No. 1 New York Times bestselling author Debbie Ford's *The Best Year of Your Life* is a call to action to stop pretending that the future will bring you the life of your dreams and to instead start living your dreams in this moment and for the rest of your life. Many of us spend our days thinking, talking and dreaming about what our lives could be like 'if only ...'. We make resolutions, we follow a new diet, we start exercise routines -- we begin working on our lifelong goals and then we give up, get too busy and forget about what's truly important to us. Another year passes by and our dreams remain out of reach. But what if today you discovered that the life you've always wanted is right in front of you, well within your grasp? Are you ready to live it? Debbie Ford not only answers these questions but offers a proven, practical blueprint for making today -- this moment -- the beginning of the best year of your life.

More than 100 million Americans deal with chronic pain every day. And if you're one of them, you've probably tried all the normal "solutions": doctors, injections, medications, and surgeries. While these all have a place in healing, they have fallen short in dealing with the pain epidemic. So what can you do? In *The Tapping Solution for Pain Relief*, Nick Ortner presents a startling alternative. He lays out a step-by-step plan that teaches you how to use tapping, or EFT (emotional freedom techniques), to reduce or eliminate chronic pain. Looking at the scientific research surrounding pain, stress, and tapping, he opens your eyes to just how powerful tapping can be, and then outlines tips and techniques to address pain in both the short and long term. Nick guides you on a journey that begins on the surface--tapping to address the pain itself--and moves to the deeper issues that often affect pain. With easy-to-follow tapping scripts and exercises, Nick helps you heal the emotional pain and underlying beliefs that often keep people stuck. He also addresses topics that you may not think of as associated with chronic pain, such as:

- Creating personal boundaries
- Dealing with toxic relationships
- Clearing resistance to change
- Understanding the power of a diagnosis
- Working through anger

There are many ways the brain and body can create, increase, and prolong pain. After reading this book, you'll not only understand what's causing your pain but also how to achieve complete and lasting relief. But let's face it; this is about more than just pain relief. It's about empowering yourself to take back your body in order to live the life you want.

Kathy was an overachiever--an economist, technical writer, and classical singer married 27 years to her college sweetheart. It looked like Kathy was fine. But deep within her hid a pain from infancy so severe that a cascade of adult life crises finally triggered it. And once it exploded, the pain was unbearable. Kathy was suffering attachment disorder, a psychological condition potentially affecting almost half the US population. Caused by traumatic stress in the first three years of life, attachment disorder correlates with the nation's 50 percent divorce rate and widespread mental health issues. Yet no one talks about its prevalence, so many sufferers go untreated, forced to live with their pain in silence--without a hint of its cause. This was certainly true for Kathy. But when her initial forays into psychiatric help failed, Kathy decided to treat herself. It was a mistake that almost cost her life. Told with candor and quirky, ironic humor, *Don't Try This Alone* will resonate with anyone suffering attachment damage. It knows no boundaries; it strikes those who believe they had wonderful childhoods as well as the obviously abused. Yet there's hope! Kathy's story also shows: help and healing are out there.

Dealing with grades, bullying, friendships, parents, crushes . . . it's enough to make any teenage girl wish she could snap her fingers and make it all go away. The good news is, you almost can--except it's not "snapping" but "tapping"! Formally known as Emotional Freedom Techniques (EFT), this revolutionary practice can help you reduce your feelings of anxiety and overwhelm, boost your confidence, and unpack the "stress backpack" you may not even know you're carrying. In *The Tapping Solution for Teenage Girls*, expert EFT practitioner Christine Wheeler explains the basics of the technique (it actually involves tapping, with your fingers, on energy points on your own body, and you can do it anywhere, anytime). Then she gives you simple yet powerful instructions for tapping on common challenges such as:

- Schoolwork, tests, grades, and planning for college
- Appearance and body image
- Dating, breakups, and dealing with sexual feelings
- Divorce, siblings, and blended families

Throughout the book, comments from 16-year-old Cassidy, the author's teen consultant, keep it real with helpful perspectives on how this tapping thing works--and it does work! In these pages, you'll discover that a super effective tool for dealing with stress is literally at your fingertips. If you're ready to be true to yourself, stop freaking out, and keep being awesome, *The Tapping Solution for Teenage Girls* is the perfect solution for you!

Now there is a simple, effective, noninvasive, and drug-free way to use your body's own healing mechanisms to overcome physical and emotional pain. Emotional Freedom Technique (EFT) and tapping consist of activating energy points along one's body in much the same way acupuncture relieves pain--except without the needles! Energy blockages are cleared quickly and effectively, allowing for healing and a sense of overall well-being. It is a safe and easy way to relieve stress, anxiety, and depression and to control weight gain and physical pain. With *EFT and Tapping for Beginners*:

- Practice the basic tapping sequences using helpful illustrations that show you the exact energy points to activate on your head, hands, and torso.
- Learn how to focus your thoughts and tapping goals with freewriting and journaling.
- Begin experiencing relief from stress and everyday anxieties.
- Use tapping to help manage the root causes of weight gain and the physical symptoms associated with diabetes, high blood pressure, persistent pain, and more.

New York Times bestseller and beloved guide, revised and updated with up-to-the minute scientific and spiritual insight, teaches readers how to listen to their bodies and assess all areas of their lives--relational, psychological, creative, environmental, professional--to understand what they need for health. "What a pleasure it is to see the next generation of physicians waking up to what I call real medicine--the kind that acknowledges our true power to heal and be well." - Christiane Northrup, M.D., OB/GYN physician and author of the New York Times bestsellers: Women's Bodies, Women's Wisdom and The Wisdom of Menopause When Mind Over Medicine was first published, it broke new ground in the fertile region where science and spirituality intersect. Through the process of restoring her own health, Dr. Lissa Rankin discovered that the conventional health care she had been taught to practice was missing something crucial: a recognition of the body's innate ability to self-repair and an appreciation for how we can control these self-healing mechanisms with the power of our own consciousness. To better understand this phenomenon, she explored peer-reviewed medical literature and found evidence that the medical establishment had been proving that the body can heal itself for over 50 years. She shared her findings and laid out a practical plan for readers to heal themselves in this profoundly wise book--a New York Times bestseller and now a classic guide for people who are on a healing journey from illness, injury, or trauma. In the years since then, Dr. Rankin has deepened her exploration of the world's healing tradition and her understanding of the healing power we hold within ourselves--if only we can tap into it. This revised edition of Mind Over Medicine reflects her latest research, evolving wisdom, and work with clients and students in her healing community, as well as with doctors and other healers in her Whole Health Medicine Institute. Inside, readers will discover: • A thorough update of Dr. Rankin's signature Six Steps to Healing Yourself • New insight into how unresolved trauma can stand in the way of healing from chronic and life-threatening illnesses--and powerful tools we can use to heal it • How to tune in to our Inner Pilot Light for intuitive guidance in our healing And much more "The healing that is possible may be right here," Dr. Rankin writes, "closer than close, underneath all your efforting and striving, available if you are ready to humble yourself before this possibility and receive what awaits you."

Raising children is life's greatest gift and accomplishment, but it can also come with an overwhelming amount of stressors, anxiety and self-doubt. Am I modeling the type of person I want my child to become? Am I doing enough to prepare my child to strive in an ever-changing world? Are my children happy and confident in themselves? In The Tapping Solution for Parents, Children & Teenagers, Nick Ortner encourages readers to first take a look at their own stressors and worry as parents, reminding readers that self-care is vital to helping others. In the first section of the book, parents are guided on using the revolutionary technique known as EFT (Emotional Freedom Techniques) Tapping to release parental overwhelm, quiet worry, manage conflict and transform their experience of parenthood. In the second section, Nick explores specific uses for Tapping with children, ranging from releasing negative emotions like anger, fear and phobias, sadness, grief, guilt, and shame, to overcoming specific challenges such as anxiety disorders, sleep, nightmares, performance anxiety, bullying, school jitters, divorce and much more. Through the use of diagrams, links to videos, and Tapping tips, The Tapping Solution for Parents, Children & Teenagers is an easy-to-use resource to solve everyday issues taking place in our homes.

Nick Ortner, founder of the Tapping World Summit and best-selling filmmaker of The Tapping Solution, is at the forefront of a new healing movement. In his upcoming book, The Tapping Solution, he gives readers everything they need to

successfully start using the powerful practice of tapping – or Emotional Freedom Techniques (EFT). Tapping is one of the fastest and easiest ways to address both the emotional and physical problems that tend to hamper our lives. Using the energy meridians of the body, practitioners tap on specific points while focusing on particular negative emotions or physical sensations. The tapping helps calm the nervous system to restore the balance of energy in the body, and in turn rewire the brain to respond in healthy ways. This kind of conditioning can help rid practitioners of everything from chronic pain to phobias to addictions. Because of tapping's proven success in healing such a variety of problems, Ortner recommends to try it on any challenging issue. In *The Tapping Solution*, Ortner describes not only the history and science of tapping but also the practical applications. In a friendly voice, he lays out easy-to-use practices, diagrams, and worksheets that will teach readers, step-by-step, how to tap on a variety of issues. With chapters covering everything from the alleviation of pain to the encouragement of weight loss to fostering better relationships, Ortner opens readers' eyes to just how powerful this practice can be. Throughout the book, readers will see real-life stories of healing ranging from easing the pain of fibromyalgia to overcoming a fear of flying. The simple strategies Ortner outlines will help readers release their fears and clear the limiting beliefs that hold them back from creating the life they want.

As Sonia says, "These aren't just metaphysical theories, but are tried-and-true, grounded practices that will lead you directly back to you: the best, holiest, most delightful and delighted you, free of fear and filled with light."
