though it has been here forever. And remember, whatever you show me is the minimum I expect at the end. You have no other restrictions!" Hugh M. Hefner to Ron & Suzanne Dirsmith - standing in the entry driveway of his West Coast Mansion he had just purchased as he departed for Chicago in January, 1971. Imagine returning to Chicago after two years immersed in the study of classical European architecture and design only to be retained by Hugh Hefner, the epitome of American pop culture, to create his new Playboy world headquarters in Chicago's venerable Palmolive Building. Then imagine that Hefner buys a spectacular Los Angeles estate and asks you to transform an elegant 32-room English Tudor mansion into a luxurious home to be known throughout the world as Playboy Mansion West, with a four-month deadline to build

the famed Pool and Grotto complex. You have the basis for a unique and unusual memoir, Inside Hefner's Pleasure-Domes: Designing Xanadu for an American Icon - Architecture and Dreams in Hugh Hefner's Empire, written by the architect designer couple, Ron and Suzanne Dirsmith, into whose laps the opportunity of a lifetime fell. Over twenty-five years, while Hefner and his Playboy Enterprises were blazing a path for its fantasy-based version of American pop culture and revolutionizing its sexual mores, the Dirsmiths were privileged to design and supervise the creation of the new built environments in which Hefner worked and lived, including the Playboy world headquarters in Chicago, the Playboy Mansion, as well as re-designing Hefner's famed "Big Bunny" DC-950 and fabled new private master bedroom suite and work environments. The Dirsmiths tell a fascinating story, presenting an intimate portrait of the elusive, unknown Hugh M. Hefner, whose real life portrayed the image of his Playboy empire. Hefner was a visionary workaholic whose workday often exceeded 48 hours. He paid fastidious attention to every single detail in his magazine and properties. Fully illustrated with never before seen photographs and detailed drawings, Inside Hefner's Pleasure-Domes lifts the veil on the Hefner mystique. It encourages one to fantasize about what might go on behind his closed doors, a book to be enjoyed equally by those interested in getting to know one of the living giants of American pop culture and by those interested in the complex planning undertaken to create such iconic environments ... Hefner's magical Shangri-La.
