

Business Ethics 4th Edition

The third edition of this book introduces business ethics concepts, tools and theories, then applies them to key stakeholder groups. It takes a global approach in a market dominated by US texts. The accessible style and thorough pedagogy ensure the book is both student- and teacher-friendly.

MORAL ISSUES IN BUSINESS, 13E examines the moral dilemmas that are common to today's business climate and gives readers the analytical tools to resolve those issues. Using a combination of true stories, interesting reading selections, and a conversational writing style, this edition prepares readers for the moral quandaries awaiting them in the professional world. Featured topics include: the nature of morality, individual integrity and responsibility, economic justice, pitfalls of capitalism, and corporations' responsibilities to consumers and the environment. Plus, this edition also discusses situation-specific concepts such as downsizing, whistle blowing, sexual harassment, job discrimination, animal abuse, and drug testing. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This book represents an introduction to and overview of the diverse facets of the ethical challenges confronting companies today. It introduces executives, students and interested observers to the complex trends and developments in business ethics. Coverage presents industry-specific topics in ethics. The book also provides a general, interdisciplinary survey of the ethical dimensions of management and business.

How can you be an ethical corporate citizen in an increasingly complex, multiple-stakeholder world? This is the most pressing question facing businesses today, small and large, local and global. Business Ethics is a thorough yet accessible exploration of the main ethical theories and how these apply to the major stakeholders facing this question. Written from a truly international perspective and supported by diverse and innovative learning features, this book provides the tools and concepts necessary to understand and effectively manage ethical challenges wherever you are in the world. 'Key Concepts' and 'Think Theory' boxes ensure the essential ideas are straightforward to grasp but don't go unchallenged, while 'Ethics in Action' boxes and Case Studies illustrate these ideas at play in the working world. Step into the shoes of a decision-maker with 'Ethical Dilemma' boxes and hear from them first hand with new 'Practitioner Spotlight' boxes, which feature fascinating insights from real-life practitioners on how they manage ethical decisions and what skills they consider to be crucial to success. The fourth edition offers a wealth of new cases and examples as well as updates of favourites from previous editions, including features on AirBnB, TOMS, and McDonalds. Bespoke video interviews with the practitioners from the book and new multiple-choice questions enhance the online resources for

students, while workshop and flipped classroom activity ideas support lecturers. In addition, content has been thoroughly updated across the book and online to reflect the latest developments and issues surrounding corporate citizenship, globalization, and sustainability. Award-winning, best-selling, and up-to-date; this is the textbook of choice for those wishing to excel in business ethics. The book is supported by an extensive range of online resources: For students: Practitioner Spotlight videos and web links Additional Case Study web links Additional Ethics in Action web links Addition Ethics on Screen web links Think Theory responses Film list Ethics career guide Further reading Multiple-choice questions For lecturers: VLE content PowerPoint slides Test bank Case bank Sample course outline Teaching notes for Case Studies Teaching notes for Ethical Dilemmas Teaching notes for Ethics in Action features Teaching notes for Ethics on Screen features Ideas for structured workshops

This work aims to prepare readers to make sound ethical decisions in multi-cultural business situations. It features an introduction to background on the cultural sciences and analytical approaches from the field of ethics.

The seventh edition of this pragmatic guide to determining right and wrong in the workplace is updated with new case studies, exercises, and ancillary materials. Joseph Weiss's Business Ethics is a pragmatic, hands-on guide for determining right and wrong in the business world. To be socially responsible and ethical, Weiss maintains, businesses must acknowledge the impact their decisions can have on the world beyond their walls. An advantage of the book is the integration of a stakeholder perspective with an issues and crisis management approach so students can look at how a business's actions affect not just share price and profit but the well-being of employees, customers, suppliers, the local community, the larger society, other nations, and the environment. Weiss includes twenty-three cases that immerse students directly in contemporary ethical dilemmas. Eight new cases in this edition include Facebook's (mis)use of customer data, the impact of COVID-19 on higher education, the opioid epidemic, the rise of Uber, the rapid growth of AI, safety concerns over the Boeing 737, the Wells Fargo false saving accounts scandal, and plastics being dumped into the ocean. Several chapters feature a unique point/counterpoint exercise that challenges students to argue both sides of a heated ethical issue. This edition has eleven new point/counterpoint exercises, addressing questions like, Should tech giants be broken apart? What is the line between free speech and dangerous disinformation? Has the Me Too movement gone too far? As with previous editions, the seventh edition features a complete set of ancillary materials for instructors: teaching guides, test banks, and PowerPoint presentations.

Combining readings and case studies, this text asserts that business ethics is primarily about the ethics of individuals and challenges students to reconcile their personal value systems with standard business practice. With a unique focus on the personal dimension of ethics, this is a practical overview of the ethical issues students are most likely to face in the

workforce.

Business Ethics fifth edition is suitable for BCom students following courses in ethics, and can also be used for graduate or postgraduate modules in business management and human resource management. Given the growing emphasis on corporate governance, the book is also of relevance to business ethics practitioners as it addresses key ethical issues affecting corporations in the twenty-first century.

Offers comprehensive coverage of the key topics and emerging themes in private sector corporate governance.

Filled with real-world case studies and examples of ethical dilemmas, Understanding Business Ethics, Third Edition prepares students and managers alike to make ethical decisions in today's complex, global environment. Bestselling authors Peter A. Stanwick and Sarah D. Stanwick explain the fundamental importance of ethical leadership, decision making, and strategic planning while examining emerging trends in business ethics such as the developing world, human rights, environmental sustainability, and technology. In addition to presenting information related to the Association to Advance Collegiate Schools of Business (AACSB), the text's 26 real-world cases profile a variety of industries, countries, and ethical issues in a way that is relevant and meaningful to students' lives. The Third Edition features new cases from well-known companies such as Disney and General Motors, new coverage of emerging topics such as big data and social media, expanded coverage of corporate social responsibility, and more. Using an applied approach, this text helps students understand why and how business ethics really do matter!

"Six focus areas of law: constitutional law, contract law, criminal law, evidence law, property law, tort law."

Thoroughly revised and updated, this fourth edition of Lasserre's popular textbook is a user-friendly introduction to planning and making decisions for businesses on a global scale. It features numerous case studies and examples of established international companies and of SMEs looking to grow their international presence. Global Strategic Management blends academic rigour and a practical approach to provide a comprehensive guide to understanding strategic management in a global environment. Written by a world-renowned professor of strategy and international business from one of the world's leading business schools, this new edition confirms Global Strategic Management as one of the most accessible, engaging texts on the market, one which students find easy to learn from and actually enjoy reading. This fully-updated fourth edition includes:

- New and expanded coverage of BRICs, 'born global' firms, Corporate Social Responsibility and the underground economy
- More on e-business and the role of the internet in global business
- A brand new video feature with business leaders explaining the practical implications and implementation of issues covered in the text
- Genuinely global in scope and approach: over 40 mini-cases and examples cover emerging economies in Africa, Latin America and the Far East as well as established firms worldwide
- Perfect balance between theory and the real world of business: numerous up-to-date examples that illustrate principles and support learning throughout

The strong pedagogical framework from the previous edition remains, including:

- Learning objectives
- Mini cases, with questions, and shorter examples
- Summary and key points
- Learning assignments
- Key words – with an end-of-book glossary
- Web resources – providing links to useful websites
- References and further reading

Please visit the companion website at : www.palgravehighered.com/lasserre-gsm-4e for online resources including self-assessment questions, mini-case questions, PowerPoint presentations, and useful weblinks, as well as new video interviews with leading business people across the world. Philippe Lasserre is Emeritus Professor of Strategy at INSEAD, Fontainebleau, France. He is an established authority in the field of international business and strategy, with over forty years' experience in teaching, research and consulting in strategic management and international business. He has authored many books in these areas, and has held visiting professorships in Singapore, China, the US and Australia.

The key to teaching business ethics successfully, says Sims, is to start with clear goals and a sensible expectation of outcomes, and with a true knowledge and appreciation of how people actually learn. Proceeding with the conviction that open communications between teacher and student before, during, and after the teaching experience is vital, Sims identifies key teaching processes, gives practical advice on designing and planning the curriculum, and offers guidance on how to develop a climate conducive to effective learning. He also emphasizes learning styles and experiential learning theory as cornerstones of teaching business ethics, an approach unlike any in the literature. An important guide for those

who are new to teaching this essential subject, Sims' book will also help more experienced teachers who wonder why their own methods do not always work, or do not work as well as they think they should.

Written in clear, accessible prose, the Fourth edition of *Computer Ethics* brings together philosophy, law, and technology. The text provides an in-depth exploration and analysis of a broad range of topics regarding the ethical implications of widespread use of computer technology. The approach is normative while also exposing the student to alternative ethical stances.

The ethics book no psychology student or professional should be without Thoroughly updated and expanded to include recent research findings, landmark legal decisions, the Hoffman Investigation Report, and changes in the ethical guidelines of the American Psychological Association and the Canadian Psychological Association, the new 5th edition of *Ethics in Psychotherapy and Counseling* covers the latest developments in ethical thinking, standards, and practice. You'll learn how to strengthen your ethical awareness, judgement, and decision-making. Distinguished Emeritus Professor Don Meichenbaum described the 5th edition as 'a MUST READ book for both beginning and seasoned clinicians' and Professor David H. Barlow wrote, 'A stunningly good book. . . . If there is only one book you buy on ethics, this is the one.' Covers the many changes and challenges brought about by new technology, EHRs, videoconferencing, and texting, as well as practicing across state and provincial borders Discusses moral distress and moral courage Includes 5 chapters on different aspects of critical thinking about ethical challenges, including a chapter on 'Ethics Placebos, Cons, and Creative Cheating: A User's Guide' Deals with complex issue of culture, race, religion, sexual identity, sexual orientation, and politics Provides steps to strengthen ethics in organizations Offers guidance on responding to ethics, licensing, and malpractice complaints—not to imply that you'll need to after reading this book! Keeps the focus on practical, creative approaches to the responsibilities, challenges, and opportunities encountered by therapists and counselors in their work.

In the first anthology of its kind, Thomas O'Brien and Scott Paeth have gathered unique pieces from across religious perspectives to illustrate the growing influence and contribution of religion to the field of business ethics. Events in the recent past make clear people in business urgently need to focus on the moral dimension of practices and behaviors. Courses in business ethics are increasingly more prevalent in business schools and in departments of philosophy and religious studies, and yet texts for these courses normally pay scant attention to the much-needed religious perspective on what constitutes ethical practice and behavior. O'Brien and Paeth now fill that need with this new text! Tackling such wide-ranging subjects as Jewish environmental ethics, Zen in the workplace, and Christian social ethics, this text is a valuable addition to any business ethics course.

ETHICS ON THE JOB guides the reader through a step-by-step analysis to help them make good decisions in the face of ethical conflict. With the RESOLVEDD strategy, the authors have devised a powerful system for ethical decision-making in the workplace, which they teach students to implement through timely case studies and detailed analyses. Students develop a working grasp of important philosophical principles and their application in ethical conflicts, and learn to apply the RESOLVEDD strategy to ethical issues in their own lives. A classic text in ethical decision-making, ETHICS ON THE JOB is widely used in business ethics classes and corporate training programs across the country. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Oxford Handbook of Business Ethics is a comprehensive treatment of the field of business ethics as seen from a philosophical approach. The volume consists of 24 essays that survey the field of business ethics in a broad and accessible manner, covering all major topics about the relationship between ethical theory and business ethics. "Business Ethics and Values" introduces students to the complexities and principles of ethical issues by focusing on developing ethical awareness and the ability to argue business ethics matters. A proven resource, the second edition of this text continues to present a successful blend of concrete issues and academic theory, suitable for undergraduate and postgraduate students with or without practical experience of the world of organisations. It gives as much importance to individual conscience at work as it does to socially responsible behaviour at the corporate level and within the global business world. Hallmark features: Broad coverage of the many issues in this subject ensures that students see the whole picture. The use of real-world case studies and simulations helps to stimulate debate and appreciate the multi-faceted aspects of ethical arguments. New to this edition: New material on the ethics of e-communication, sustainability and the ethical impact of globalisation ensures that students are learning from the most up-to-date material available. Further analysis of Anglo-American approaches to corporate governance and their ethical underpinnings. Short test and assignment questions at the end of each chapter help students to consolidate their learning. More simulation exercises and activities give students the opportunity to reflect on their attitudes to this engaging subject. A well-developed supplements package to support tutors and students includes an instructor's manual, PowerPoint slides and a companion website. Colin Fisher is Professor of Managerial Ethics and Values, Nottingham Business School, Nottingham Trent University. Alan Lovell is Professor of Organisational Accountability and Head of the Department of Accounting, Finance & Economics, Nottingham Business School, Nottingham Trent University.

The fifth edition of Nursing Ethics has been revised to reflect the most current issues in healthcare ethics including new cases, laws, and policies. The text continues to be divided into three sections: Foundational Theories, Concepts and Professional Issues; Moving Into Ethics Across the Lifespan; and Ethics Related to Special Issues focused on specific

populations and nursing roles.

Nursing Law and Ethics explores a variety of key legal and ethical issues in nursing practice using a thought-provoking and holistic approach. It addresses both what the law requires and what is right, and explores whether these two are always the same. The book provides an overview of the legal, ethical and professional dimensions of nursing, followed by exploration of key issues in greater depth. This edition features updated legislation and new material on patient safety. Key topics are accompanied by both a legal and an ethical perspective, covering both law and ethics Case examples throughout place concepts in a real-life context Written by experts in the field and includes contributions from leading nurses, lawyers and ethicists Accessible, relevant, and comprehensive, this title is ideal for pre- and post-registration nurses.

The five volumes of this ultimate resource recognize the inherent unity between business ethics and business and society, that stems from their shared primary concern with value in commerce. This Encyclopedia spans the relationships among business, ethics, and society by including more than 800 entries that feature broad coverage of corporate social responsibility, the obligation of companies to various stakeholder groups, the contribution of business to society and culture, and the relationship between organizations and the quality of the environment.

Every industry must confront unethical behavior in the workplace. Whether your students want to pursue careers in business, education, public service, or the military, they will need a solid foundational understanding of ethics and the impact their decisions will have on their organizations and their own lives. Bestselling author, Craig E. Johnson, illustrates the best approaches for developing our ethical competence. Organizational Ethics: A Practical Approach equips students with the knowledge and skills they need to make a positive difference in their workplace. Self-assessments, reflection opportunities, and application projects allow students to practice their ethical reasoning abilities. Each part of the book focuses on a different aspect of ethical organizational behavior, examining ethics at the individual, group, and organizational levels. The revised Fourth Edition includes a new feature titled Contemporary Issues in Organizational Ethics and new case studies on current topics such as fake news, sexual harassment, and cultural appropriation. This book shows how readers can develop their ethical expertise and provides opportunities to practice problem-solving to defend their decisions.

TRY (FREE for 14 days), OR RENT this title: www.wileystudentchoice.com Linda Treviño and Kate Nelson bring together a mix of theory and practice in Managing Business Ethics: Straight Talk about How to Do It Right, 7th Edition. In this new edition, the dynamic author team of Linda Treviño, prolific researcher and Distinguished Professor, and Kate Nelson, Professor and longtime practitioner of strategic organizational communications and human resources, equip students

with the pragmatic knowledge they need to identify and solve ethical dilemmas, understand their own and others' ethical behavior, and promote ethical behavior in their organization. *Managing Business Ethics* is the perfect text to prepare students for a range of roles in the business world--managers across business functions, communications professionals, compliance officers, corporate counsels, human resources managers, and senior executives.

Business Ethics: Managing Corporate Citizenship and Sustainability in the Age of Globalization Oxford University Press, USA

Since its inception, *An Introduction to Business Ethics* by Joseph DesJardins has been a cutting-edge resource for the business ethics course. Desjardins' unique multidisciplinary approach offers critical analysis and integrates the perspective of philosophy with management, law, economics, and public policy, providing a clear, concise, yet reasonably comprehensive introductory survey of the ethical choices available to us in business.

"*Readings In Classical Ethics*" fills the need for an ethics reader that is actually easy to read because it is published in a clear large print. Covering figures from Confucius in the 6th century BC all the way up to Edith Stein in the 20th century AD it is a comprehensive ethics reader. Featuring selections from both Western and Eastern Philosophy, Christianity, Judaism, and Feminism it is a diverse ethics reader. Published by an ethics instructor at a reasonable price ethics students can afford "*Readings In Classical Ethics*" is a great choice for ethics courses or just those with a general interest in the topic (newly revised based upon actual classroom use).

The only philosophically rigorous, free-market analysis of business ethics, *Just Business* shows how maximizing owner value can be fully ethical. Innovative, accessible and global in scope, its powerful Ethical Decision Model can be used to resolve ethical problems of business and corporate governance in all their actual complexity and variety.

"This textbook provides a comprehensive, yet accessible introduction to the ethical issues arising in business" -- Preface.

Delve into the core of ethics today in your course with the latest practical, applied coverage found in Ferrell/Fraedrich/Ferrell's *BUSINESS ETHICS 2009 UPDATE*. Whether you use this book as a supplement or primary text in your undergraduate or graduate course, the accessible, up-to-date approach provides unmatched insights into the complex environment in which contemporary managers make ethical decisions. The book's solid managerial framework and new updates highlight the latest developments in ethics and how they relate to overall ethics concepts, processes, and best practices used throughout successful business ethics programs. Your students see how ethics can play a critical role in key strategic business decisions. Captivating new cases and engaging examples reflect today's most recent business developments and crises. Rather than focusing on intellectual reasoning alone or a philosophical discussion of ideas, the book's proven learning features help students prepare and practice confronting the types of

actual ethical dilemmas they will face in today's business world. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Designing and Managing a Research Project is a concise, easy to read text designed to guide business students through the various aspects of designing and managing research projects. The focus is on research projects that have a solid academic basis, although some implications for more applied projects are also highlighted. It is divided into three main sections, "Laying the Foundations", "Undertaking the Research", and "Communicating the Results", which present a logical flow for the research project. A unique aspect of the book is the inclusion of particular chapters on topics like supervision, group work and ethics, and the focus of the discussion of data analysis (qualitative and quantitative). The authors have applied their years of past experience in supervising student projects, when writing this book to provide some actual examples of problems and practical guidelines.
